The term "municipality," as used in sections 471.26 to 471.33 shall include any city, village, town, or borough however organized.

[1937 c. 287 s. 2] (1933-69)

**471.28 MUNICIPAL PLANNING.** Subdivision 1. **May lay out streets.** The governing body of any such municipality may provide for the future laying out of streets outside of platted territory and extending across unplatted territory within the corporate limits of such municipality. When it is thus desired to extend or reserve any lands for streets or other public use which are not yet dedicated to public use by platting or otherwise, or to provide for the future widening and improvement of an existing street or highway, the council shall direct the engineer of the municipality or other competent person to prepare a map of such platted or unplatted district indicating the proposed future extension or widening of existing streets of the municipality within such existing platted and developed territory or across such unplatted territory upon such map. After such map has been prepared and filed with the governing body of the municipality, it shall be adopted and published as the official map of that portion of the municipality. No such map shall be adopted or have any effect until approved by resolution duly adopted by the governing body of the municipality after a public hearing held at least ten days after a public notice thereof is given in a legal newspaper published in that municipality.

Subd. 2. **Adoption of map.** After such map has been filed with the register of deeds as provided in section 471.323, whenever any street or highway is widened or improved or any new street is opened, or lands for other public purpose are acquired by action of the municipality, it shall not be required in such proceedings to pay for any building or structure placed without a permit or in violation of conditions of a permit after the filing of such map within the limits of the mapped street or outside of any building line that may have been established upon the existing street or within any area thus reserved for public purposes. If a permit for a building in such location is denied, the board of zoning appeals or, if there is none, a special board of appeals which may be created for the purpose, by the governing body, shall have the power, upon an appeal filed with it by the owner of any such land, to grant a permit for a building in such location in any case in which the board finds, upon the evidence and the arguments presented to it upon such appeal (a) that the entire property of the appellant, of which such reserved street location forms a part, can not yield a reasonable return to the owner unless such permit is granted, and (b) that, balancing the interest of the municipality in preserving the integrity of the official map and of the municipal plan and the interest of the owner of the property in the use of his property and in the benefits of the ownership thereof, the grant of such permit is required by considerations of reasonable justice and equity. Before taking any such action the board of appeals shall give a hearing at which the parties in interest shall have an opportunity to be heard. At least 15 days' notice of the time and place of such hearing shall be given to the appellant by mail at the address specified by the appellant in his appeal petition and shall be published in a legal newspaper published in the municipality. If the board of appeals grants a building permit in any such appeal, it shall specify the exact location, ground area, height, and other details as to the extent and character of the building for which the permit is granted. The adoption of the map shall not give the municipality any right or interest in such unplatted streets or other reserved areas except the right to secure the streets or lands indicated by the usual methods, but without the payment of compensation for any such improvement constructed without a permit or in violation of conditions of a permit upon the bed

of the mapped street thereafter or outside of the established building line or within the reserved areas as herein provided.

[1937 c. 287 s. 3; 1945 c. 287 s. 1] (1933-70)

**471.29 TO APPROVE PLATS.** Subdivision 1. **Approval by resolution.** The governing body of any municipality is authorized by resolution to approve all plats of land hereafter proposed within that municipality. Any city, village, or borough is also authorized by resolution to approve such plats of land located within two miles of its limits in any direction and not in a town which has elected to require the approval of plats under this act, provided that where two or more municipalities have contiguous territory or are situated with their boundaries less than four miles apart, each shall have control of the platting of land equidistant from its boundaries within this two-mile radius. After the adoption of platting regulations consistent with a city plan adopted pursuant to the provisions of sections 471.26 to 471.33, approval may be denied if the proposed plat fails to conform to the plan or with any reasonable regulation of the municipality applicable thereto. No plat shall be filed or accepted for filing unless it is accompanied by a certified copy of the resolution approving it or accepting it as being in accord and conformity with any plans or regulations as herein specified. A copy of this resolution shall be supplied to the applicant.

Subd. 2. **Description in conveyance.** In any municipality in which such platting regulations are in force, no conveyance of land in which the land conveyed is described by metes and bounds or by reference to a plat made after such regulations become effective which is not approved as provided in subdivision 1 shall be made or recorded if the parcel described in the conveyance is less than two and one-half acres in area and 150 feet in width unless such parcel is a separate parcel of record at the time of the adoption of Laws 1945, Chapter 287, or of the adoption of platting regulations under Laws 1945, Chapter 287, whichever is the later, or unless an agreement to convey such smaller parcel has been entered into prior to such time and the instrument showing the agreement to convey is recorded in the office of the register of deeds within one year thereafter. In any case in which compliance with the foregoing provision will involve an unnecessary hardship and failure to comply does not interfere with the purpose of such platting regulations, the governing body may waive such compliance by adoption of a resolution to that effect with the consent of the planning commission, if there is one, and the conveyance may then be recorded. Any owner or agent of the owner of land who conveys a lot or parcel in violation of the foregoing provision shall forfeit and pay to the municipality a penalty of not less than \$100 for each lot or parcel so conveyed. A municipality may enjoin such conveyance by action for injunction or may recover such penalty by a civil action in any court of competent jurisdiction.

Subd. 3. **Published notice.** When a copy of any plat is filed with a municipality for approval, published notice shall be given of a public hearing to be held within 30 days thereafter, in a newspaper published in that municipality or in the county if there is no newspaper published in the municipality. At such hearing all persons interested therein may be heard and the council may thereafter approve or disapprove the plat. Such approval or disapproval shall be given not more than 60 days after the filing of any plat with a formal request for its approval. The grounds for any refusal to approve a plat shall be set forth in the proceedings of the council and reported to the person or persons applying for such approval.
