508A.32 UNDER CONTROL OF COURT; AFFIXING SEAL.

The registrar of titles shall be at all times under the control of the district court, which may adopt rules governing the conduct of office as it may deem wise. Every registrar of titles shall have an official seal and affix it to all documents requiring the registrar's official signature. Provided, however, that instead of affixing the registrar's official seal to CPTs, the registrar may use a printed facsimile of it at all points in the CPT where the official seal is required.
