In the creation of said district due consideration shall be given to important shipping centers. Said commissioner, with the advice of the chief oil inspector, is hereby authorized to appoint when necessary one deputy for each inspection district so established. He shall take such measures as he deems necessary to prevent duplication of effort by inspectors under his control and to effect economy in the administration of the inspection laws, and to that end he shall detail dairy and food inspectors to perform the duties of deputy oil inspectors as far as practicable. The deputy inspectors shall receive compensation on a graded scale based upon their qualifications and the volume of work they perform; such salaries not to be less than seventy-five dollars per month, nor to exceed eighteen hundred dollars per annum; and they shall be reimbursed for all expenses necessarily incurred by them in the performance of their official duties; such salaries to be determined by the dairy and food commissioner upon the advice of the chief oil inspector. Provided, however, that in making appointment of such deputy oil inspectors, preference shall be given to applicants whose names appear upon the list

of eligibles referred to in said section 3638 who are residents of the inspection district for which they make application for appointment. ('19, c. 520, § 5; amended '21, c. 482, § 3)
