246.713 DISCLOSURE OF POSITIVE BLOOD-BORNE PATHOGEN TEST RESULTS.

If the conditions of sections 246.711 and 246.712 are met, the state-operated treatment program shall ask the patient if the patient has ever had a positive test for a blood-borne pathogen. The state-operated treatment program must attempt to get existing test results under this section before taking any steps to obtain a blood sample or to test for blood-borne pathogens. The state-operated treatment program shall disclose the patient's blood-borne pathogen test results to the employee without the patient's name or other uniquely identifying information.

History: *2000 c 422 s 43; 2024 c 108 art 5 s 7*
