Upon the filing of said petition in the office of the county auditor of said county the board of county commissioners thereof shall, at their next meeting thereafter, fix a time and place for the hearing of such petition, which time shall be not less than 30 days thereafter, and shall direct a notice of such hearing to be issued and signed by the county auditor of said county on behalf of such board, which said notice shall state the name of such petitioner, describe the tract of land sought to be detached and the time and place of such hearing, which said notice said petitioner shall cause to be served upon the president of the village council of said village, or the recorder thereof, at least twenty days before the day of hearing, and by posting three copies of such notice on three of the most public places in said village, or in lieu of such posting, said notice shall be published in the official paper of such village for two successive weeks, once in each week, in case there shall be a legal newspaper printed and published in said village. Upon the hearing of said petition at the time and place so fixed, if the board of county commissioners shall find that said land is owned by the petitioner and is used solely for agricultural purposes and that the same may be so detached from said village without unreasonably affecting the symmetry of the settled portion thereof, and that the same is so conditioned as not properly to be subjected to village government or is not necessary for the reasonable exercise of the police powers or other powers or functions of such village, such board of county commissioners shall make an order detaching such land from said village and thereupon said tract of land shall become detached therefrom, and shall thereafter form a part of the township in which it was originally situated, if such village were organized prior to the time when the territory of Minnesota became a state and before the organization of the township in which such land was originally situated, the land so detached shall become a part of the township adjoining thereto, and if such land adjoin two or more townships the county board shall decide to which of such adjoining town or townships such detached tract or tracts shall be attached and shall in all things be subject to the town government of such township, and not in any manner under their jurisdiction of such village, and such order shall be filed in the office of the county auditor of such county and a duplicate thereof shall be filed in the office of the village recorder of such village within five days after the same shall have been made.

2. Villages having a population of more than 350 and less than 700 persons and containing more than 320 acres of land.
3. Villages having a population of more than 700 persons and containing more than 640 acres of land.

Any person or party aggrieved may appeal from such order to the district court of the county upon the following grounds:

1. That the county board had no jurisdiction to act.

2. That it has exceeded its jurisdiction.

The appellant shall also execute and deliver to the auditor a bond to the county in the sum of one hundred dollars, to be approved by the county auditor, conditioned for the payments of all costs, taxed against the appellant on such appeal. (Act Apr. 10, 1933, c. 211, §2.)

**1225-12 ½ b. Not to create additional indebtedness.**—Whenever from and after January 1, 1934, the expenses and obligations incurred chargeable to any particular fund of such village in any calendar year are sufficient to absorb 90% of the entire amount of the tax levy for such fund payable in that year, including such amount as may remain in the fund from the levy of the prior year or years, neither the village council nor any officer, board or employee of such village shall have power and no power shall exist to create any additional indebtedness (save as the remaining 10% of such tax levy is collected) which shall be a charge against that particular fund or shall be in any manner a valid claim against such village; but such additional indebtedness, if attempted to be created, shall be a personal claim against the officer or members of the municipal board voting for or attempting to create the same; and in no event shall the village council or any officer, board or employee of the village have the power and no power shall exist to create any indebtedness which shall be a charge against the village in excess of the local income and the tax levy payable in that year for the use of a particular department, board or official body, less the amount required to be paid each year therefrom on bonds herein authorized and interest accruing thereon. At any time after the annual tax levy has been certified to the county auditor and not earlier than October 10 in any year, the governing body of such village may, for the purpose of meeting the obligations of the ensuing year, by resolution issue and sell as many certificates of indebtedness as may be needed in anticipation of the collection of the taxes so levied for any fund named in said tax levy, for the purpose of raising money for such fund. No certificate shall be issued and outstanding for any separate fund exceeding 50% of the amount named in the tax levy for that fund as spread by the county auditor, and in no event exceeding the uncollected portion of said levy. No certificate shall be issued or become due and payable later than December 31 of the year succeeding the year in which such tax levy, certified to the county auditor as aforesaid, was made. Such certificate shall not be sold for less than par and accrued interest and shall not bear a greater rate of interest than six per cent per annum. Each certificate shall state upon its face for which funds proceeds of the certificate shall be used, the total amount of the certificates issued and outstanding against such fund, and the whole amount embraced in the tax levy for that particular purpose. They shall be numbered consecutively and be in denominations of \$25 or multiples thereof and may have interest coupons attached, and shall be otherwise of such terms and form and be made payable at such place as will best aid in their negotiation. The certificates of indebtedness issued hereunder shall be negotiable instruments. The proceeds of the tax assessed and collected as aforesaid on account of such fund, and the full faith and credit of such village shall be irrevocably pledged for the redemption of the certificates so issued. Such certificates shall be paid from the moneys derived from the levy against which such certificates were issued, or if they be not sufficient for such purpose, from other funds of the village. The money derived from the sale of such certificates shall be credited to such fund or funds for the calendar year immediately succeeding the making of such levy and shall not be used or spent except during such succeeding year. No certificates for any year shall be issued until all certificates for prior years have been paid, nor shall any certificate be extended; pro-

vided that money derived from the sale of certificates for any one year may, if necessary, be used to redeem unpaid certificates issued in a prior year. (Act Apr. 10, 1933, c. 211, §3.)

**1225-12½c. May issue and sell tax levy certificates.**—In the event the village is unable to sell such certificates of indebtedness in the manner prescribed, it may issue said certificates of indebtedness to the village treasurer or his order and deposit the same with him. Certificates so issued shall be held by the treasurer until they may be sold and shall bear interest at six per cent per annum. The village may thereupon, as long as such certificates are on deposit with the treasurer, issue warrants upon the funds against which such certificates were issued, the total principal amount of such warrants not to exceed the total principal amount of the certificates so held by the treasurer. Such warrants shall bear interest at six per cent per annum from and after the date they are presented to the treasurer and stamped "Not paid for want of funds, but protected by certificates of indebtedness now held by me." Such certificates may be sold by the village council and the proceeds of such sale shall be used to take up such warrants in the order presented for payment. Interest upon such warrants shall stop upon the date they are called by the treasurer for payment. Such certificates of indebtedness so held by the treasurer shall be paid at the same time and in the same manner as if they had been issued to a purchaser thereof. All warrants attempted to be issued and all obligations or indebtedness attempted to be incurred under authority of this section in excess of the principal amount of the certificates of indebtedness so held by such treasurer shall be void. (Act Apr. 10, 1933, c. 211, §4.)

**1225-12½d. To be on cash basis after January 1, 1934.**—From and after January 1, 1934, such village shall be deemed for all purposes to be on a cash basis and shall thereafter remain on a cash basis. All taxes levied in 1933 shall be considered as the tax revenue for the year 1934, and thereafter in any such village taxes shall be levied as now provided by law, but for the succeeding year. (Act Apr. 10, 1933, c. 5, §5.)

**1225-12½e. May issue bonds to pay floating indebtedness.**—If any such village prior to January 1, 1933, has incurred by proper authority a valid indebtedness, excluding bonds, in excess of its cash on hand not specifically set aside for the retirement of bonds and interest thereon, such village may for the purpose only of paying and discharging such valid indebtedness and interest thereon, issue its bonds in the manner now provided by law, except that such bonds may be issued on a vote of the village council without a vote of the electors; provided that the purchaser of such bonds shall not be charged with notice of the invalidity of any indebtedness funded by such bonds, and bonds issued hereunder in the total amount of such indebtedness as determined by the resolution of the village council, in the hands of any purchaser, shall be valid obligations of the village, notwithstanding any claim of invalidity of any such indebtedness funded thereby. If any moneys received from taxes levied in 1932 and payable in 1933, or income from local sources received since January 1, 1933, have been used prior to the issuance of bonds authorized by this Act for the retirement of indebtedness existing January 1, 1933, or interest thereon, such bond issue may include the amount of such payments for the purpose of reimbursing the funds from which such moneys were paid. (Act Apr. 10, 1933, c. 211, §6.)

**1225-12½f. Tax levy.**—The village council of any village issuing bonds pursuant to the authority of this Act shall, at the time of the issuance thereof, by resolution, provide for a levy for each year until the principal and interest are paid in full, of a direct annual tax in an amount sufficient to pay the principal and interest thereon when and as such principal and interest become due. Such tax levy shall be irrevocable

until all of such bonds are paid. Such annual tax for the payment of such bonds shall be derived from two sources: (a) 40% of the amount necessary to pay said bonds and interest and no more shall be levied as a special tax in excess of the per capita limitations of Laws 1929, Chapter 206, but within the limitations of Laws 1921, Chapter 417; and (b) at least 60% of the amount necessary to pay said bonds and interest shall be raised and obtained from the annual tax levy made by said village within the per capita limitations of Laws 1929, Chapter 206, for general corporation, library, water, light, power and building commission purposes, in such proportion as may be determined by the village council. (Act Apr. 10, 1933, c. 211, §7.)

**1225-12½g. Disposition of bonds.**—Such bonds may be issued and sold to the State of Minnesota pursuant to existing laws at the time of the issuance thereof (except as herein modified), or to private purchasers, or to both, or exchange for outstanding orders at par with accrued interest. (Act Apr. 10, 1933, c. 211, §8.)

**1225-12½h. Limitation of expenditures.**—No department, board or commission of such village shall during any year contract any indebtedness or incur any pecuniary liability which shall be in excess of the sum that may be levied and collected for said department, board or commission or allotted to it for said year by the village council, plus local income accruing to such department, board or commission. A record of expenditures of the village shall be presented to and examined at a regular meeting of the village council once each month and shall show the true condition of the affairs of the village at the date of such meeting. (Act Apr. 10, 1933, c. 211, §9.)

**1225-12½i. District Court may limit expenditures.**—If at any time during any year a village operating hereunder is incurring obligations at a rate or upon a scale which would make it probable, if such rate or scale be continued, after allowing for variations in seasonal requirements, that the total expenditures for said year would exceed the moneys to be received therein, after allowance for probable tax delinquencies, the District Court, in an action brought by any taxpayer, may require such village to limit its expenditures to a rate and scale which will assure that the total obligations incurred in such year will not exceed the moneys available therein. (Act Apr. 10, 1933, c. 211, §10.)

**1225-12½j. Contracts in violation of Act to be null and void.**—Each contract attempted to be entered into, or indebtedness or pecuniary liability attempted to be incurred in violation of the provisions of this Act, shall be null and void in regard to any obligations thereby sought to be imposed upon the village, and no claim therefor shall be allowed by the council of the village nor any board thereof; nor shall the clerk or recorder of such village or any other officer or employee issue or execute, nor shall the village treasurer pay any check, warrant or certificate of indebtedness issued on account thereof. Each member of the village council and each other village officer or employee participating in or authorizing any violation of this Act shall be individually liable to the village or to any other person for any damages caused thereby. Each member of the village council or any board of such village present at a meeting of the board or council when any action is taken with reference to paying money or incurring indebtedness or entering into any contract in violation of the provisions of this Act, shall be deemed to have participated in and authorized the same unless he shall have caused his dissent therefrom to be entered upon the minutes of the meeting. (Act Apr. 10, 1933, c. 211, §11.)

**1225-12½k. Change in population not to affect status.**—When a village has once come under the provisions of this Act, it shall continue under its provisions notwithstanding any subsequent change in

assessed valuation or population. (Act Apr. 10, 1933, c. 211, §12.)

**1225-12½l.** May be continued for one year in certain cases.—The funding of the indebtedness of the village is necessary to the functioning of this law and if any such village shall find it impossible to sell bonds herein provided for prior to January 1, 1934, but can sell such bonds during the year 1934, the operation of this Act shall be postponed for one year. In that event the indebtedness authorized to be funded hereunder shall be the valid indebtedness, excluding bonds, in excess of cash on hand not specifically set aside for the retirement of bonds and interest thereon, incurred prior to January 1, 1934, and the provisions of Sections 2, 3, 4, 5, 7, 8, 9, 10 and 11 shall not take effect until and after January 1, 1935. (Act Apr. 10, 1933, c. 211, §13.)

**1225-12½m.** Provisions separable.—If any provision hereof is found unconstitutional, such determination shall not affect the validity of the remaining provisions not clearly dependent thereon. (Act Apr. 10, 1933, c. 211, §14.)

**1225-13.** Villages may not issue orders without funds.—That from and after January 1, 1932, no village now or hereafter having a population of more than 600 inhabitants, and less than 900 inhabitants, and an assessed valuation of more than \$1,000,000 and less than \$1,500,000, shall draw any order or warrant on any fund until there is sufficient money in such fund to pay the same, together with all orders previously issued against said fund. (Act Apr. 20, 1931, c. 277, §1.)

**1225-14.** Shall not incur indebtedness.—Whenever from and after January 1, 1932, the expense and obligations incurred chargeable to any particular fund of such village in any calendar year are sufficient to absorb 85 per cent of the entire amount of the tax levy, payable in that year, including such amount as may remain in the fund from the levy of any prior year or years, no officer, board or official body of such village shall have the power and no power shall exist to create any additional indebtedness (save as the remaining 15 per cent of said tax levy is collected) which shall be a charge against that particular fund, or shall be in any manner a valid claim against such village, but such additional indebtedness attempted to be created shall be a personal claim against the officer or members of the municipal board or body voting for or attempting to create the same; and in no event shall any officer, board or official body of such village have the power, and no power shall exist, to create any indebtedness which shall be a charge against the village, in excess of the tax levy payable in that year for the use of the particular department, board or official body, less the amount required to be paid each year therefrom on bonds herein authorized and interest accruing thereon. (Act Apr. 20, 1931, c. 277, §2.)

**1225-15.** May issue certificates.—At any time after the annual tax levy has been certified to the county auditor, but not earlier than October 10th of the year preceding the year for which the tax levy is made, the governing body of such village may, by resolution, issue and sell as many certificates of indebtedness as may be needed in anticipation of the collection of taxes levied for any fund named in the tax levy for the purpose of raising money for any such fund, but the certificates outstanding for any of such separate funds shall not at any time exceed 50 per cent of the amount of taxes previously levied for such fund remaining uncollected, and no certificate shall be issued to become due and payable later than December 31st of the year succeeding the year in which said tax levy certified to the county auditor as aforesaid, was made, and said certificates shall not be sold for less than par and accrued interest and shall not bear a greater rate of interest than six per cent per annum. Each certificate shall state upon its face for which fund the proceeds of said certificates

shall be used, the total amount of said certificates so issued, and the whole amount embraced in said tax levy for that particular purpose. They shall be numbered consecutively and be in the denominations of \$100.00, or a multiple thereof, and may have interest coupons attached and shall be otherwise of such form and terms and may be made payable at such place as will best aid in their negotiations, and the proceeds of the tax assessed and collected, as aforesaid, on account of said fund, and the faith and credit of such village shall be irrevocably pledged for the redemption of the certificates so issued. Such certificates shall be paid from the moneys derived from the levy for the year against which such certificates were issued, except as herein provided. The money derived from the sale of said certificates shall be credited to such fund or funds for the calendar year immediately succeeding the making of such levy and shall not be used or spent until such succeeding year. No certificates for any year shall be issued until all certificates for prior years have been paid, nor shall any certificate be extended; provided, that money derived from the sale of certificates for any one year may, if necessary, be used to redeem unpaid certificates issued in a prior year. (Act Apr. 20, 1931, c. 277, §3.)

**1225-16.** Revenues for 1931.—All taxes levied in 1930 shall be considered as the tax revenues for the year 1931, provided the outstanding indebtedness is funded and paid by the issuance of bonds as herein authorized, and thereafter in any such village, taxes shall be levied as now provided by law not later than October of each year, but for the succeeding year. (Act Apr. 20, 1931, c. 277, §4.)

**1225-17.** May issue bonds.—If any such village prior to January 1, 1931, has incurred by proper authority a valid indebtedness, excluding bonds, in excess of its cash on hand, such village may, for the purpose only of paying and discharging such valid indebtedness (except bonds) and interest thereon, issue its bonds in the manner now provided by law, except that such bonds may be issued on a vote of the council thereof, without a vote of the electors; provided that if any moneys received from taxes levied in 1930 and payable in 1931, or income from local sources received since January 1, 1931, have been used prior to the issuance of bonds authorized by this Act for the retirement of indebtedness existing January 1, 1931, and interest thereon, such bond issue may include the amount of such payments for the purpose of reimbursing the funds from which such moneys were so paid; and provided further, that such bond issue may also include the amount of attorneys' fees and incidental expenses reasonably incurred in connection with placing such village on a cash basis and the issuance of such refunding bonds. (Act Apr. 20, 1931, c. 277, §5.)

**1225-18.** Tax levy to pay bonds.—The village council of any village issuing bonds pursuant to the authority of this Act shall, before the issuance thereof, by a resolution, provide for a levy for each year until the principal and interest are paid in full, or a direct annual tax in an amount sufficient to pay the principal and interest thereon when and as such principal and interest become due. Such tax levy shall be irrevocable until all of such bonds are paid. Said annual tax for the payment of said bonds and interest shall be derived from two sources: (1) 57 per cent of the amount necessary to pay said bonds and interest, and no more, shall be levied as a special tax in addition to the annual tax levy for general corporation purposes, water, light, power and building commission purposes, and library purposes for each year, and other special taxes which may be levied annually as provided by law; and (2) 43 per cent of the amount necessary to pay said bonds and interest shall be raised and obtained from each of the annual tax levies made by said village for general corporation purposes, water, light, power and building commission

purposes, and library purposes for each year until all of said bonds are paid, in the same ratio as the tax levy for paying 43 per cent of the bonds and interest payable in any one year bears to the total annual maximum tax levy that could be made for general corporation purposes, water, light, power and building commission purposes, and library purposes for said year. (Act Apr. 20, 1931, c. 277, §6.)

**1225-19. Boards or commissions may not incur indebtedness.**—Whenever any department, board or commission of such village has the power to expend money such department, board or commission shall not during any year contract any indebtedness, or incur any pecuniary liability, which shall be in excess of the sum that may be allotted to its department for said year by the village council. The village council shall by resolution, prior to February 1st, each year, set aside for each such department, board or commission, such sum as it deems necessary and adequate for the proper operation thereof, subject, however, to amendments of such resolution thereafter as necessity may require. (Act Apr. 20, 1931, c. 277, §7.)

**1225-20. Recorder to keep record.**—The village recorder shall keep a record showing accurately the amount allotted to each board or governing body for the calendar year, and the amounts incurred and expended from time to time by the village council and each department of such village. A record of expenditures for the village council and all its departments shall be presented to and examined at a regular meeting once each month by the village council and shall show the true condition of affairs at the date of such meeting. (Act Apr. 20, 1931, c. 277, §8.)

**1225-21. Federal census to govern.**—For the purpose of this Act, the last federal census of population taken prior to the calendar year in which any levy may be made shall govern and shall be conclusive in determining hereunder the population of any such village. (Act Apr. 20, 1931, c. 277, §9.)

**1225-22. Application of act.**—When a village has once come under the provisions of this Act, it shall continue under its provisions, notwithstanding any subsequent change in assessed valuation or population. (Act Apr. 20, 1931, c. 277, §10.)

**1225-23. Provisions separable.**—If any section, part or provision hereof be found unconstitutional such determination shall not affect the validity of the remaining provisions not clearly dependent thereon. (Act Apr. 20, 1931, c. 277, §11.)

**1225-24. Inconsistent acts repealed.**—This act shall take effect and be in force from and after its passage and all acts and parts of acts inconsistent herewith are hereby repealed and declared of no effect insofar as they may be inconsistent with this Act. (Act Apr. 20, 1931, c. 277, §12.)

**1225-24 ½. Application.**—This Act shall apply to all villages in the state which have a population of more than 1300 and less than 1500, and an assessed valuation of taxable property (exclusive of moneys and credits) of more than \$3,000,000 and less than \$4,000,000, more than 70% of which assessed valuation consists of iron ore. For the purposes of this Act the population shall be determined by the last federal census taken prior to the passage hereof, and the valuation shall be that used as a basis for spreading the 1932 taxes. (Act Apr. 15, 1933, c. 275, §1.)

**1225-24 ½ a. Villages to be on cash basis.**—From and after January 1, 1934, no such village shall draw or issue any order or warrant on any fund until there is sufficient money in such fund to pay the same, together with all warrants and orders previously issued against such fund. (Act Apr. 15, 1933, c. 275, §2.)

**1225-24 ½ b. May not create indebtedness—sale of certificates.**—Whenever from and after January 1, 1934, the expenses and obligations incurred chargeable to any particular fund of such village in any calendar year are sufficient to absorb 90% of the entire amount of the tax levy for such fund payable in that

year, including such amount as may remain in the fund from the levy of the prior year or years, neither the village council nor any officer, board or employee of such village shall have power and no power shall exist to create any additional indebtedness (save as the remaining 10% of such tax levy is collected) which shall be a charge against that particular fund or shall be in any manner a valid claim against such village; but such additional indebtedness, if attempted to be created, shall be a personal claim against the officer or members of the municipal board voting for or attempting to create the same; and in no event shall the village council or any officer, board or employee of the village have the power and no power shall exist to create any indebtedness which shall be a charge against the village in excess of the local income and the tax levy payable in that year for the use of a particular department, board or official body, less the amount required to be paid each year therefrom on bonds here-in authorized and interest accruing thereon. At any time after the annual tax levy has been certified to the county auditor and not earlier than October 10 in any year, the governing body of such village may, for the purpose of meeting the obligations of the ensuing year, by resolution issue and sell as many certificates of indebtedness as may be needed in anticipation of the collection of the taxes so levied for any fund named in said tax levy, for the purpose of raising money for such fund. No certificates shall be issued and outstanding for any separate fund exceeding 50% of the amount named in the tax levy for that fund as spread by the county auditor, and in no event exceeding the uncollected portion of said levy. No certificates shall be issued or become due and payable later than December 31 of the year succeeding the year in which such tax levy, certified to the county auditor as aforesaid, was made. Such certificates shall not be sold for less than par and accrued interest and shall not bear a greater rate of interest than 6 per cent per annum. Each certificate shall state upon its face for which funds proceeds of the certificate shall be used, the total amount of the certificates issued and outstanding against such fund, and the whole amount embraced in the tax levy for that particular purpose. They shall be numbered consecutively and be in denominations of \$25 or multiples thereof and may have interest coupons attached, and shall be otherwise of such terms and form and be made payable at such place as will best aid in their negotiation. The certificates of indebtedness issued hereunder shall be negotiable instruments. The proceeds of the tax assessed and collected as aforesaid on account of such fund, and the full faith and credit of such village shall be irrevocably pledged for the redemption of the certificates so issued. Such certificates shall be paid from the moneys derived from the levy against which such certificates were issued, or if they be not sufficient for such purpose, from other funds of the village. The money derived from the sale of such certificates shall be credited to such fund or funds for the calendar year immediately succeeding the making of such levy and shall not be used or spent except during such succeeding year. No certificates for any year shall be issued until all certificates for prior years have been paid, nor shall any certificate be extended; provided that money derived from the sale of certificates for any one year may, if necessary, be used to redeem unpaid certificates issued in a prior year. (Act Apr. 15, 1933, c. 275, §3.)

**1225-24 ½ c. Certificates may be deposited with city treasurer.**—In the event the village is unable to sell such certificates of indebtedness in the manner prescribed, it may issue said certificates of indebtedness to the village treasurer or his order and deposit the same with him. Certificates so issued shall be held by the treasurer until they may be sold and shall bear interest at 6 per cent per annum. The village may thereupon, as long as such certificates are on deposit with the treasurer, issue warrants upon the funds

against which such certificates were issued, the total principal amount of such warrants not to exceed the total principal amount of the certificates so held by the treasurer. Such warrants shall bear interest at 6 per cent per annum from and after the date they are presented to the treasurer and stamped "Not paid for want of funds, but protected by certificates of indebtedness now held by me." Such certificates may be sold by the village council and the proceeds of such sale shall be used to take up such warrants in the order presented for payment. Interest upon such warrants shall stop upon the date they are called by the treasurer for payment. Such certificates of indebtedness so held by the treasurer shall be paid at the same time and in the same manner as if they had been issued to a purchaser thereof. All warrants attempted to be issued and all obligations or indebtedness attempted to be incurred under authority of this section in excess of the principal amount of the certificates of indebtedness so held by such treasurer shall be void. (Act Apr. 15, 1933, c. 275, §4.)

**1225-24 ½ d. Shall remain on cash basis.**—From and after January 1, 1934, such village shall be deemed for all purposes to be on a cash basis and shall thereafter remain on a cash basis. All taxes levied in 1933 shall be considered as the tax revenues for the year 1934, and thereafter in any such village taxes shall be levied as now provided by law, but for the succeeding year. (Act Apr. 15, 1933, c. 275, §5.)

**1225-24 ½ e. May issue bonds to fund indebtedness.**—If any such village prior to January 1, 1933, has incurred by proper authority a valid indebtedness, excluding bonds, in excess of its cash on hand not specifically set aside for the retirement of bonds and interest thereon, such village may for the purpose only of paying and discharging such valid indebtedness and interest thereon, issue its bonds in the manner now provided by law, except that such bonds may be issued on a vote of the village council without a vote of the electors; provided that the purchaser of such bonds shall not be charged with notice of the invalidity of any indebtedness funded by such bonds, and bonds issued hereunder in the total amount of such indebtedness as determined by the resolution of the village council, in the hands of any purchaser, shall be valid obligations of the village, notwithstanding any claim of invalidity of any such indebtedness funded thereby. If any moneys received from taxes levied in 1932 and payable in 1933, or income from local sources received since January 1, 1933, have been used prior to the issuance of bonds authorized by this Act for the retirement of indebtedness existing January 1, 1933, or interest thereon, such bond issue may include the amount of such payments for the purpose of reimbursing the funds from which such moneys were paid. (Act Apr. 15, 1933, c. 275, §6.)

**1225-24 ½ f. Tax levy to pay bonds and interest.**—The village council of any such village issuing bonds pursuant to the authority of this Act shall, at the time of the issuance thereof, by resolution provide for a levy for each year until the principal and interest of said bonds are paid in full, of a direct annual tax in an amount sufficient to pay the principal and interest thereon when and as such principal and interest become due. Such tax levy shall be irrepealable until all of such bonds are paid. Such annual tax levy for the payment of such bonds shall be within the existing per capita and millage limitations upon tax levies applicable to such village. The county auditor, at the time of spreading the annual tax levy of said village, shall adjust the same so that the total tax levy of such village, including levies for bonds issued hereunder, whether to the state or to private purchasers, shall not exceed existing per capita and millage limitations, plus any levies which may be authorized in excess of such limitations for bonded indebtedness and interest thereon existing at the time of the passage of this Act. The levies for the payment of such bonds shall be charged against the permissible

levies for general corporation purposes, library purposes and water, light, power and building purposes in such proportions as the council may determine. (Act Apr. 15, 1933, c. 275, §7.)

**1225-24 ½ g. May be sold or exchanged.**—Such bonds may be issued and sold to the State of Minnesota pursuant to existing laws at the time of the issuance thereof (except as herein modified), or to private purchasers, or to both, or exchanged for outstanding orders at par with accrued interest. (Act Apr. 15, 1933, c. 275, §8.)

**1225-24 ½ h. Tax levy—limit.**—The amount which may be included by any such village in its annual tax levy for each year hereafter made for general corporation and library purposes shall be 22 mills on the dollar of the taxable valuation of the village, and it may levy for such additional purpose as may be authorized by law; provided that the total amount of such levy shall not exceed the amounts authorized by Laws 1921, Chapter 417 [§§2061 to 2066], as amended by Laws 1929, Chapter 206, and with the levies for the payments of bonds issued hereunder, shall not exceed the total number of mills authorized in such village. (Act Apr. 15, 1933, c. 275, §9.)

**1225-24 ½ i. Not to incur indebtedness.**—No department, board or commission of such village shall during any year contract any indebtedness or incur any pecuniary liability which shall be in excess of the sum that may be levied and collected for said department, board or commission or allotted to it for said year by the village council, plus local income accruing to such department, board or commerce. A record of expenditures of the village shall be presented to and examined at a regular meeting of the village council once each month and shall show the true condition of the affairs at the date of such meeting. (Act Apr. 15, 1933, c. 275, §10.)

**1225-24 ½ j. District Court may require village to limit expenditure.**—If at any time during any year a village operating hereunder is incurring obligations at a rate or upon a scale which would make it probable, if such rate or scale be continued, after allowing for variations in seasonal requirements, that the total expenditures for said year would exceed the moneys to be received therein, after allowance for probable tax delinquencies, the District Court, in an action brought by any taxpayer, may require such village to limit its expenditures to a rate and scale which will assure that the total obligations incurred in such year will not exceed the moneys available therein. (Act Apr. 15, 1933, c. 275, §11.)

**1225-24 ½ k. Contracts to be null and void in certain cases.**—Each contract attempted to be entered into, or indebtedness or pecuniary liability attempted to be incurred in violation of the provisions of this Act, shall be null and void in regard to any obligations thereby sought to be imposed upon the village, and no claim therefor shall be allowed by the council of the village nor any board thereof; nor shall the clerk or recorder of such village or any other officer or employee issue or execute, nor shall the village treasurer pay any check, warrant or certificate of indebtedness issued on account thereof. Each member of the village council and each other village officer or employee participating in or authorizing any violation of this Act shall be individually liable to the village or to any other person for any damages caused thereby. Each member of the village council or any board of such village present at a meeting of the board or council when any action is taken with reference to paying money or incurring indebtedness or entering into any contract in violation of the provisions of this act, shall be deemed to have participated in and authorized the same unless he shall have caused his dissent therefrom to be entered upon the minutes of the meeting. (Act Apr. 15, 1933, c. 275, §12.)

**1225-24 ½ l. Village to continue under provision of this act.**—When a village has once come under the provisions of this Act, it shall continue under its pro-

visions notwithstanding any subsequent change in assessed valuation or population. (Act Apr. 15, 1933, c. 275, §13.)

**1225-24 ½ m. Operation of act to be postponed one year in certain cases.**—The funding of the indebtedness of the village is necessary to the functioning of this law and if any such village shall find it impossible to sell bonds herein provided for prior to January 1, 1934, but can sell such bonds during the year 1934, the operation of this Act shall be postponed for one year. In that event the indebtedness authorized to be funded hereunder shall be the valid indebtedness, excluding bonds, in excess of cash on hand not specifically set aside for the retirement of bonds and interest thereon, incurred prior to January 1, 1934, and the provisions of Sections 2, 3, 4, 5, 7, 8, 9, 10, 11, 12, shall not take effect until and after January 1, 1935. (Act Apr. 15, 1933, c. 275, §14.)

**1225-24 ½ n. Provisions separable.**—If any provision hereof is found unconstitutional, such determination shall not affect the validity of the remaining provisions not clearly dependent thereon. (Act Apr. 15, 1933, c. 275, §15.)

**1225-25. Villages not to draw orders.**—That from and after January 1, 1932, no village now or hereafter having a population of more than 1,400 inhabitants, and less than 1,600 inhabitants, and an assessed valuation of more than \$700,000, and less than \$2,000,000, shall draw any order or warrant on any fund until there is sufficient money in such fund to pay the same, together with all orders previously issued against said fund. (Act Apr. 25, 1931, c. 388, §1.)

**1225-26. Not to create indebtedness.**—Whenever from and after January 1, 1932, the expense and obligations incurred chargeable to any particular fund of such village in any calendar year are sufficient to absorb 85 per cent of the entire amount of the tax levy, payable in that year, including such amount as may remain in the fund from the levy of any prior year or years, no officer, board or official body of such village shall have the power and no power shall exist to create any additional indebtedness (save as the remaining 15 per cent of said tax levy is collected) which shall be a charge against that particular fund or shall be in any manner a valid claim against such village, but such additional indebtedness attempted to be created shall be a personal claim against the officer or members of the municipal board or body voting for or attempting to create the same; and in no event shall any officer, board or official body of such village have the power, and no power shall exist, to create any indebtedness which shall be a charge against the village, in excess of the tax levy payable in that year for the use of the particular department, board or official body, less the amount required to be paid each year therefrom on bonds herein authorized and interest accruing thereon. (Apr. 25, 1931, c. 388, §2.)

**1225-27. May issue certificates of indebtedness.**—At any time after the annual tax levy has been certified to the county auditor, but not earlier than October 10 of the year preceding the year for which the tax levy is made, the governing body of such village may, by resolution, issue and sell as many certificates of indebtedness as may be needed in anticipation of the collection of taxes levied for any fund named in the tax levy for the purpose of raising money for any such fund, but the certificates outstanding for any of such separate funds shall not at any time exceed 50 per cent of the amount of taxes previously levied for such fund remaining uncollected, and no certificate shall be issued to become due and payable later than December 31 of the year succeeding the year in which said tax levy, certified to the county auditor as aforesaid, was made, and said certificate shall not be sold for less than par and accrued interest and shall not bear a greater rate of interest than six per cent per annum. Each certificate shall state upon its face for which fund the proceeds of said certificate shall be used, the total amount of said certificate so issued, and the

whole amount embraced in said tax levy for that particular purpose. They shall be numbered consecutively and be in the denominations of \$100.00, or a multiple thereof, and may have interest coupons attached and shall be otherwise of such form and terms and may be made payable at such place as will best aid in their negotiation, and the proceeds of the tax assessed and collected, as aforesaid, on account of said fund, and the faith and credit of such village shall be irrevocably pledged for the redemption of the certificates so issued. Such certificates shall be paid from the moneys derived from the levy for the year against which such certificates were issued. The money derived from the sale of said certificates shall be credited to such fund or funds for the calendar year immediately succeeding the making of such levy and shall not be used or spent until such succeeding year. No certificates for any year shall be issued until all certificates for prior years have been paid, nor shall any certificate be extended; provided, that money derived from the sale of certificates for any one year may, if necessary, be used to redeem unpaid certificates issued in a prior year. (Act Apr. 25, 1931, c. 388, §3.)

**1225-28. Tax revenues for 1932.**—All taxes levied in 1931 shall be considered as the tax revenues for the year 1932, and thereafter in any such village, taxes shall be levied as now provided by law not later than October of each year, but for the succeeding year. (Act Apr. 25, 1931, c. 388, §4.)

**1225-29. May issue bonds.**—If any such village prior to January 1, 1931, has incurred by proper authority a valid indebtedness, excluding bonds, in excess of its cash on hand, such village may, for the purpose only of paying and discharging such valid indebtedness (except bonds) and interest thereon, issue its bonds in the manner now provided by law except that such bonds may be issued on a vote of the council thereof, without a vote of the electors and such bonds shall mature in equal annual installments extending over a period of not more than twenty years; provided that if any moneys received from taxes levied in 1930 and payable in 1931, or income from local sources received since January 1, 1931, have been used prior to the issuance of bonds authorized by this act for the retirement of indebtedness existing January 1, 1931, and interest thereon, such bond issue may include the amount of such payments for the purpose of reimbursing the funds from which such moneys were so paid. **1225-30. Tax levy to retire bonds.**—The village council of any village issuing bonds pursuant to the authority of this act shall, before the issuance thereof, by a resolution, provide for a levy for each year until the principal and interest are paid in full, of a direct annual tax in an amount sufficient to pay the principal and interest thereon when and as such principal and interest become due. Such tax levy shall be irrepealable until all of such bonds are paid. Said annual tax for the payment of said bonds and interest shall be derived from two sources: (1) 52 per cent of the amount necessary to pay said bonds and interest, and no more shall be levied as a special tax in addition to the annual tax levy for general corporation purposes, park and park board, library, and water, light, power and building commission purposes, and other special taxes which may be levied annually as provided by law; and (2) 48 per cent of the amount necessary to pay said bonds and interest shall be raised and obtained from each of the annual tax levies made by said village for general corporation purposes, water, light, power and building commission purposes, park and park board and library purposes, for each year until all of said bonds are paid, in the same ratio as the tax levy for paying 48 per cent of the bonds and interest payable in any one year bears to the total annual maximum tax levy that could be made for general corporation purposes, water, light, power and building commission purposes, park and park board and library purposes for said year. Provided, however,

that if any bonds of said village are outstanding and held by the State of Minnesota that such state bonds shall be retired upon maturity through the levy of a tax sufficient to pay the same when due, and said levy shall be in addition to all others herein provided for, and shall not be subject to any of the limitations provided for herein. (Act Apr. 25, 1931, c. 388, §6.)

**1225-31. Boards or departments not to incur indebtedness.**—Whenever any department, board or commission of such village has the power to expend money such department, board or commission shall not during any year contract any indebtedness, or incur any pecuniary liability, which shall be in excess of the sum that may be allotted to its department for said year by the village council or to pay maturing bonds outstanding at the time this Act takes effect. The village council shall by resolution, prior to February 1, each year, set aside for each such department, board or commission, such sum as it deems necessary and adequate for the proper operation thereof, subject, however, to amendments of such resolution thereafter as necessity may require. (Act Apr. 25, 1931, c. 388, §7.)

**1225-32. Village recorders to keep record of allotment.**—The village recorder shall keep a record showing accurately the amount allotted to each board or governing body for the calendar year, and the amounts incurred and expended from time to time by the village council and each department of such village. A record of expenditures for the village council and all its departments shall be presented to and examined at a regular meeting once each month by the village council and shall show the true condition of affairs at the date of such meeting. (Act Apr. 25, 1931, c. 388, §8.)

**1225-33. Federal census shall govern.**—For the purpose of this act, the last federal census of population taken prior to the calendar year in which any levy may be made shall govern and shall be conclusive in determining hereunder the population of any such village. (Act Apr. 25, 1931, c. 388, §9.)

**1225-34. Change in valuation or population not to change status.**—When a village has once come under the provisions of this act, it shall continue under its provisions, notwithstanding any subsequent change in assessed valuation or population. (Act Apr. 25, 1931, c. 388, §10.)

**1225-35. Provisions separable.**—If any section, part or provision hereof be found unconstitutional such determination shall not affect the validity of the remaining provisions not clearly dependent thereon. (Act Apr. 25, 1931, c. 388, §11.)

**1225-36. Inconsistent acts repealed.**—This act shall take effect and be in force from and after its passage and all acts and parts of acts inconsistent herewith are hereby repealed and declared of no effect insofar as they may be inconsistent with this act. (Act Apr. 25, 1931, c. 388, §12.)

**1225-37. Villages to be on cash basis.**—That from and after January 1, 1932, no village now or hereafter having a population of more than 2,000 inhabitants, and less than 3,000 inhabitants, and an assessed valuation of more than \$3,000,000, and less than \$4,000,000, shall draw any order or warrant on any fund until there is sufficient money in such fund to pay the same, together with all orders previously issued against said fund. (Act Apr. 25, 1931, c. 342, §1.)

**1225-38. Officers may not incur indebtedness.**—Whenever from and after January 1, 1932, the expense and obligations incurred chargeable to any particular fund of such village in any calendar year are sufficient to absorb 85 per cent of the entire amount of the tax levy, payable in that year, including such amount as may remain in the fund from the levy of any prior year or years, no officer, board or official body of such village shall have the power and no power shall exist to create any additional indebtedness (save as the remaining 15 per cent of said tax

levy is collected) which shall be a charge against that particular fund, or shall be in any manner a valid claim against such village, but such additional indebtedness attempted to be created shall be a personal claim against the officer or members of the municipal board or body voting for or attempting to create the same; and in no event shall any officer, board or official body of such village have the power, and no power shall exist, to create any indebtedness which shall be a charge against the village, in excess of the tax levy payable in that year for the use of the particular department, board or official body, less the amount required to be paid each year therefrom on bonds herein authorized and interest accruing thereon. (Act Apr. 25, 1931, 342, §2.)

**1225-39. Governing board may sell certificates.**—At any time after the annual tax levy has been certified to the county auditor, but no earlier than October 10 of the year preceding the year for which the tax levy is made, the governing body of such village may, by resolution, issue and sell as many certificates of indebtedness as may be needed in anticipation of the collection of taxes levied for any fund named in the tax levy for the purpose of raising money for any such fund, but the certificates outstanding for any of such separate funds shall not at any time exceed 50 per cent of the amount of taxes previously levied for such fund remaining uncollected, and no certificate shall be issued to become due and payable later than December 31 of the year succeeding the year in which said tax levy, certified to the county auditor as aforesaid, was made, and said certificates shall not be sold for less than par and accrued interest and shall not bear a greater rate of interest than six per cent per annum. Each certificate shall state upon its face for which fund the proceeds of said certificate shall be used, the total amount of said certificate so issued, and the whole amount embraced in said tax levy for that particular purpose. They shall be numbered consecutively and be in the denominations of \$100.00, or a multiple thereof, and may have interest coupons attached and shall be otherwise of such form and terms and may be made payable at such place as will best aid in their negotiation, and the proceeds of the tax assessed and collected, as aforesaid, on account of said fund, and the faith and credit of such village shall be irrevocably pledged for the redemption of the certificates so issued. Such certificates shall be paid from the moneys derived from the levy for the year against which such certificates were issued. The money derived from the sale of said certificates shall be credited to such fund or funds for the calendar year immediately succeeding the making of such levy and shall not be used or spent until such succeeding year. No certificates for any year shall be issued until all certificates for prior years have been paid, nor shall any certificate be extended; provided, that money derived from the sale of certificates for any one year may, if necessary, be used to redeem unpaid certificates issued in a prior year. (Act Apr. 25, 1931, c. 342, §3.)

**1225-40. Tax levies for 1932.**—All taxes levied in 1931 shall be considered as the tax revenues for the year 1932, and thereafter in any such village, taxes shall be levied as now provided by law not later than October of each year, but for the succeeding year. (Act Apr. 25, 1931, c. 342, §4.)

**1225-41. Village may issue bonds.**—If any such village prior to January 1, 1931, has incurred by proper authority a valid indebtedness, excluding bonds, in excess of its cash on hand, such village may, for the purpose only of paying and discharging such valid indebtedness (except bonds) and interest thereon, issue its bonds in the manner now provided by law, except that such bonds may be issued on a vote of the council thereof, without a vote of the electors; provided that if any moneys received from taxes levied in 1930 and payable in 1931, or income from local sources received since January 1, 1931, have

been used prior to the issuance of bonds authorized by this act for the retirement of indebtedness existing January 1, 1931, and interest thereon, such bond issue may include the amount of such payments for the purpose of reimbursing the funds from which such moneys were so paid. (Act Apr. 25, 1931, c. 342, §5.)

**1225-42. To provide for tax levy.**—The village council of any village issuing bonds pursuant to the authority of this act shall, before the issuance thereof, by a resolution, provide for a levy for each year until the principal and interest are paid in full, of a direct annual tax in an amount sufficient to pay the principal and interest thereon when and as such principal and interest become due. Such tax levy shall be irrevocable until all of such bonds are paid. Said annual tax for the payment of said bonds and interest shall be derived from two sources:

(1) 52 per cent of the amount necessary to pay said bonds and interest, and no more, shall be levied as a special tax in addition to the annual tax levy for general corporation purposes, water, light, power and building commission purposes, and library purposes for each year, and other special taxes which may be levied annually as provided by law; and (2) 48 per cent of the amount necessary to pay said bonds and interest shall be raised and obtained from each of the annual tax levies made by said village for general corporation purposes, water, light, power and building commission purposes, and library purposes for each year until all of said bonds are paid, in the same ratio as the tax levy for paying 48 per cent of the bonds and interest payable in any one year bears to the total annual maximum tax levy that could be made for general corporation purposes, water, light, power and building commission purposes, and library purposes for said year. (Act Apr. 25, 1931, c. 342, §6.)

Laws 1927, c. 131, does not apply to bonds issued pursuant to this act, but a village has the right to anticipate delinquencies and provide for them by an excess levy each year. Op. Atty. Gen., Aug. 5, 1931.

**1225-43. Departments of board shall not incur indebtedness.**—Whenever any department, board or commission of such village has the power to expend money, such department, board or commission shall not during any year contract any indebtedness, or incur any pecuniary liability, which shall be in excess of the sum that may be allotted to its department for said year by the village council. The village council shall by resolution, prior to February 1, each year, set aside for each such department, board or commission, such sum as it deems necessary and adequate for the proper operation thereof, subject, however, to amendments of such resolution thereafter as necessity may require. (Act Apr. 25, 1931, c. 342, §7.)

**1225-44. Recorder to keep record of allotments.**—The village recorder shall keep a record showing accurately the amount allotted to each board or governing body for the calendar year and the amounts incurred and expended from time to time by the village council and each department of such village. A record of expenditures for the village council and all its departments shall be presented to and examined at a regular meeting once each month by the village council and shall show the true condition of affairs at the date of such meeting. (Act Apr. 25, 1931, c. 342, §8.)

**1225-45. Federal census shall govern.**—For the purpose of this act, the last federal census of population taken prior to the calendar year in which any levy may be made shall govern and shall be conclusive in determining hereunder the population of any such village. (Act Apr. 25, 1931, c. 342, §9.)

**1225-46. Change in population not to affect law.**—When a village has once come under the provisions of this act, it shall continue under its provisions, notwithstanding any subsequent change in assessed valuation or population. (Act Apr. 25, 1931, c. 342, §10.)

**1225-47. Provisions separable.**—If any section, part or provision hereof be found unconstitutional such determination shall not affect the validity of the re-

maining provisions not clearly dependent thereon. (Act. Apr. 25, 1931, c. 342, §11.)

**1225-48.** This act shall take effect and be in force from and after its passage and all acts and parts of acts inconsistent herewith are hereby repealed and declared of no effect insofar as they may be inconsistent with this act. (Act Apr. 25, 1931, c. 342, §12.)

**1225-49. Application of act.**—This Act shall apply to all villages in the State which adopt the provisions of this Act by a unanimous vote of the council prior to December 31, 1933, and which have a population of more than 2500 and less than 3000 and an assessed valuation of taxable property (exclusive of moneys and credits) of more than \$4,000,000 more than 70% of which assessed valuation consists of iron ore. For the purposes of this Act the population shall be determined by the last federal census taken prior to the passage hereof and the valuation shall be that used as a basis for spreading the 1932 taxes. (Act Apr. 22, 1933, c. 415, §1.)

**1225-50. To be on cash basis after January 1, 1934.**—That from and after January 1, 1934, no such village shall draw or issue any order or warrant against any of its funds until there is sufficient money in such fund to pay the same together with the warrants and orders previously issued against said fund. (Act Apr. 22, 1933, c. 415, §2.)

**1225-51. May not incur indebtedness in excess of income.**—Whenever from and after January 1, 1934, the expenses and obligations incurred chargeable to any particular fund of such village in any calendar year are sufficient to absorb 90% of the entire amount of the tax levy payable in that year, including such amount as may remain in the fund from the levy of any prior year or years, no officer, board or official body of such village shall have the power, and no power shall exist, to create any additional indebtedness (save as the remaining ten per cent of said tax levy is collected) which shall be a charge against such village, but such additional indebtedness attempted to be created shall be a personal claim against the officer or members of the municipal board or body voting for or attempting to create the same; and in no event shall any officer, board or official body of such village have the power, and no power shall exist, to create any indebtedness which shall be a charge against the village, in excess of the tax levy payable in that year for the use of the particular department, board or official body, less the amount required to be paid each year therefrom on bonds herein authorized and interest accruing thereon. (Act. Apr. 22, 1933, c. 415, §3.)

**1225-52. May issue certificates of indebtedness.**—At any time after the annual tax levy has been certified to the county auditor, and not earlier than October 10th in any year, the governing body of such village may for the purpose of the succeeding year, by resolution, issue and sell as many certificates of indebtedness as may be needed in anticipation of the collection of taxes so levied for any fund named in said tax levy for the purpose of raising money for any such fund, but no certificate shall be issued for any of said separate funds exceeding 50 per cent of the amount named in said tax levy, as spread by the county auditor, to be collected for the use and benefit of said fund, and no certificate shall be issued to become due and payable later than December 31st of the year succeeding the year in which said tax levy, certified to the county auditor as aforesaid, was made, and said certificates shall not be sold for less than par and accrued interest and shall not bear a greater rate of interest than 6% per annum; each certificate shall state upon its face for which fund the proceeds of said certificate shall be used, the total amount of said certificates so issued, and the whole amount embraced in said tax levy for that particular purpose. They shall be numbered consecutively and be in the denominations of \$100 or a multiple thereof and may have interest coupons attached and shall be otherwise of such form and

terms and be made payable at such place as will best aid in their negotiation, and the proceeds of the tax assessed and collected as aforesaid on account of such fund, and the faith and credit of such village shall be irrevocably pledged for the redemption of the certificates so issued. Such certificates shall be paid from the money derived from the levy for the year against which such certificates were issued. The money derived from the sale of said certificates shall be credited to such fund or funds for the calendar year immediately succeeding the making of such levy, and shall not be used or spent until such succeeding year. No certificates for any year shall be issued until all certificates for prior years have been paid, nor shall any certificate be extended; provided that money derived from the sale of certificates for any one year may, if necessary, be used to redeem unpaid certificates issued in a prior year. (Act Apr. 22, 1933, c. 415, §4.)

**1225-53. Shall remain on cash basis.**—From and after January 1, 1934, such village shall be deemed for all purposes to be on a cash basis and shall thereafter remain on a cash basis. All taxes levied in 1933 shall be considered as the tax revenues for the year 1934, and thereafter in any such village taxes shall be levied as now provided by law not later than October of each year, but for the succeeding year. (Act Apr. 22, 1933, c. 415, §5.)

**1225-54. May issue bonds to fund indebtedness.**—If any such village prior to January 1, 1933, has incurred by proper authority a valid indebtedness, excluding bonds in excess of its cash on hand, such village may, for the purpose only of paying and discharging such valid indebtedness and interest thereon, issue its bonds in the manner now provided by law, except that such bonds may be issued on a vote of the Council thereof without a vote of the electors; provided that if any moneys received from taxes levied in 1932 and payable in 1933, or income from local sources received since January 1, 1933, have been used prior to the issuance of bonds authorized by this Act for the retirement of indebtedness existing on January 1, 1933, and interest thereon, such bond issue may include the amount of such payments for the purpose of reimbursing the funds from which such moneys were paid. (Act Apr. 22, 1933, c. 415, §6.)

**1225-55. Such tax levy shall be irrevocable until all of such bonds are paid. Such annual tax for the payment of such bonds shall be within existing per capita limitations upon tax levies applicable to such village and shall be derived from two sources: (a) 27% of the amount necessary to pay said bonds and interest, and no more, shall be levied as a special tax in addition to the annual tax levy for general corporation and library purposes, water, light, heat and building commission purposes, and any other special taxes which may be levied annually as provided by law; and (b) 73% of the amount necessary to pay said bonds and interest shall be raised and obtained from the annual tax levies made by said Village for general corporation and library purposes, water, light, power and building commission purposes for each year, until all of said bonds are paid, in the same ratio as the tax levy for paying 73% of the bonds and interest payable in any one year bears to the total annual maximum tax levy that could be made for general corporation and library purposes, water, light, power and building commission purposes for said year. (Act Apr. 22, 1933, c. 415, §7.)

**1225-56. Department or boards shall not exceed limit.**—Whenever any department, board or commis-

sion of such village having the power to expend money which shall not have been provided by law with a special tax levy, such department, board or commission shall not during any year contract any indebtedness or incur any pecuniary liability which shall be in excess of the sum that may be allotted to its department for said year by the Village Council. The Village Council shall by resolution prior to February 1 each year, set aside for each such department, board or commission such sum as it deems necessary and adequate for the proper operation thereof, subject, however, to amendments of such resolution thereafter as necessity may require. (Act Apr. 22, 1933, c. 415, §8.)

**1225-57. Village recorder to keep record.**—The Village Recorder shall keep a record showing accurately the amount allotted to each board or governing body for the calendar year and the amounts incurred and expended from time to time by the Village Council and each department of such village. A record of expenditures for the Village Council and all its departments shall be presented to and examined at a regular meeting once each month by the Village Council and shall show the true condition of affairs at the date of such meeting. (Act Apr. 22, 1933, c. 415, §9.)

**1225-58. Warrants and order legalized.**—In the event that any such village, prior to the passage of this Act, issued its warrants or orders against any of its funds, which warrants or orders were outstanding and unpaid at the time of the passage of this Act, the said warrants and orders are hereby in all respects legalized. (Act Apr. 22, 1933, c. 415, §10.)

**1225-59. Violations—penalties.**—Any member of the Village Council or other governing body or board, or other village officer or employe, knowingly participating in and authorizing any violation of this Act shall be guilty of a misdemeanor punishable by a fine not exceeding \$100.00 or by imprisonment in the County Jail not exceeding three months for each offense. Every contract attempted to be entered into or indebtedness or pecuniary liability attempted to be incurred in violation of the provisions of this Act shall be null and void in regard to any obligation thereby sought to be imposed upon the village. No claim therefor shall be allowed by the Village Council nor any governing board; nor shall the Village Recorder or any other village or department officer or employe issue or execute, nor shall the Village Treasurer pay, any warrant or certificate of indebtedness issued on account thereof. Each member of the Village Council or any village board or other village officer or employe participating in or authorizing any violation of this Act shall be individually liable to the village or to any other person for any damages caused thereby. Each member of the Village Council or Village Board present at a meeting of the board of council when any action is taken with reference to paying money or incurring indebtedness or entering into any contract shall be deemed to have participated in and authorized the same unless he shall have caused his dissent therefrom to be entered upon the minutes of the meeting. Such city may also in its discretion and with or without compensation therefor furnish to such Port Authority offices, warehouses, or other structures and space with or without heat, light and other service, and such stenographic, clerical, engineering or other assistance as its council may determine. The city attorney or similar law officer of any such city shall be the attorney and legal advisor of said Port Authority, but this provision shall not impair the power of the Port Authority to employ additional counsel when in the judgment of its members such action is for any reason advisable. Subject to the limitations stated in this Act, any employe in the contributing class who shall have attained the established age for retirement shall be entitled to retire, and any such employe who shall remain in the service of the city for five years thereafter, shall be retired, and receive a service allowance as specified in this Act; provided, that if in not less than 90 days before the arrival of an employe at the age of compulsory retirement, the head of the department, branch or independent board of the municipality in which he or she is employed, certifies to the retirement board that by reason of his or her

efficiency and his or her willingness to remain in the service of the municipality the continuance of such an employe therein would be advantageous to the public service, such employe may be retained for a term not exceeding three years upon certification by the retirement board, and at the end of the three years he or she may, by similar certification, be continued for one additional term not to exceed two years. ('19, c. 522, §4; '25, c. 335, §1; Apr. 20, 1933, c. 328, §1.)

**1442-15. Classification of employees.**—Employes of the city shall be divided into a contributing class, a non-contributing class and an exempt class.

The contributing class shall consist of all employes not included in either of the other two classes, and shall be subdivided into present incumbents, and future entrants, as defined in Section 3 of this Act.

The non-contributing class shall consist of all employes, including common laborers, whose average individual salaries, pay or compensations, over the ten years preceding their retirement date, do not exceed \$750.00 per annum.

The exempt class shall consist of:

**1442-16. Retirement allowance for employes in the non-contributing class including common laborers.**—A retirement allowance, payable in equal monthly installments shall be granted to any laborer or other employe in the non-contributing class who satisfies the conditions hereafter specified.

Such retirement allowance shall be the actuarial equivalent of the accumulated amount of monthly installments of \$12.50 throughout the period of service of the retiring employe, accumulated to the date of retirement at four per cent compound interest; provided, that no such allowance shall exceed \$500.00 per annum.

Upon receipt of proof of death of any common laborer or other employe in the non-contributing class who has fulfilled the minimum age and service requirements for retirement on an allowance, (a) who is employed by the city, or (b) who is temporarily separated from the service of the city, or (c) who has been retired on an allowance, there shall be paid to the heir or heirs of such employe or to such trustee or trustees as the retirement board may select, the sum of \$150.00.

In order to be entitled to a retirement allowance, a common laborer or other employe in the non-contributing class shall be a resident of the city, shall have been employed thereby for a period of time which in the aggregate shall equal 20 or more periods of five months each, the last season of which shall have immediately preceded the date of retirement, and in addition thereto shall either (1) have attained the age of 55 years and have been declared by the medical board to be incapacitated for further service to the city or (2) shall have attained the age of 70 years.

(a) The retirement board may require any such beneficiary while still under the age of 70 years, to

undergo a medical examination by the medical board once each year. Should the medical board report and certify to the retirement board that such beneficiary is no longer physically or mentally incapacitated for the performance of duty, such retirement allowance shall cease and the head of the department in which such beneficiary was employed at the time of this retirement shall, upon notification by the retirement board, re-employ said beneficiary.

(b) Should any such retired beneficiary, while under the age of 70 refuse to submit to at least one medical examination in any year by a physician or physicians designated by the medical board, his pension shall be discontinued until the withdrawal of such refusal, and should such refusal continue for one year, all his rights, in and to the retirement allowance shall be forfeited.

(c) Upon application of any such beneficiary under the age of 70, drawing a pension or a retirement allowance under the provisions of this Act, approved by the retirement board, said beneficiary may be restored to active service by the head of the department in which said beneficiary was employed at the time of his retirement. Upon the restoration of a beneficiary to active service, his retirement allowance shall cease. ('19, c. 522, §6; Apr. 20, 1933, c. 328, §1.)

Employe remaining disabled from May, 1918, to May, 1921, ceased to be an employe for that period though he was receiving workmen's compensation during that time, and he cannot claim a retirement allowance, having finally retired in December, 1921. 174M594, 219NW 924.

**1442-18. Disability allowances.**—Upon the application of the head of the department in which a contributing employe is employed, or upon the application of said contributing employe or of one acting in his behalf, the retirement board shall retire said contributor for disability; provided the medical board, after a medical examination of said contributor made at the place of residence of said contributor or at a place mutually agreed upon, shall certify to the retirement board that said contributor is physically or mentally incapacitated for the performance of further service to the city and that said contributor ought to be retired.

(a) Disability of an employe resulting from injury received in the performance of the duties of the city service shall be defined as accident disability. Disability incurred as a result of injury not connected with the performance of such service shall be defined as ordinary disability. In order to be entitled to a retirement allowance for ordinary disability an employe shall have rendered ten or more years of service to the city.

The ordinary disability allowance shall be the actuarial equivalent at the age when an employe retires on such disability allowance of the net amount to which the contributions already made by the employe and the credits allowed or contributions already made by the city on his or her behalf would accumulate if allowed to remain at 4 per cent compound interest until the earliest permissible date for retirement on a service allowance.

The accident disability allowance shall equal the actuarial equivalent at the age when an employe retires on such disability allowance of the net amount which would be accumulated to the credit of the employe if his or her annual contributions at the time of disability and the annual credits or contributions of the city were continued to the earliest permissible date for retirement on a service allowance, interest for such period being calculated at 4 per cent compound interest.

Payment of any disability allowance shall continue throughout the full period of the disability subject to the same optional selections as are provided for service allowances, provided that whenever a disability beneficiary shall have attained the minimum age

for retirement on a service allowance said disability allowance shall be discontinued only as provided by the terms of the option selected.

Any employe eligible to an accident disability allowance who is also entitled to an allowance under a workman's compensation act shall be entitled to receive during the period of such compensation only that portion of the retirement allowance provided by this Act by which such retirement allowance exceeds said workmen's compensation.

(b) Once each year the retirement board may require any disability beneficiary while still under the established age for retirement to undergo medical examination by a physician or physicians designated by the retirement board, said examination to be made at the place of residence of said beneficiary or other place mutually agreed upon. Should the medical board report and certify to the retirement board that such disability beneficiary is no longer physically or mentally incapacitated for the performance of duty, his or her allowance shall be discontinued and the head of the department in which said beneficiary was employed at the time of his retirement shall, upon notification by the retirement board of such report of the medical board, re-employ said beneficiary at a rate of salary not less than the amount of his or her retirement allowance, but after the expiration of five years subsequent to the retirement of such beneficiary his restoration to duty, notwithstanding the recommendation of the medical board, shall be optional with the head of the department.

(c) Should any disability beneficiary while under the established age for retirement refuse to submit to at least one medical examination in any year by a physician or physicians designated by the medical board, his or her allowance shall be discontinued until the withdrawal of such refusal, and should such refusal continue for one year, all his or her rights in and to any retirement or disability allowance constituted by this Act shall be forfeited.

(d) Upon application of any beneficiary under the established age for retirement drawing a pension or a retirement allowance under the provisions of this Act, approved by the retirement board, said beneficiary may be restored to active service by the head of the department in which said beneficiary was employed at the time of his retirement. Upon the restoration of a beneficiary to active service his or her retirement allowance shall cease.

(e) The medical board shall consist of the city physician, a physician to be selected by the retirement board, and a physician to be selected by the employe. ('19, c. 522, §8; '25, c. 335, §1; Apr. 20, 1933, c. 328, §1.)

**1442-19. Same—service allowances—options.**

City employe entitled to retirement allowance, who instead of electing to receive a retirement allowance payable only throughout his life, effects "to receive the actuarial equivalent at that time" of his retirement allowance "in a lesser retirement allowance" payable throughout life must on his retirement select one of the three first options specified in this section, and cannot thereafter change without consent of retirement board. 173M589, 218NW119.

**1442-20. Refunds.**—(a) In case of an employe to whom this Act applies who shall become absolutely separated from the service without being entitled to a retirement allowance the total net accumulated amount of deductions from his or her salary, pay or compensation, made for the purpose of accumulating a fund from which to pay retirement allowances, shall be returned to such employe with accrued interest.

(b) Upon the death of a contributor before retirement there shall be paid to his or her estate or to such person as he or she shall have nominated, the net accumulated salary deductions standing to his or her credit, provided that in case of the death of a contributor after ten years of service, there shall be paid to the dependents or heirs of such contributor,

the present worth of the city's accumulated annual installments of \$60.00 then standing to the credit of such contributor, in addition to the net accumulated salary deductions as specified above. If there be no dependents or heirs of such contributing surviving him, then only the net accumulated salary deductions shall be paid to the estate of such contributor.

(c) Upon reinstatement of a former employe to the service, credit for such past service or for any part thereof shall be granted only upon repayment of the amount of the separation refund, with interest, from the time of separation; provided this provision shall not apply to service rendered prior to the date that this Act becomes effective. ('19, c. 522, §10; '25, c. 335, §1; Apr. 20, 1933, c. 328, §1.)

**1442-21. Same—deductions from pay—amounts—retirement before full amounts have been deducted—**increase, decrease or withdrawal of deductions.—(a) Beginning on the first day of the year next succeeding that in which this Act becomes effective in any city, and thereafter throughout the period of employment, there shall be deducted and withheld from the basic salary, pay or compensation of each employe in the contributing class except as hereinafter provided the following percentage of such salary, pay or compensation.

Employes who enter the service at 20 years of age or younger, 3 per cent of salary, pay or compensation; employes who enter the service at 45 years of age or older, 8 per cent of salary, pay or compensation; employes who enter the service after the age of 20 and prior to age 45, a percentage of salary, pay or compensation, which shall be equal to 3 per cent, plus as many times 2/10 of 1 per cent as the age of the employe exceeds 20 at the time service begins.

Every employe to whom this Act applies who shall continue in the service after the passage of this Act, as well as every person to whom this Act applied who may hereafter be appointed to a position or place, shall be deemed to consent and agree to the deductions made and provided for herein, and payment with such deductions, for service, shall be a full and complete discharge and acquittance of all claims and demands whatsoever for all services rendered by such person during the period covered by such payment; except his or her claim to the benefits to which he or she may be entitled under the provisions of this Act.

(b) Any employe who becomes entitled to a service allowance, and who retires without having paid into the retirement fund the full amount required by this Act, shall have the option of electing to receive such allowance (a) on the basis of the actuarial equivalent of the net balance of debits and credits to his or her account at that time, or (b) on the basis of the actuarial equivalent of the total credits at date of retirement, initial and successive installments of the allowance to be applied on any indebtedness of such employe to the retirement fund until such indebtedness is paid, any installments so credited to be treated as if actually paid to the annuitant entitled to such allowance. Any payments heretofore made which would have been valid had subdivision (a) been in force at the time of making the same are hereby validated in the same manner as if the same had been made subsequent to the passage of this amendment.

(c) No employe shall be required to contribute to the retirement fund for a period in excess of 30 years; all contributions made thereafter to said fund shall be voluntary.

(d) Subject to such terms and conditions and to such rules and regulations as the retirement board may adopt, any contributor, from time to time may:

(1) Increase or decrease his or her rate of contribution to the retirement fund, but in no event shall the contribution be less than the minimum contribution specified in the provisions of this Act.

(2) Withdraw from his or her individual account in the retirement fund the amount in excess of the minimum accumulation resulting from the deductions specified in the provisions of this Act.

(3) Withdraw, after having become eligible for service retirement, such part of his or her net accumulated contributions as shall be in excess of the amount necessary to procure the minimum annuity to which he or she would be entitled at the expiration of 30 years of service. ('19, c. 522, §11; '25, c. 335, §1; Apr. 20, 1933, c. 328, §1; Jan. 9, 1934, Ex. Sess., c. 73, §1.)

Sec. 2 of Act Jan. 9, 1934, cited, provides that the act shall take effect from its passage.

Act Jan. 9, 1934, cited, purports to amend subd. (b) only, but sets forth the other parts of the section as it was amended Apr. 20, 1933.

**1442-22. Individual record of credits required.**—The city comptroller or other person having supervision of the payment of salaries to employes shall cause the deductions to be withheld from all specific appropriations for the particular salaries or compensation from which the deductions are made and from all allotments out of lump sum appropriations for payments of such salaries or compensation for each fiscal year; and a record of said sums shall be entered to the credit of the various employes from whose salaries deductions have been made. The amount of said deductions shall be deposited with the city treasury and credited to the retirement fund.

At the close of each fiscal year there shall be distributed to each contributing employe in proportion to the accumulated amount then to the credit of said employe as accumulated salary deductions the amount of the income from interest earned on the accumulated funds in possession of the board, after having deducted from the total of such income (1) the amounts otherwise required as interest for various allowances and/or purposes specified in the Act, (2) an amount to be set aside to apply on the cost of disability allowances and (3) an amount to be set aside to liquidate actual or to amortize prospective losses on investments. The net balance of said interest earnings to be so distributed shall be distributed at the greatest multiple of one-tenth (1/10) of one per cent of the total of all such accumulated amounts from salary deductions. Any excess then remaining from such interest earnings shall be credited to a reserve fund and be added to and distributed with the interest earnings of the next succeeding year. The amount that shall be deducted from the gross interest earnings to apply on the cost of disability allowances shall be not more than one-half (1/2) the cost of disability allowances for contributing employes. The amount that shall be set aside to liquidate past losses on investments or to create a reserve from which to liquidate future losses shall be such amount as the board may deem necessary for such purpose but not in excess of one mill on the dollar of the gross amount received as interest on the cash and investments in the fund.

At the end of each calendar year and throughout the first 300 months of actual employment there shall be entered to the credit of each employe from whose salary or compensation deductions are made, a credit of \$60.00 per employe, the accumulated amount of which shall be charged to the municipality and payable by the municipality. It shall be the duty of the proper authorities to levy from time to time a sufficient sum in addition to all other sums to be levied by taxation to meet the liabilities against the municipality created thereby. (A) Findings and determination hereunder and orders of suspension, reduction or removal shall be in writing and shall be filed within three days after the completion of such hearing with the secretary of the Board of Appeal or Referees, and it shall be the duty of the secretary to notify such employe of said decision in writing.

**1538-1. Streets and highways.**

This section does not repeal or modify the provisions of the charter of the city of St. Paul, providing for condemnation of land for street and highway purposes. 177M146, 225NW36.

**1541-1. Cities may acquire exempt property.**—Each city of the first class now or hereafter having a population of 50,000 inhabitants or more, including each such city operating under a charter adopted pursuant to the provisions of Section 36, Article 4, of the Constitution of the State of Minnesota, is hereby authorized and empowered to acquire by purchase, condemnation, or otherwise any right or interest in land either platted or unplatted within the limits of said city, which interest in land consists of a right or privilege in the owner of said land to offset certain amounts against special assessments levied by the governing body, the city council or the board of park commissioners of such city for park or parkway purposes, or both. (Act Apr. 25, 1931, c. 385, §1.)

**1541-2. Right of eminent domain.**—In the event that the chief governing body, city council or board of park commissioners of such city shall exercise such right by condemnation such body may do so under any laws provided for the condemnation of real property or eminent domain or under any provision of the charter of such city granting to such body the right of condemnation or eminent domain; or, it being for the best interests of such city, such chief governing board, city council, or board of park commissioners shall have the power and authority to acquire said rights by purchase, taking into consideration the present worth of such right to exemption and the probability or improbability that such exemptions would ever be used as an offset to future assessments for benefits. (Act Apr. 25, 1931, c. 385, §2.)

**1541-3. May issue bonds.**—In order to carry out the purpose of this Act each such city is hereby authorized to issue bonds, or certificates of indebtedness to secure funds for the amount necessary to acquire said right, and the city council or other chief governing body shall levy annually a tax on all the taxable property of the city sufficient to meet the interest and the principal about to mature on said bond. (Act Apr. 25, 1931, c. 385, §3.)

**1552. Designation of land for streets, etc.**

This act became a part of the Minneapolis Home Rule Charter, merely by reference to it. 177M122, 224NW 845.

**1553. Proceedings for acquisition of lands.**—After the adoption of the resolution it shall be the duty of the city engineer to make and present to the council a plat and survey of such proposed improvement, showing the character, course and extent of the same and the property necessary to be taken or interfered with thereby, with the name of the owner of each parcel of such property so far as the engineer can readily ascertain the same, and such statement as may in the opinion of the engineer be proper to explain such plat and survey and the character and extent of the proposed improvement.

When such plat and survey shall be finally adopted by the city council, it shall be filed with the city clerk, and it shall be held to show correctly the character and extent of the improvement actually agreed upon and ordered by the city council.

Said plat shall also show the amount of land taken from each owner, so far as the owners may be known, and the lands contiguous to such improvements.

The city council shall then or afterwards appoint five freeholders of said city, no two of whom shall reside in the same ward, as commissioners, to view the premises and to ascertain and award the amount of damages and compensation to be paid to the owners of property which is to be taken or injured by such improvement, and to assess the amount of such damages and compensation and the expenses of the improvement upon the lands and property to be benefited by such improvement, and in proportion to the benefits to be received by each parcel and without regard to a cash valuation.

Three or more commissioners shall constitute a quorum and be competent to perform any duty required of such commissioners; and they shall be notified of their appointment, and vacancies in their number shall be filled by the city council, and they shall be sworn to the faithful discharge of their duties. They shall give notice by two publications in the official paper of said city that such survey and plat is on file in the office of the city clerk, for the examination of all persons interested, and that they will on a day designated in such notice, which shall be at least ten days after the first publication of such notice, meet at a place designated in said notice on or near the proposed improvement, and view the property proposed to be taken or interfered with for the purposes of such improvements, and ascertain and

award therefor compensation and damages, and view the premises to be benefited by such improvement, and assess thereon in proportion to benefits, amount necessary to pay such compensation and damage and the cost of making the improvement, and that they will then and there hear such allegations and proofs as interested persons may offer. Any such commissioners shall meet and view the premises pursuant to such notice, and may adjourn from time to time, and, after having viewed the premises, may, for the hearing of evidence and preparation of their award and assessment, adjourn or go to any other convenient place in said city, and may have the aid and advice of the city engineer and of any other officer of the city, and adjourn from time to time. After viewing the premises and hearing the evidence offered, such commissioners shall prepare and make a true and impartial appraisal and award of the compensation and damages to be paid to each person whose property is to be taken or injured by the making of such improvement; but if the remainder of the same property, a part of which only is to be taken or damaged by such improvement, shall be benefited by such improvement, then the commissioners, in considering and awarding compensation and damages, shall also consider, estimate and offset the benefits which will accrue to the same owner, in respect to the remainder of the same property, and award him only the excess of the compensation or damages over and above such benefits.

The said commissioners shall then assess the amount of such compensation and damages so awarded upon the land and property benefited by such proposed improvements, together with the expense and cost of making the improvements as fixed by the city council, and in proportion to such benefits, but in no case shall the amount of such assessment exceed the actual benefit to the lot or parcel of land so assessed, deducting therefrom any damages or injuries to the same parcels which are less than such benefits, and assessing only the excess, and prepare and report to the city council their appraisal and award, and if in the judgment of said commissioners the whole amount of such compensation and damages, together with the cost of making such improvement, shall exceed the actual benefits to the specific property subject to assessment, they shall so indicate in their report and shall state the amount of such excess. Said commissioners shall also report to the city council an assessment list containing their assessment of such compensation, damages, and costs, or so much thereof as shall not exceed the actual benefits to the property so assessed, which list shall contain a brief description of each tract or parcel of property assessed, the name or names of the owners thereof, if known, and the amount assessed against each parcel of property and the amount of the excess of such compensation, damages and costs as aforesaid, which they shall return unassessed.

The commissioners may employ clerical assistance, and the cost thereof, as well as the commissioners' compensation, and the expenses of printing the notices required, including, among others, the notice of consideration by the city council, hereinafter referred to, estimated at the same rate per line as the cost of printing the prior notices, shall be added to the other amounts to be assessed and shall be assessed therewith. The city attorney shall represent the city before the commissioners and produce such evidence as the case may require.

The city council, may, however, provide by the resolution appointing such commissioners that a certain specified percentage, not exceeding thirty-three and one-third (33 1/3%) per cent, of the total damages and cost of improvements, shall in any case be payable out of the city's general funds, and in that case the city's share shall be added to the amount of the

certificates to be issued and sold under Section 10, and the city council shall from year to year levy a sufficient tax upon the taxable property of the city to pay the same, with interest. In such case the amount provided to be paid out of the general funds shall not be assessed.

Said commissioners shall, upon the completion of their said report, file the same with the city clerk and thereupon it shall be the duty of said city clerk to give notice to all interested parties by publishing, as soon as possible, in the official paper of said city a notice containing descriptions of the several lots and parcels of land taken for such proposed improvements, the amount awarded for the taking of each such lot or parcel, the names of the owner or owners of the same, descriptions of the several lots or parcels of land upon which benefits have been assessed, the amount assessed against each such lot or parcel and the names of the owner or owners of the same; the names of all owners referred to herein to be obtained from said commissioners, and, so far as may be necessary, from the records in the office of the county treasurer. Said published notice shall also designate and fix a place and time, not earlier than three weeks from date of publication of the same, at which a committee therein designated by the board of park commissioners or of said council will meet to hear and consider, from or on the part of the owner or owners of the several lots or parcels of land taken for such proposed improvement and of the several lots or parcels of land upon which benefits have been assessed, any and all objections to the making of such improvement, to the amount of damages awarded for the taking of or interference with the property involved, to the amount of the assessment for benefits to any property affected by such proceedings, and any and all claims of irregularities in the proceedings of the city council, board of park commissioners, or the commissioners so appointed by either thereof.

Immediately after the publication of such notice and at least two weeks prior to the time designated for the meeting of the committee specifically designated in said notice, the city clerk shall serve upon each of the owners of the several lots or parcels of land taken for such proposed improvement and of the several lots or parcels of land upon which benefits have been assessed, a copy of said published notice, by depositing the same in the postoffice of said city, postage prepaid in an envelope plainly bearing on its front in type no smaller than ten point the words "Notice of Tax Assessments for improvements affecting your property" directed to each of said persons at his last known place of residence, if known, to said city clerk, otherwise as obtained from the records in the office of the county treasurer; provided that the failure of any such owner or owners to receive such notice shall not in any wise operate to invalidate any of the proceedings covered by this act.

Any person whose property is proposed to be taken, interfered with, or assessed for benefits, under any of the provisions of this chapter, and who objects to the making of such improvement, or who deems that there is any irregularity in the proceedings of the city council, or on the part of the commissioners so appointed by it, by reason of which the award of said commissioners ought not to be confirmed, or who is dissatisfied with the amount of damages awarded to him for the taking of or interference with his property, or with the amount of the assessment for benefits to any property affected by such proceedings, shall appear at the hearing or file with said city clerk, designated in such published notice, at any time before said hearing or before the report and recommendation of said committee is filed, as hereinbefore provided, his written objection to the making of such improvement, or his objection to the damages awarded or benefits assessed, or his claim of said irregular-

ities, specifically designating the same, and a description of the property affected by such proceedings.

At the time and place designated by such published notice for said hearing the city clerk shall present to said committee the report of the commissioner so appointed together with all written objections so filed with said city clerk and such committee shall then consider the same and hear said objectors, or their representatives, in person, and shall adjourn said hearing from time to time as may be necessary.

Within ten days from the conclusion of said hearing or hearings said committee shall file with said city clerk its report and recommendation on the matter so submitted, and upon such filing the city clerk shall give notice that such report and recommendation has been filed and that the same, together with said report of said commissioners, will be considered by said city council at a meeting thereof to be designated in said notice, which notice shall be published in the official newspapers of said city once a week for two consecutive weeks, the last publication thereof being at least two weeks before said meeting of said city council.

Said city council, upon the day fixed for the consideration of said reports and recommendation or at any subsequent meeting to which the same may stand over or be referred, may by resolution annul and abandon said proceedings, or may confirm such awards and assessments or any or either thereof, or annul the same, or send the same back to said commissioners for further consideration; and said commissioners may in such case again meet at a time and place to be designated in a notice which shall be published by said city clerk once in the official newspaper of said city and copies of which shall be similarly mailed by said city clerk to all interested persons, at least two weeks prior to said meeting, and hear any further evidence that may be adduced by interested persons, and may adjourn from time to time, and may correct any mistakes in such award and assessment and alter and revise the same as they may deem just, and again report the same to said city council, who may thereupon confirm or annul the same.

Whenever the city council shall confirm any such award and assessment such confirmation shall make such award and assessment final and conclusive upon all parties interested, except as hereinafter provided, and the city council shall proceed, at the same or at any subsequent meeting, to levy such assessment or such fractional part thereof as the city council may deem necessary to pay the costs of the proceedings and making the improvements therein upon the several parcels of land described in the assessment list reported by the commissioners, in accordance with the assessments so confirmed or in proportion to such assessments as herein provided. The city council may in its discretion delay the levying of such assessments in any proceeding under this act until the completion or substantial completion of the improvements proposed to be made therein, and the actual costs of such improvements and proceeding have been determined, which cost may include interest at 5% per annum on moneys actually advanced by the city, and thereupon the city council shall proceed to levy assessments in such proceeding, aggregating the amount of such costs or such portion of such costs as the city council shall have determined in conformity with the provisions of this act, upon the several parcels of land described in the assessment list reported to the city council by the commissioners in such proceeding, and such assessments so levied shall be in amounts proportionate to and not greater than the several amounts theretofore confirmed upon such parcels of land respectively by the council or by the court upon appeal in such proceeding. The city council shall cause to be made and

shall adopt an assessment roll of such assessments, which may be substantially in the following form, or any other form the council may adopt:

The city council doth hereby assess and levy upon and against the several lots and parcels of land below described the respective sums of money set against each lot or parcel. This assessment is made to defray the compensation and damages awarded for the taking of an injury to private property, and estimated cost of improvement, and in and about the . . . . . as shown on the plat and survey of the same on file in the office of the city clerk of said city. This levy is made conformably to the report and assessment of commissioners duly appointed to make such assessment and in proportion to benefits from such improvements to accrue to the parcels and not exceeding the benefits to the parcels so assessed.

**1557. Spreading of assessment installments.**—The city clerk shall transmit a certified copy of such assessment roll to the county auditor of the county in which the land lies and the county auditor shall include 5 per cent of the principal amount of such assessment with and as part of the taxes upon each parcel for each year for twenty years, together with annual interest at the rate ascertained, as hereinafter provided. The city council and board of park commissioners may, however, by such concurrent resolution, determine that the amount of such assessment shall be collected in five or ten equal annual installments instead of twenty, and in such case the county auditor shall include a corresponding per

cent of the principal amount of such assessment with and as part of the taxes of each year, together with such annual interest until the whole is collected. The county auditor shall include in the taxes for each year one of such installments, together with one year's interest upon such installment and all subsequent installments at the same rate, each of which, together with such interest, shall be collected with the annual taxes upon such land, together with like penalties and interest in case of default, all of which shall be collected with and enforced as the annual taxes and credited to the proper city fund. Any parcel assessed may be discharged from the assessment at any time after the receipt of the assessment by the county auditor by paying all installments that have gone into the hands of the county treasurer as aforesaid, with accrued interest, penalties and costs, as above provided, and by paying all subsequent installments; or any parcel assessed may be discharged from the assessment by presenting certificates or bonds sold against such assessments as herein provided sufficient in amount to cover all installments due on such parcel and accrued interest, penalties and costs, and all installments yet to accrue, by surrendering such certificates or bonds to the county treasurer for cancellation or having endorsed thereon such installments, interest, penalties and costs. Said assessment shall be a lien on the land from the time of the making thereof as against the owner and every person in any way interested in the land. The owner of the land and any person interested therein may defend against such assessment at the time of application for judgment in the regular proceedings for the enforcement of delinquent taxes, but such assessment shall not be deemed invalid because of any irregularity, provided the notices have been published substantially as required, and no defense shall be allowed except upon the ground that the cost of the improvement is substantially less than the amount of the assessment, and then only to the extent of the difference between the assessment and the actual cost. Assessments made under this act shall be called special street and parkway assessments of the city of . . . . . and numbered consecutively. Whenever an assessment is certified as aforesaid by the city clerk to the county auditor, a duplicate thereof shall be sent to the city comptroller, and all such assessments shall be sufficiently identified by the name and number as aforesaid. Act Apr. 10, 1933, c. 208, provides that the city council or park commissioners of any city of the first class may appoint five commissioners to determine the damage to property specially assessed for a parkway or boulevard resulting from abandonment of the improvement. On confirmation of the report of the commissioners the city treasurer is required to refund to the owners assessed the amount of the award. The limit of expenditure under the act is fixed at \$12,000. This limitation shows that the act is a piece of legislative jobbery, and is special legislation of the most vicious kind. The act is not entitled to a place in any statute compilation.

Certain cities of the first class may appropriate money to pay for pipe organ.**—Any city of the first class that has heretofore installed a pipe organ in its municipal auditorium, and has failed or refused to pay the full amount of the claim for said organ is hereby authorized to appropriate not to exceed \$40,000 as a final payment therefor. This appropriation to be made from any moneys that may be available. (Act. Apr. 21, 1933, c. 384.)

**1600-1. Stone quarries and docks—Bond issue for Referendum.**

This act pledges the credit of the city to the payment of the bonds. 172M374, 215NW511.

The statute is not invalid because the project authorized involves the opening of a street. Id.

**1600-4. Same—Use of proceeds of sale of bonds—Quarry and dock fund.**

The statute does not require the city to remove and distribute rock by its own equipment and by labor directly hired, but it may do such acts under contract. 172M374, 215NW511.

**1607-1 to 1607-7. [Repealed.]**

Repealed by Act Apr. 19, 1933, c. 341, §19, post. §1607-27.

**1607-8. Sanitary district authorized.**—Whenever two or more contiguous cities of the first class shall directly or indirectly discharge sewage and/or industrial wastes into a common natural water course, and do, or may, so discharge sewage and/or industrial wastes into such water course as to endanger public health and/or to create a nuisance, such cities shall be organized and incorporated into a Sanitary District. (Act Apr. 19, 1933, c. 341, §1.)

**1607-9. Sanitary district to be organized.**—Immediately upon the passage of this Act and whenever any area in the future comes within the meaning of this Act, the State Board of Health shall proceed to investigate each and every area comprised of two or more contiguous cities of the first class coming within the meaning of Section 1 hereof, for the purpose of determining whether the discharge of sewage and industrial wastes into a common natural water course from said cities is likely to endanger or does endanger the public health and is likely to cause or does cause a public nuisance and that the removal and/or abatement thereof will be a benefit to such area. Should it be determined by the State Board of Health that the discharge of sewage or industrial wastes from that particular area does or is likely to endanger the public health and/or does or is likely to cause a public nuisance, and that its removal and/or abatement will be a benefit to such area, the State Board of Health shall so find and shall by written order declare said cities to be a single Sanitary District. The State Board of Health shall forthwith serve a copy of said findings and order in the manner provided by statute for the service of summons in civil action upon the Mayor of each of said cities. Such notice shall set forth all the facts and conditions causing the creation of such Sanitary District and the reasons why each particular municipality is included within the proposed district. The original findings and order of said State Board of Health shall be filed with the Secretary of State. A copy of said findings and order together with a notice specifying the time and place of a public hear-

ing by the State Board of Health on its action shall be published by the State Board of Health in a legal newspaper in each of the cities of the first class once each week for two successive weeks. Such public hearing shall be held not earlier than 30 days after final publication of said notice and at a point convenient to the persons within the proposed District. Such hearing may be adjourned from time to time. At such hearing each city of the first class may appear and offer testimony and arguments either for or against the creation of the District. Likewise any citizen or taxpayer of any such city may appear and be heard in the matter. To carry out the purpose of this Act the State Board of Health shall have the power to subpoena witnesses, to administer oaths, and to compel the production of books, papers, records, and other evidence. Witnesses shall receive the same fees and mileage as in civil actions. Disobedience of any subpoena in such proceedings, or contumacy of a witness, upon application of said Board, may be punished by the District Court in the same manner as if the proceedings were pending in such court. A complete record of each hearing shall be made. The Board may appoint any one or more of its officers, members or employes to hold any hearing herein provided for, with like power and authority as is herein vested in the Board with respect to the holding and conduct of such hearing and to the summoning of witnesses and production of evidence thereat, in which case the record of the hearing shall be reported to the Board, and the Board may take action thereon with like effect as if the hearing had been held before the Board. The Board may employ legal counsel and such other assistance as may be necessary for the purpose of making the investigations herein provided for and otherwise discharging the duties herein imposed upon the Board.

If after hearing and consideration the State Board of Health shall determine that the public health so requires, and the property in such area will be benefited by the elimination of such conditions, it shall so find and shall confirm its order creating said district. The State Board of Health shall file forthwith a copy of such confirming order with the governing body of each city of the first class and serve a copy of said order upon every person who appeared at said hearing, and shall file a copy of said order with the clerk of the district court of the county in which each city of the first class is located.

A copy of such order together with a notice addressed to all citizens, taxpayers, and each city and all other interested parties, stating that each city or person aggrieved by said order may appeal from such order in the manner provided in Section 3 hereof, shall be published in the same manner as is provided for the publication of the order creating such Sanitary District.

If after hearing and consideration the State Board of Health shall determine that the removal or abatement of the condition created by such two or more contiguous cities of the first class discharging sewage and industrial wastes into a common natural water course will not benefit such area it shall so find and shall by order annul and cancel its former order creating said district. (Act Apr. 19, 1933, c. 341, §2.)

**1607-10. Appeals to District Court.**—Within 30 days after the final publication of said order and notice as hereinbefore provided, each city or any citizen or taxpayer may appeal to the district court wherein the city or property of such citizen or taxpayer is located for exclusion of such city from such Sanitary District. The district court thus appealed to shall secure a judge from a judicial district not within or contiguous to such established Sanitary District to hear and determine said appeal. Said cause may be brought on for hearing by the city, citizen or taxpayer so appealing or the State Board of Health and

said appeal shall be tried as other civil causes by the court without a jury. If the court finds that all the requirements of law in establishing said district have been complied with, and that the city or the property of such citizen or taxpayer appealing to said court be benefited by the elimination and/or abatement of said health menace and nuisance, it shall make its findings according to the evidence introduced before it, authorizing and directing the inclusion or exclusion of such city within the established Sanitary District, and the clerk of the district court where said cause is tried is directed to enter judgment in accordance with said findings. Said judgment shall be final and conclusive upon all the parties to such proceedings, except an appeal may be taken to the Supreme Court, as in other civil actions, but any appeal therefrom shall be taken within 30 days from entry of said judgment. In any court action the State Board of Health shall be represented by the counsel employed by the Board, as hereinbefore provided, and the Supreme Court shall, upon application of such counsel, advance the order on the calendar. (Act Apr. 19, 1933, c. 341, §3.)

**1607-11. Board of trustees to govern district.**—The District shall be governed by a Board of Trustees who shall be appointed or selected as follows: Within 60 days after the filing of the order of the State Board of Health confirming the order creating said sanitary district, with the clerk of the District Court of the county in which each city of the first class is located, should there be no appeal by any municipality, citizen or taxpayer, or if there shall be such appeal, within 40 days after the order shall have been handed down by the District Court or by the Supreme Court affirming the establishment of a Sanitary District by the State Board of Health, the city councils, or other governing bodies of the cities within said sanitary district shall each elect one of its own members as trustees to said board, and also one trustee from the citizenry of each city or county wherein such cities of the first class are located; provided that no such appointee from said citizenry shall hold office under the state or any of its political subdivisions except that of notary public. The Mayor of each city or such other member of the governing body as he may name shall also be a trustee during his term of office as Mayor. The Governor shall also appoint one member to such board from the state at large. No person residing in any county partly or wholly within said sanitary district or in any county adjacent to such county shall be eligible to appointment by the Governor.

The city clerk of each such city shall immediately, upon the election of the two trustees by the city council of his city, file with the Secretary of State a certified copy or copies of the resolution or resolutions of the city council of his city electing the said trustees. At the same time, he shall also file with the Secretary of State the full name and address of the mayor of such city, or, in the event the mayor of such city has appointed some member of the governing body in his place, the city clerk shall immediately file with the said Secretary of State a certified copy of the order of said mayor appointing said trustee. Thereafter, the city clerk shall immediately transmit to the State Board of Health the names and addresses of the trustees elected by his city. Immediately upon receiving notification from the cities of the first class comprising the said District of the names and addresses of the persons selected by such cities as trustees, the Secretary of the State Board of Health shall call a meeting of the Trustees so selected, and shall give written notice by mail to each trustee so selected, at least 5 days before said meeting.

If the city council, or mayor, of any of said cities of the first class shall within the time specified herein fail to select, and cause to be certified, any of the

trustees to be chosen as above provided, the Governor shall thereupon select and appoint such trustees as have not been so designated. Any trustee so appointed by the Governor shall be a citizen of the city whose mayor or council has so failed to act or the county wherein such city is located. (Act Apr. 19, 1933, c. 341, §4.)

**1607-12. Election of first board.**—The first board of trustees so selected shall serve as follows: The member elected by each city council who shall not hold public office other than that of notary public, for a term of four years, the member elected by each city council from its members, for a term of two years, and the member appointed by the Governor, for a term of four years. The mayor or the person appointed by the mayor shall serve for the term of office of the mayor, except that the mayor may, in the event said mayor shall appoint some member of the governing body to serve upon the board, terminate that person's membership as trustee at his will. Each of said periods of time is to be computed from the first Tuesday in July of the year in which the appointments are made, and each of said terms is to end on the first Monday in July. Thereafter the terms of all trustees shall begin on a first Monday of July and shall be for four years except as herein otherwise provided. Each trustee shall serve until his successor is duly appointed and qualified. The term of a trustee shall terminate when for any reason he ceases to hold the city office to which he was elected. A vacancy in the office of trustee occurring from any cause shall be filled for the unexpired term as herein provided; a successor to a trustee, whether to fill a vacancy or in succession to a trustee whose term has expired, shall be appointed in the same manner as is provided for an original appointment.

Each appointee before entering upon the duties of his office shall take and subscribe the oath of office prescribed by Section 8, Article 5 of the Constitution. Such oath duly certified by the official administering the same shall, in the case of first Board of Trustees appointed, be filed with the Secretary of State. After the Sanitary District has been organized the oaths of office of trustees shall be filed with the Secretary of said Sanitary District.

The removal of any trustee from the county in which he resided at the time of his selection shall operate as a resignation of his office. Any trustee may be removed from office by the Governor for misfeasance, malfeasance or nonfeasance in the manner provided for by the laws of the state for removal of state officers. No trustee or person holding appointment under such board shall be interested directly or indirectly in any contract entered into under the provisions of this act. Each trustee shall be reimbursed the actual and necessary expense incurred by him in the performance of his duty. No trustee shall receive compensation for his services, except that the trustee selected by the Governor shall receive the sum of \$1,000.00 per year and each trustee selected by the councils or other governing bodies of said cities of the first class and not holding public office other than that of notary public shall receive the sum of \$10.00 per diem or part thereof spent in attending meetings of the board, but such trustee shall not receive more than the sum of \$600.00 in any one year. (Act Apr. 19, 1933, c. 341, §5.)

**1607-13. Shall adopt official name.**—Immediately after the trustees shall organize, they shall adopt an official name for said Sanitary District. The names of the cities of the first class comprising said district shall be a part of the name of said district. Such sanitary district from the time said official name is adopted shall constitute a body corporate, and may sue and be sued, enter into contracts, adopt a common seal, and acquire and hold real and personal property for its corporate purposes. Said sanitary district shall not be subject to the provisions of Laws

of 1925, Chapter 426, or Acts amendatory thereof or supplemental thereto. (Act Apr. 19, 1933, c. 341, §6.)

**1607-14. Quorums—meetings—officers and employees.**—Four-sevenths of the members of the board of trustees shall constitute a quorum for the transaction of business and an affirmative vote of four-sevenths of the entire membership of the board shall be required for the passage of any measure, except as otherwise provided herein. As soon as the trustees first appointed enter upon the duties of their office, they shall organize by electing one of their members chairman, who shall hold office at the pleasure of the trustees. The trustees shall have power to appoint a secretary, a chief engineer, consulting engineers and other consultants, attorneys, and such other officers, agents and employes as they may see fit; provided, however, that whenever the board of trustees performs any work within the limits of a city of the first class or establishes a minimum wage for skilled and/or unskilled labor in the specifications of any contract for work within a city of the first class, the rate of pay to such skilled and unskilled labor shall be the prevailing rate of wage for such labor in such city. The State Treasurer shall be Treasurer of such District. The officers, agents and employes shall perform such duties and receive such compensation as the Board of Trustees may determine, and shall be removable at the pleasure of the Board. (Act Apr. 19, 1933, c. 341, §7.)

**1607-15. Board of trustees to adopt rules.**—The Board of Trustees may from time to time make, adopt, and enforce such rules, regulations and ordinances as it may find expedient or necessary for carrying into effect the purposes of this Act, and fix penalties for violation thereof, not exceeding for each offense 90 days imprisonment in jail or workhouse, or a fine not exceeding one hundred dollars, with imprisonment not exceeding 90 days if the fine be not paid. Prosecution may be in any municipal court sitting within the District. Every sheriff, constable, policeman and other peace officer shall see that all such rules, regulations and ordinances are obeyed, and shall arrest and prosecute offenders. All fines collected shall be paid into the treasury of the city or county from which the arresting officer draws his salary; and all persons committed shall be received into any penal institution within the District at the expense of the District Courts and all persons shall take notice of such rules, regulations and ordinances without pleading or proof of the same. The Board of Trustees shall also have power to adopt orders, resolutions, rules and regulations for the proper management and conduct of the business of said sanitary district for carrying into effect the objects for which such sanitary district is formed. All sessions or meetings of the trustees shall be public and all records shall be public records. The Board of Trustees shall prepare annually a comprehensive report of its official and financial transactions and shall mail a copy of such statement to the Governor of the State, the State Board of Health, and the governing body of each city of the first class included within such sanitary district. (Act Apr. 19, 1933, c. 341, §8.)

**1607-16. Powers of sanitary district.**—The sanitary district, in addition to the other powers vested in it, is empowered:

(a) To regulate and control the discharge of so-called factory or industrial wastes into the jointly used sewers or works of said sanitary district.

(b) To enter into contracts with the industry or industries producing wastes for the purpose of determining the amount of treatment that such industry or industries shall give the wastes at the point of origin, and to enter into contracts with such industry or industries providing for charge to be made annual-

ly or otherwise for the treatment which may be given such wastes at the works of the sanitary district.

(c) To require any occupant of any industrial premises inside or outside of the boundaries of any established municipality within the area of said sanitary district engaged in discharging factory or industrial wastes directly or indirectly into any river, canal, ditch or other waterway within the boundaries of said sanitary district to discontinue such discharge or construct new sewage disposal plants or to so change or rebuild any outlet, drain or sewer as to discharge said factory or industrial waste into sewers of such municipality or into such intercepting sewers as may be established by said sanitary district under such regulations as said sanitary district may determine.

(d) To make, promulgate and enforce such reasonable rules and regulations for the supervision, protection, management and use of any system of jointly used intercepting sewers and treatment and disposal works as it may deem expedient, and such regulations shall prescribe the manner in which connections to the jointly used intercepting sewers shall be made, and may prohibit discharge into said sewers of any liquid, or solid waste deemed detrimental to the sewerage system or treatment and disposal works of said sanitary district.

(e) The Board of Trustees and the governing body of any municipality or territory adjacent to the sanitary district may by agreement provide for the treatment and disposal of the sewage of such municipality or territory at the sewage treatment and disposal works of said district; provided, however, that in the event said Board of Trustees has undertaken or shall undertake, by contract or otherwise, to convey, treat and dispose of the sewage of territory or municipality not included within the boundaries of such district, such territory or municipality shall pay the entire cost of any sewage collection, treatment and disposal works used exclusively by it and of such additional capacity of joint intercepting sewers and treatment and disposal works as may be necessary for, and the cost of operation, maintenance and repair incurred in the conveying, pumping, treatment and disposal of sewage from, such territory not included within the boundaries of such district, such additional cost to be determined by the Board of Trustees. Like agreements may be made by the Board of Trustees with the United States Government, the State of Minnesota and with person, firms, institutions, or corporations having plants or industries located adjacent to said sanitary district. The reasonableness of any rule and the factual determinations of the Board of Trustees may be reviewed by the district court on application of any municipality or person or corporation aggrieved in the district. (Act Apr. 19, 1933, c. 341, §9.)

Metropolitan drainage commission may not buy public liability insurance but may buy workmen's compensation insurance. Op. Atty. Gen., May 24, 1933.

**1607-17. Objects and purposes.**—The general purpose and object of any sanitary district organized under this Act shall be to promote the public health and welfare by providing an adequate and efficient system and means of collecting, conveying, pumping, treatment and disposal of all domestic sewage, commercial and industrial wastes and their products within its own territory, so that the pollution resulting from the discharge thereof into any water course within the sanitary district shall be so reduced that such river, stream or water course shall cease to be, and shall not become a nuisance, or offensive, or injurious to the health and well-being of the people of the State. To accomplish such purpose and end, the Board of Trustees of any sanitary district organized under this Act shall have power within or without the territorial boundaries of the district to construct, operate, maintain and reconstruct a sewage

disposal system or systems and to obtain sites for, to lay out, establish, construct, operate and maintain, and may provide for the laying out, establishing, constructing, operating and maintaining of channels, drains, ditches, intercepting sewers, sewage treatment and disposal plants and works, pumping stations and other works necessary thereto and outlets for carrying off, treating and disposing of the drainage and sewage of such district; provided, that no site within or without the territorial limits of any municipality included in such sanitary district shall be acquired or used for any sewage treatment or sludge handling or disposal works or that any such treatment or sludge handling or disposal works be located, maintained or operated upon such site except with the approval and consent of five-sevenths of the entire Board of Trustees expressed by resolutions to such effect.

For the purpose of this Act, an intercepting sewer and appurtenances thereto shall be considered as only such sewer, and appurtenances thereto that are not now or will not be required by any municipality within the sanitary district, if said municipalities continued to dispose of their sewage and industrial waste by discharging said sewage and industrial waste without treatment into a common natural water course. (Act Apr. 19, 1933, c. 341, §10.)

**1607-18. Board of trustees to adopt comprehensive plan.**—Before undertaking the construction or operation of any system of sewage disposal for the district including intercepting sewers, pumping stations, treatment works, and appurtenances, it shall be the duty of the Board of Trustees of such sanitary district to adopt a comprehensive plan and program of procedure and work, for the collection, treatment, and disposal of sewage and waste materials of said sanitary district, and the same may be modified from time to time, with necessary maps, plats, surveys, and estimates of probable cost of such system for the entire district based upon the probable needs and requirements of the district and of any adjacent territory likely to be annexed to such district, down to such time in the future as to the trustees shall seem most efficient and economical as well as proper and reasonable.

Notwithstanding any other provisions of this Act to the contrary or otherwise, any city included within any such sanitary district shall, after the Board of Trustees has adopted a comprehensive plan and program of procedure and work for the collection, treatment, and disposal of sewage and waste materials for the said Sanitary District, at its own cost and expense, and in accordance with such the comprehensive plan and program of procedure and work originally adopted or subsequently modified by the Board of Trustees, make provision for and construct and erect and maintain any and all drains, sewers, intercepting sewers and other structures necessary for and constituting, or to constitute, any portion or portions of such sewage disposal system situated within or without the corporate limits of such city and used solely by such city for the conveying of its sewage and other industrial waste and the sewage and industrial waste of territory served by such city; provided, that if any such city shall fail within six months after demand therefor by the Board to begin construction by said city of such portions of the sewage disposal system situated within the corporate limits of the city and to be used solely for the conveying of such sewage and industrial waste, or shall fail to complete such construction within a reasonable time thereafter, then the Board shall have full power and authority to undertake and complete such part of the sewage disposal system as provided by Sections 10 to 13 herein and, to provide the funds for such construction shall, subject to the provisions of Section 17 hereof, have authority to levy upon the taxable property within

said city such annual taxes as may be required, said levy to be certified to the county auditor, as provided in Section 17 hereof.

No taxes shall be levied upon the taxable property in such city, and no bonds or indebtedness of such city shall be sold or incurred in any manner whatever by or on behalf of any such sanitary district to defray the cost of like drains, sewers, intercepting sewers or structures constructed within or without the limits of, and used or to be used, solely by any other city or municipality or district within such sanitary district, and nothing contained in the provisions of any local charter or general or special law shall limit or curtail the power of any city to issue bonds to meet the cost of the construction authorized by this section, and the amount of bonds issued and sold for such purposes shall not be included in computing the net indebtedness of such city under the provisions of any local charter or general law. (Act Apr. 19, 1933, c. 341, §11.)

**1607-19. Cities may construct own sewers, etc.—**

When any city located within said sanitary district as established shall determine to erect and construct at its own cost and expense those drains, sewers, intercepting sewers, pumping stations, and other structures to be used exclusively by such city and territory served by such city, as set out in Section 11, said intention shall be expressed by a resolution adopted by a majority vote of the members elect of its governing body, and thereafter such municipality may, notwithstanding any provision to the contrary included within the charter of such city, or any general law of the State of Minnesota, issue and sell its bonds for the cost thereof, subject to the limitations of Section 17, without a vote upon said question by the electors of such city. All bonds issued under the provisions of this section shall be payable serially in annual installments as determined by the governing body of the city, the first thereof to become due and payable in not more than three years from the date of such obligations, and the last installment thereof to become due and payable not more than thirty years from their date. No annual maturing installment of principal of any issue of such obligations shall be more than two and one-half times the amount of the smallest installment thereof maturing in any one year. (Act Apr. 19, 1933, c. 341, §12.)

**1607-20. May enter land for purposes of surveys and construction.—**Such sanitary district may, through its officers, agents and employes, enter upon land within or without the territorial limits of such district for the purpose of making surveys and examinations whenever the Board of Trustees shall deem it necessary or expedient in connection with the performance of its duties or functions. Such sanitary district may likewise enter upon any state, county, town or municipal park, street, road, alley or any public highway within or without its territorial limits, whenever it shall be reasonably necessary or expedient for the purpose of constructing, maintaining or operating its sewage disposal system; and it may lay out and construct in any such park, street, road, alley or public highway, main and intercepting sewers and necessary appurtenances and connections thereto and connect thereto any sewer, drain, or outlet now in place or thereafter constructed by any municipality within the territorial limits of such sanitary district. Before proceeding with any such work, it shall notify in writing the public body or authority having charge or control of such park, street, road, alley, public highway, sewer, drain or outlet, and no permit or payment of fee or charge shall be required. Such sanitary district shall proceed with all due diligence with its work, and after completing the same, it shall restore at its own expense such park, street, road, alley or public highway, and the public structures which may occupy such

park, street, road, alley, or public highway, such as water mains, water connections and appurtenances, sewers, manholes, catchbasins and sewer connections, ornamental light poles and cables, and the property of municipal or public utility companies as gas mains and appurtenances, electric light and power cables or ducts, telephone cables or ducts, to as good condition as is reasonably possible as it or they existed before the commencement of said work.

Such sanitary district shall have power to lay out, construct, operate and maintain, without compensation to the State or to any of its subdivisions, any part of said system of channels, drains, ditches, sewers and outlets, or any other of its works over, upon or under any part of any river or stream flowing through or adjacent to any part of its territorial limits over, upon or under any land covered by any navigable waters of the State, which is owned or held by the State or any of its subdivisions, and over, upon and under canals and waterways, and under right-of-ways of railroads, interurban and street railways and other public utility companies. All persons, firms, trustees, and corporations having buildings, structures, works, conduits, mains, pipes, tracks, poles, wires, cables or other physical obstructions in, over or under the public lands, streets, roads, alleys or highways of said cities, towns or municipalities either within or without the territorial limits of such sanitary districts which interfere with the construction of such system of sewers, channels, drains, ditches, outlets and sewage treatment and disposal works, pumping stations and other works, when in process of construction or repair, shall upon reasonable notice given to them by the sanitary district, promptly shift, adjust, accommodate or remove the same at the cost and expense of said sanitary district, so as to comply reasonably with the needs and requirements of such sanitary district.

All contractor's bonds covering work to be done within the limits of any municipality within the district shall contain provisions indemnifying such city for loss, damage or injury to streets and public works or property resulting from such construction work, and saving the city or municipality harmless therefrom, and the Board of Trustees shall defend and save harmless such city in any action brought against said municipality for loss, injury or damage arising out of such construction. (Act Apr. 19, 1933, c. 341, §13.)

**1607-21. May acquire lands, etc.—**The trustees may from time to time acquire in the name of the district by purchase, deed, grant, lease, devise or condemnation every such right, title and easement in land within its corporate limits as it may deem expedient, including among others the right and easement to construct and maintain underground conduits with or without disturbance of the surface. It may sell and convey land found unnecessary for its purpose, provided, however, that no sale of land be made by said board of trustees without first obtaining an order from the District Court of the district in which such land is situated authorizing said sale, which order shall be filed with the secretary of said district, and the Clerk of said District Court.

Land, or any right, interest, estate or easement therein, may be acquired by the exercise of the right of eminent domain in the manner prescribed by Mason's Minnesota Statutes of 1927 as amended, Sections 1552 to 1556 inclusive, but without any assessment of benefits. All awards not set aside as therein provided shall be a charge upon the district for which its credit shall be pledged. The duties specified to be performed in said sections by the city council, the city clerk and the city engineer, respectively, shall be performed by the trustees, the secretary and the chief engineer of the district. Appeals to the district court shall be taken to the district court of the county in which the land lies.

The notices required to be published shall be published in every case in a newspaper of general circulation published in the county or counties wherein the land lies. All reports and papers required by said sections to be filed with the city clerk shall be filed with the secretary of the district. Unless a lesser estate be designated, an absolute estate in fee simple, unqualified in any way whatsoever, shall vest in the district in every case of taking by the exercise of the power of eminent domain, and such estate shall not be limited or qualified in any way by construction. (Act Apr. 19, 1933, c. 341, §14.)

**1607-22. Construction work to be done by contract.**—All construction work and every purchase of equipment, supplies or materials necessary in carrying out the purposes of this Act, that shall involve the expenditure of \$1,000.00, or more, shall be awarded by contract as hereinafter provided. Before receiving bids under the provisions of this Act the Board of Trustees shall publish, once a week for two consecutive weeks in the official newspaper of each city in said sanitary district a notice that bids will be received for such construction work, and/or such purchase of equipment, supplies or materials, stating the nature of the work, and the terms and conditions upon which the contract is to be let, naming therein a time and place where such bids will be received, opened and read publicly, which time shall be not less than seven days after the date of the last publication. After such bids have been duly received, opened and read publicly and recorded, the Board of Trustees, shall award such contract to the lowest responsible bidder, the Board of Trustees reserving the right, however, to reject any or all bids, each such contract to be duly executed in writing and the person to whom said contract is awarded shall give sufficient bond to the Board for its faithful performance. If no satisfactory bid is received the Board may re-advertise or, by an affirmative vote of five-sevenths of its members, may authorize such sanitary district to perform any part or parts of any construction work by day labor under such conditions as it may prescribe. The Board of Trustees shall have the right to set up reasonable qualifications to determine the fitness and responsibility of bidders, and to require bidders to meet such qualifications before bids are accepted by the trustees. If the Board of Trustees by an affirmative vote of five-sevenths of its members shall declare that an emergency exists requiring the immediate purchase of any equipment or material or supplies at a cost in excess of \$1,000.00, but not exceeding \$5,000.00 in amount, or making of emergency repairs, it shall not be necessary to advertise for bids, but such material, equipment or supplies may be purchased in the open market at the lowest price obtainable, or such emergency repairs may be contracted for or performed without securing formal competitive bids. An emergency, as considered in this Act, shall be understood to be unforeseen circumstances or conditions which result in the placing in jeopardy or human life or property.

In all contracts involving the employment of labor, the Board of Trustees shall stipulate and embody in the terms thereof such conditions as it deems reasonable, as to the hours of labor, wages and may stipulate as to the residence of workmen to be employed by the contractors.

Bonds shall be required from contractors for any works of construction as provided in and subject to all the provisions of Mason's Minnesota Statutes of 1927, Section 9700 to 9705 inclusive. (Act Apr. 19, 1933, c. 341, §14.)

**1607-23. May contract with adjacent municipalities.**—Any city of the first class comprising said Sanitary District, may contract with any of its adjacent municipalities, villages, governmental functions, institutions, persons, or firms, for the conveying, treatment and disposal of their sewage and industrial waste. (Act Apr. 19, 1933, c. 341, §16.)

**1607-24. Charges to be uniform on entire district.**—Except as herein otherwise provided, all costs of operation, maintenance and repair of joint or common sewers, and of all treatment and disposal works and appurtenances thereto for a period of ten years from and after commencement of construction of said disposal system, and all costs of land and right-of-way, construction or joint or common sewers, and of all treatment and disposal works and appurtenances thereto shall be a uniform charge upon the entire district, on the basis of assessed valuation exclusive of money and credits to be paid by a uniform annual tax upon the property of such district; provided, however, that in the event any such city of the first class has undertaken or shall undertake, by contract or otherwise, to convey, treat and dispose of the sewage of territory not included within the boundaries of such district, such city shall pay the entire cost of such additional capacity of joint intercepting sewers and treatment and disposal works as may be necessary for, and the cost of operation, maintenance and repair incurred in the conveying, pumping, treatment and disposal of sewage from such territory not included within the boundaries of such city, such additional cost to be determined by the Board of Trustees, and included in such city's proportion of the budget, as provided herein. From and after the ten year period from the commencement of construction, the costs of operation, maintenance and repair of joint and common sewers, and of all treatment and disposal works and appurtenances thereto shall be allocated in proper proportion to each city within the sanitary district, upon the basis of the total annual volume of sewage contributed by each city as the same shall be measured or estimated and each such city shall pay such share of the total cost thereof as the volume of sewage contributed by said city and the territory served by such city under contract or otherwise bears to the total volume of sewage. In such estimate of the costs to be borne by each city, there shall be taken into account not only the sewage and wastes of each such city that are intercepted and treated, but an estimate shall be made of the sewage wastes of each city which enter or are discharged directly or indirectly into any stream or water course flowing through or adjacent to such district or any part thereof, and such untreated sewage and wastes shall be considered as contributed by such city. Provided that the board of Trustees shall make such allowance for infiltration, conveyance, losses, leakage, etc., into or out of the joint or common intercepting sewers after the point of measurement by any city of the first class, as it may deem just and equitable.

The Board of Trustees when and as soon as the same shall be organized, in order to provide funds to carry out the purpose of this Act and for the expense and disbursement of such Sanitary District for the period before any tax money shall become available, shall prepare a detailed budget of its needs and certify the same to the governing bodies of the respective cities which governing bodies shall review said budget, and the board of trustees, upon notice from any such city of the first class, shall hear objections to said budget and may after such hearing modify or amend the budget, and shall give due notice to the cities of the first class of such modification or amendment, and thereupon said governing bodies shall issue and sell bonds in the amount of said budget, as herein provided, and pay the proceeds of such bond sale into the treasury of said district. Thereafter the Board of Trustees shall, on or before the first day of July of each year, prepare a detailed budget of its needs for the next calendar year, specifying separately in said budget the amounts to be expended for construction, operation and maintenance respectively, and shall certify the same on said date to the governing body of each city of the first class

within said sanitary district, together with a statement of the proportion of said budget to be provided by each such city as herein provided. The governing body of each such city of the first class shall review said budget, and the Board of Trustees, upon notice from any such city of the first class, shall hear objections to said budget and may after such hearing modify or amend the budget, and shall give due notice to the cities of the first class of such modification or amendment. It shall be the duty of the governing body of each city of the first class within the district to provide the funds necessary to meet its proportion of the total cost for construction, operation and maintenance as finally certified by the Board of Trustees, such funds to be raised by the tax levies, bond sales or by any other means within the authority of said cities of the first class, and to pay the same into the treasury of said district in such amounts and at such times as the treasurer of said district may require, and said city is hereby authorized to issue and sell such bonds as may be necessary to meet its obligations under this section, irrespective of any limitation in any home-rule charter or special or general law, without a vote upon said question by the electors of said city, and bonds so determined to be issued and sold shall be issued and sold in the manner provided by Section 12; but for the purpose of providing all or a part of the funds necessary for the current operating and maintenance charges of said sewage disposal system and to pay the interest and principal of any bonds issued or indebtedness incurred for the construction of said system, the Board of Trustees, as soon as the sewage disposal system shall come into operation, shall adopt a resolution, uniform in its application to all cities of the first class within the Sanitary District, establishing reasonable rental charges and providing for the collection of the same by the respective cities from the owners or occupants of the property, which is served directly or indirectly by the system. For the purpose of making such rental charges equitable the Board of Trustees may classify the property benefited thereby, taking into consideration the volume and character of the sewage and wastes, and the nature of the use made of such facilities. Such rental may be based upon either the metered consumption of water on the premises connected with the sewer system, making due allowance for the commercial use of water and for the use of water from private sources of supply; or the number and kind of plumbing fixtures connected with the sewer system; or said rental charges may be determined by the Board of Trustees upon a combination of such methods, or upon any other equitable basis.

The Board of Trustees of said Sanitary District shall in its resolution provide for the billing and collecting of sewer rentals from all persons and corporations whose premises are served directly or indirectly by its sewage disposal system, including premises which derive their water supply in whole or in part from sources independent of the city or public water department. Upon the adoption of the terms of this resolution by the governing body of such city of the first class all such sewer rentals shall constitute a lien upon the real property served by the sewage disposal system, and such lien shall be prior and superior to every other lien or claim, except the lien of an existing tax or local assessment.

A copy of this resolution shall be transmitted to the governing body of each city of the first class within the sanitary district. Upon notice from any such city of the first class the Board of Trustees shall hear objections to said resolution and may after such hearing amend or modify such resolution. The governing body of any such city of the first class may then by ordinance adopt such resolution providing for the establishing and collection of such rentals from the respective owners or occupants of property.

In the event the governing body of any city of the first class shall by ordinance adopt the method prescribed by this resolution of the Board of Trustees the governing body of such city shall on or prior to August first of each year, by resolution determine the basis of rental to be charged property within said city served either directly or indirectly by the sewage disposal system and shall transmit forthwith a copy of said resolution to the water department of said city, and it shall be the duty of such water department to add such charges to the next water bills rendered to the owners, lessees, or occupants of property for water service and to render bills to owners or occupants of property using private sources of supply. The sewer rentals may be charged and collected in two equal semi-annual installments. Said amounts so charged except against owners or occupants of property using private sources of supply, shall be collected in connection and in addition to the water charge for water service; and no part of the charge for water service shall be accepted without including therewith the sewer rental charge. The funds received from the collection of sewer rentals shall be kept by the Comptroller or proper official of such city of the first class, as a separate and distinct fund, and shall be known as the sewer rental fund. This fund shall be used by any such city of the first class for the payment of its portion of the budget of the Sanitary District as hereinbefore described, and for the payment of the interest on any debt incurred for the construction of such sewage disposal system and for retiring such debt, and shall not be used for the extension of a sewage system to serve unsewered areas or for any purpose other than one or more of those specified above.

If any such city of the first class shall fail to take the necessary action to provide the funds required by the Board of Trustees as hereinabove provided, the Board of Trustees shall, subject to the limitations herein on or before October 10th of each calendar year, certify to the County Auditor of the County in which such city so failing to comply shall be located the amount determined by the Board of Trustees to be raised by said city for operation and maintenance, and the County Auditor shall extend, spread and include the same with and as a part of the general taxes for state, county and municipal purposes, to be collected and enforced therewith, together with penalties and interest and costs, and the County Treasurer, upon the collection of the same, shall transfer the same to the Treasurer of the sanitary district.

Whenever any such city shall fail to provide the funds required by the Board of Trustees as hereinbefore provided, for construction purposes, the Board of Trustees shall adopt a resolution setting forth the particular construction purposes for which it deems it necessary for said city to provide funds, the amount of money required for such purposes and that said city is in default for failure to provide said funds. A copy of said resolution shall be served upon said defaulting city by delivering a copy to the mayor or to the governing body. If after thirty days after the service of said resolution, said defaulting city fails to provide such funds in such amount equal to said default as set forth in said resolution, such sanitary district through its Board of Trustees by a five-sevenths vote of the board, shall have power to incur indebtedness in the amount set forth in the resolution and may issue bonds therefor. The bonds issued by said sanitary district pursuant hereto shall bear interest at a rate not exceeding 5% per annum, payable semi-annually, shall be of such date, denominations, form and place of payment, and shall be executed as determined by the Board of Trustees issuing them, shall be secured by pledge of the full faith, credit and resources of the defaulting municipality, shall comply with the provisions of Mason's Minnesota Statutes 1927, Section 1938-5, as to the maturity thereof, and

such bonds shall be paid from tax levies made in conformity with Mason's Minnesota Statutes 1927, Sections 1938-7 and 1938-10, and such bonds shall be sold in the manner prescribed by Mason's Minnesota Statutes 1927, Section 1943. Said sanitary district each year in addition to any other taxes authorized to be levied for it under this Act shall have power to cause to be levied a sufficient tax on the taxable property of such defaulting city to pay the interest and several installments of the principal of said bonds as they shall become due.

Whenever any such city of the first class within the said district shall have made the payments provided herein, such payment shall fully acquit and discharge such city and all the taxable property therein from all further liability or duty to pay for the work or improvements or portion thereof contemplated to be made or the indebtedness incurred, and for which such charge has been so allocated to such city; provided, however, that is such allocation be based upon a preliminary estimate and the actual cost of such work or improvement, or portion thereof, shall thereafter be found to exceed the amount so allocated and charged to such city, such excess shall be charged to and paid by such city or by the taxable property therein as hereinbefore provided, and if upon completion of the work or improvement, or portion thereof, the cost of which has been so allocated and charged, it be found that the sum so paid by such city from the proceeds of a bond issue is excessive, such excess shall be returned to such city and shall be placed in the sinking fund of such bond issue, and shall be used solely for the purpose of paying the principal and interest of such bonds issued hereunder by such city. The bonds issued by any municipality pursuant hereto shall bear interest at a rate not exceeding 5% per annum, payable semi-annually, shall be of such date, denominations, form and place of payment, and shall be executed as determined by the governing body of the corporation issuing them, shall be secured by pledge of the full faith, credit and resources of the municipality, shall comply with the provisions of Mason's Minnesota Statutes 1927, Section 1938-5, as to the maturity thereof, and such bonds shall be paid from tax levies made in conformity with Mason's Minnesota Statutes 1927, Sections 1938-7 and 1938-10, and such bonds shall be sold in the manner prescribed by Mason's Minnesota Statutes 1927, Section 1943.

The total aggregate indebtedness for all purposes under this Act shall not exceed 3½% of the assessed valuation of the taxable real and personal property within said district, excluding money and credits, and the taxes levied against the property of any municipality in any one year shall not exceed two mills upon the assessed valuation thereof, exclusive of the taxes it may be necessary to levy to pay the principal or interest on any bonds or indebtedness of said municipality issued or incurred under the provisions of this Act.

No provisions of any existing law or special or home-rule charter under which any such municipality may be acting shall be deemed or construed to impair, curtail or limit in amount, form or manner the power to issue such bonds pursuant to this Act, and the bonds issued by any municipality pursuant to this Act shall not be included in computing the net indebtedness of such municipality under any applicable law or charter. (Act Apr. 19, 1933, c. 341, §17.)

**1607-25. Municipality may levy special assessment.**—Any municipality within or without the district whose sewage or industrial waste is discharged by contract or otherwise into the sewage disposal system of said sanitary district, shall have authority to levy special assessments upon any property within said municipality, not subject to real estate taxes, which is benefited by the sewage disposal system located

therein. Said special assessments may be levied and collected in the same manner as other special assessments for local improvements authorized by local charters, or general laws. (Act Apr. 19, 1933, c. 341, §18.)

**1607-26. Contiguous municipalities shall treat sewage.**—Within one year after any such sanitary district shall begin treating sewage and industrial waste, any municipality contiguous thereto that is grossly polluting a watercourse common to such district and such municipality, shall treat its sewage to the same degree and extent as does such sanitary district, and the State Board of Health is hereby authorized, empowered and directed to establish such rules and regulations as will make this requirement effective. Whenever any such municipality shall determine or be directed to erect and construct at its own cost and expense the drains, sewers, intercepting sewers, pumping stations, treatment plant, and other structures to be used by it, said intention shall be expressed by a resolution adopted by a majority vote of the members elect of its governing body, and thereafter such municipality may, notwithstanding any provision to the contrary included within the charter of such municipality or any general law of the State of Minnesota, issue and sell its bonds for the cost thereof without a vote upon said question by the electors of said municipality and outside of any limitation established upon the amount of bonds that may be issued by such municipality. Such bonds shall be issued and sold in the same manner and under the same conditions as any other bonds that may be issued and sold by such municipality. It is further provided that the cost of such construction may be paid in whole or in part out of tax levies and the cost of operation and maintenance shall be met out of annual tax levies and such levies for such purposes may be over and above any limitation now established in any general law of the State of Minnesota or by the charter of such municipality. (Act Apr. 19, 1933, c. 341, §18a.)

**1607-27. Law repealed.**—Laws 1927, Chapter 181, is hereby repealed. The proceeds of any taxes heretofore levied by any city of the first class for any metropolitan drainage commission created under said Act whose territorial limits are included within any regular sanitary district that may be organized under this Act, whether the funds are in the hands of the State Treasurer or in the process of collection, shall, as soon as the funds are available therefrom, be duly transmitted and paid over by the State Treasurer or by the several city treasurers as the case may be, to the treasurer of such Sanitary District, for credit to the respective cities, when and as soon as the same shall be organized. Such transfer shall be made upon the written request of such sanitary district by a resolution adopted by its trustees, certified copies of which shall be presented, one to the State Treasurer and one to each of the city comptrollers of said cities. Such sanitary district as may be created under this Act shall likewise succeed to and become vested with title and all right, estate, and interest in and to any property, real or personal, belonging to any metropolitan drainage commission organized under said Chapter 181, whose territorial limits are included within such sanitary district that may hereafter be organized; and the proper officers of such metropolitan drainage commission are hereby authorized and directed forthwith to transfer and deliver to such sanitary district whenever the same shall be organized, any or all property of every nature and description in the possession or control of such metropolitan drainage commission, including all maps, plats, records and reports, and all furniture, laboratory material, fixtures and equipment. Such sanitary district shall likewise assume and be obligated to pay all legal outstanding obligations of such metropolitan drainage commission at the time such transfer of

property is made. Any metropolitan drainage commission created and existing under said Chapter 181 shall, however, continue to exist and operate until a sanitary district, that may be organized under this Act shall succeed to all the property rights of such drainage commission as set forth in this section. Said drainage commission shall thereupon cease to exist, and no further taxes for its support shall be levied. (Act Apr. 19, 1933, c. 341, §19.)

**1607-28. Appropriation to State Board of Health for expenses.**—The sum of \$15,000.00 or so much thereof as may be necessary, is hereby appropriated out of any funds in the State Treasury, not otherwise appropriated, to the State Board of Health to defray necessary expenses in the execution of the duties enjoined upon said Board under this Act, provided however, that upon the establishment of a regular sanitary district under the provisions of this Act, all moneys so paid out of the State Treasury shall be refunded to the State with interest at 4% by such sanitary district and the amount thereof shall be included in the budget costs and collected in the manner provided in Section 17 of this Act. (Act Apr. 19, 1933, c. 341, §20.)

**1607-29. Inconsistent acts repealed.**—All Acts or parts of Acts inconsistent herewith are hereby repealed; provided, that nothing in this Act contained shall be held or construed to repeal, supersede, or abrogate any of the laws of the State or any present or future regulations or requirements of the State Board of Health, adopted according to law, forbidding any pollution of any waters of the State. (Act Apr. 19, 1933, c. 341, §21.)

**1607-30. Provisions separable.**—If any part or provision of this Act shall for any reason be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not impair nor invalidate any other part or provision in the remainder of the Act. (Act Apr. 19, 1933, c. 341, §21a.)

Sec. 22 of Act Apr. 19, 1933, cited, provides that the act shall take effect from its passage.

**1607-31. Equitable charges for sewage facilities.**—Any city of the first class operating under home rule charters, and not embraced within the limits of any sanitary district which is authorized to provide a method or system for establishing and collecting equitable sewage service charges, which has installed and is operating, or which is proceeding to establish and install, a system of sewers, sewage pumping station, or a sewage treatment or disposal plant or plants for public use, in addition to all other powers granted to it shall have authority, by an ordinance duly adopted by the governing body thereof, to charge just and equitable rates, charges or rentals for the use of such facilities and for connections therewith by every person, firm or corporation whose premises are served by such facilities either directly or indirectly. Such charges, shall be, as nearly as reasonably possible equitable and in proportion to the service rendered, and may take into consideration the quantity of sewage produced and its concentration, strength or river, lake, bay or other body of water, pollution qualities in general and the cost of its disposal. The charges may be fixed on the basis of water consumed or on some other basis of measuring the use made of the aforesaid facilities. In case of arrangements with other municipalities, districts or private parties for the supplying of sewers aforesaid, such rates, charges or rentals may also be levied the same as in independent operations. (Dec. 28, 1933, Ex. Sess., c. 30, §1.)

**1607-32. Same—general sewer fund—disposition.**—The moneys received from the rates, charges or rentals as herein authorized shall be kept separate from the general or other revenues of the political subdivision, and when so collected shall be placed in a separate general sewer fund. Also, any moneys received from the sale of any by-products arising out

of sewage treatment or disposal shall be credited to this fund. The moneys so received shall be recorded, deposited, secured and paid out as other funds of the political subdivision are; provided, that upon establishing and fixing the charges aforesaid the receipts therefrom shall be used first to meet the costs of operating and maintaining the said facilities, and any additional sums collected shall be applied to capital charges represented by bonds, certificates of indebtedness, or otherwise, and to the reasonable requirements for replacements and obsolescence. In determining the amount of capital costs to be met, the amount charged to special assessments, and also any amount of such cost properly chargeable to other than sanitary sewers, shall be deducted therefrom; and no such rate, charge or rental shall include any amount therefor or be applied thereto upon their collection. (Dec. 28, 1933, Ex. Sess., c. 30, §2.)

**1607-33. Same—Charges as the tax lien on land—delinquent rentals.**—The rates, charges or rentals for the aforesaid sewer service shall be a charge against the owner, lessee or occupant of the premises, or against any or all of them; and any such claim for unpaid rates, charges or rentals which have been properly billed to the occupant of the premises may be collected in a civil action in any court of competent jurisdiction, or, in the discretion of the governing body of the municipality, may be certified to the county auditor (or auditors of the counties) with the taxes against such property served and shall be collected as other taxes are collected. Payments of delinquent rentals shall be credited to the same fund as current funds for that purpose are, deducting therefrom any cost of collection accruing to the political subdivision. (Dec. 28, 1933, Ex. Sess., c. 30, §3.)

**1607-34. Same—fixing rates—hearing.**—Before any rate for the service aforesaid is fixed under authority of this chapter, a public hearing with due posted or published notice thereof shall be held by the governing body at which hearing interested persons shall be given an opportunity to be heard on the question. A similar hearing shall be held before the establishment of any change in such rates, charges or rentals. (Dec. 28, 1933, Ex. Sess., c. 30, §4.)

This section is valid. 21F(2d)440.

Legislative powers with respect to zoning in cities stated. 21F(2d)440.

The mere fact that a zoning ordinance is harsh and seriously depreciates the value of property is not enough to establish invalidity. 21F(2d)440.

Ordinance passed under this section creating multiple dwelling district and prohibiting enlargement of factories erected therein, held valid. 35F(2d)657, aff'g 21F(2d)440.

City of Minneapolis had power to fix setback lines in a zoning ordinance. 171M231, 213NW907.

Setback lines in zoning ordinances may cast an uncompensated burden on property, under the police power. 171M231, 213NW907.

Action of city council in vacating a granted permit to erect a building in disregard of a setback line was not arbitrary or unlawful. 171M231, 213NW907.

The building restrictions imposed under the 1915 [§§1618 to 1624] law were not affected by the "zoning laws" of 1921 and 1923 and the ordinances adopted thereunder: such restrictions are in full force and effect. 233NW831. See Dun. Dig. 6525.

#### **1615. May pass ordinances for enforcement.**

171M231, 213NW907, note under §1614, ante.

**1617-1. Grant of Power.**—In order to provide for the proper and reasonable enforcement of regulations adopted pursuant to Chapter 217, Laws of Minnesota, for 1921 [§§1614-1617] governing the location, size and use of buildings, and to provide for such reasonable determinations of such regulations as will eliminate practical difficulties in the enforcement of such regulations and to provide for such reasonable variations in the terms of such regulations as will eliminate unnecessary hardship in the way of carrying out the strict letter of such regulations, the local governing body is hereby empowered to appoint a

board of adjustment. (Act Apr. 24, 1929, c. 340, §1.)

**1617-2. Board of adjustment.**—Such a local governing body may provide for the appointment of a board of adjustment, and in conformity with the provisions of this act may provide that the said board of adjustment may determine and vary the application of regulations adopted pursuant to the provisions of Chapter 217, Laws of Minnesota for 1921 [§§1614-1617], as amended, in harmony with their general purpose and intent, and the local governing body may provide by ordinance for the enactment of general or specific rules governing the determination and variation of such regulations.

Where an officially established city planning commission already exists under the city charter it shall be the board of adjustment, otherwise the powers of the board of adjustment shall vest in the governing body who may delegate all or part of such powers to a committee of the governing body. The terms of the members of the board of adjustment shall be concurrent with their terms as members of the governing body or city planning commission. The board shall adopt rules in accordance with the provisions of any ordinances adopted pursuant to this act.

Appeals to the board of adjustment may be taken by any person aggrieved.

The board of adjustment shall fix a reasonable time for the hearing of the appeal, giving public notice thereof, as well as due notice to the parties in interest, and decide the same within a reasonable time. Upon the hearing any party may appear in person, or by agent, or by attorney.

The board of adjustment shall have the following powers:

1. To hear and decide appeals where it is alleged there is an error in any order, requirement, decision or determination made by an administrative official in the enforcement of this act or of any ordinance adopted pursuant thereto.

2. To hear and decide all matters referred to it or upon which it is required to pass under such ordinance.

3. In passing upon appeals, where there are practical difficulties or unnecessary hardship in the way of carrying out the strict letter of such ordinance to vary or modify the application of any of the regulations or provisions of such ordinance relating to the use, construction, or alteration of buildings or structures or the use of land so that the spirit of the ordinance shall be observed, public safety and welfare secured and substantial justice done.

In exercising the above mentioned powers such board may, in conformity with the provisions of this act, reverse or affirm wholly or partly, or may modify the order, requirement, decision or determination appealed from and may make such order, requirement, decision, or determination as ought to be made, and to that end shall have all the powers of the officer from whom the appeal is taken.

The majority vote of the members of the board shall be sufficient to reverse any order, requirement, decision, or determination of any such administrative official, or to decide in favor of the applicant on any matter upon which it is required to pass under any such ordinance, or to effect any variation in such ordinance. (Act Apr. 24, 1929, c. 340, §2.)

**1617-3. Application.**—The provisions of this act shall not apply to any city now or hereafter having provided for the establishment of a board of adjustment in conformity with the provisions of the city charter of such city. (Act Apr. 24, 1929, c. 340, §3.)

No building or structure erected after the creation of such district shall be used for any purpose for which its erection shall be prohibited hereunder.

The term "Council" in this act shall mean the chief governing body of the city by whatever name called.

Any district or any portion thereof created under the provisions of this act may be vacated and the restrictions thereon removed by the council upon petition of 50 per cent of the owners of the real estate in the original district. A portion of a restricted residence district may be vacated and relieved of the restrictions imposed thereon pursuant to this act by the council upon petition of the owners of the portion of the district sought to be relieved if such portion or lot sought to be relieved does not in any part lie between other portions of such restricted district, or if the portion sought to be relieved abuts upon a public street or alley along one border of such district and extends along said public street or alley the entire distance between cross streets, or if the portion or lot sought to be relieved is contiguous to, along one or both sides, or across a public street along its entire front from a parcel of land which shall be duly zoned under a valid municipal zoning ordinance for commercial, multiple dwelling or industrial purposes. The vacation of such district or portion thereof and the removal of the restrictions therefrom shall be accomplished in the same manner herein provided for the creation of any such district, and in the vacation of any such district or any portion thereof and the removal of such restrictions each and all of the provisions of this act as to allowance of damages and benefits to property affected and as to the appointment of commissioners to appraise such damages and benefits and the duties of such commissioners of the city clerk and of each and all of the other officers upon whom duties are herein imposed shall be complied with, and when such proceedings for the vacation of any such district or portion thereof shall have been completed the property included within such district or portion thereof so vacated shall be deemed relieved of each and all of the restrictions imposed in the proceeding creating such district. ('15, c. 128, §1; '23, c. 133, §1; '25, c. 122, §1; Apr. 20, 1931, c. 290, §1.)

21F(2d)440; notes under §614.

**1619. Council given right of eminent domain.**—The council shall first, after causing the probable costs of the proceedings, if abandoned, to be deposited or secured by the petitioners, designate the restricted residence district and shall have power to acquire by eminent domain the right to exercise the powers granted by this act by proceedings hereinafter defined, and when such proceedings shall have been completed, the right to exercise such powers shall be vested in the city. Special assessments; intersections.**—The expense of any improvement mentioned in the foregoing section, except as otherwise specially provided in this act, shall be defrayed by an assessment upon the real estate benefited thereby, to be levied, enforced and collected in the manner hereinafter prescribed, except that all or any part of the expense of paving, repaving, graveling, macadamizing, filling and grading of the space occupied by street intersections may, if the city council of such city deems it expedient, be paid out of the general fund of such city. ('01, c. 379, §2.)

**1713-¼a. Several improvements in one contract.**—Two or more improvements upon one or more streets, either of paving, curbing, graveling, macadamizing, planking, grading or filling, or constructing retaining walls, protection fences, area walls, sewers, gutters or drains, or either or any of them, may be done at the same time under one resolution and may be included in one contract if deemed advisable by the city council of such city so to do. ('01, c. 379, §3.)

**1713-¼b. City engineer to make plans and specifications; estimate of cost.**—Prior to the passage of any resolution for the doing of any work or the making of any improvement hereinbefore specified, the expense of which is to be assessed upon property benefited, except as otherwise specially provided in this act for certain designated kinds of improvements, the city council of such city shall cause plans and specifications of such proposed work, together with an estimate of the probable expense thereof, to be made by the city engineer of such city, or by such other person as may be employed by the said city council for that

purpose, and presented to said city council for its consideration and approval, and the same shall immediately upon the approval thereof by said council be filed with the city clerk or recorder of such city for the inspection of all parties interested.

**Time and manner of receiving proposals, notice by clerk.** The city council shall then designate a time, not less than twenty (20) days distant, and a place at which it will meet and act in relation to the doing of the proposed work and the making of the proposed improvement, and direct that notice be given by the clerk or recorder of such meeting, and the time, place and purpose thereof, and that in the meantime sealed proposals for the doing of such work and the furnishing of all material therefor, if required, will be received by said clerk or recorder, and opened in the presence of such council at such meeting.

('01, c. 379, §4.)

**1713-¼c. Shone-Hydro-Pneumatic system; sewer district; change of boundary lines; general fund; assessed to real estate benefited; when only portion of sewage district shall be constructed, cost divided.**—Whenever the system of sanitary sewerage known as the Shone-Hydro-Pneumatic system, or any system other than a natural gravitation system, shall be adopted and established in and for any such city or for any portion of same, the city council thereof in each instance, when it proposes to cause such sanitary sewers or system of sewers to be constructed or laid, for the drainage of any given portion of such city, shall first determine and accurately describe, by ordinance, the area of territory to be made tributary to an ejector or pumping station to be constructed for such district, and in each instance such territory, so defined, shall be known as a sewer district in such city and shall be properly designated by number.

After sewers or sewer pipes shall have been constructed or laid in any such district, or any portion thereof, in accordance with plans adopted for such district, the city council of such city shall have no power or authority to change the boundary lines of such district, nor to increase or diminish the extent of territory made tributary to the ejector or pumping station therein; provided, that whenever it shall be found advisable after any such district has been established to make a portion of such district tributary to the pumping station of an adjoining district, for the purpose of obtaining a better and more efficient drainage for such portion, then and in such event, the said council may, by an affirmative vote of two-thirds (2-3) of all its members, cause such change to be made, after the city engineer of such city shall have filed his opinion in writing, deeming such change proper and advisable.

Whenever any such sewerage system, other than a natural gravitation system, shall be adopted and established in any such city, the cost and expense of all machinery, ejectors, pumps, air compressors, compressed air storage tanks, and all compressed air pipes and connections, and of erecting and installing all such machinery and appliances and the cost of constructing and laying the final discharge and outlet pipes from the ejector or pumping chamber, in such district to its terminus, shall be paid by the city at large out of the general fund of such city; and no greater amount than the cost of material and labor for and of constructing and laying all sewers and sewer pipes, and the cost and expense of material and labor for, and of constructing and equipping all flush tanks,

the ejector or pumping chamber or chambers and attendant manholes and all other manholes in each such district, shall be chargeable to and assessed upon the lots and parcels of land found benefited in any such district.

Whenever only a portion of a sewerage district, established as in this section provided, shall be constructed and only a part of the territory in such district shall be provided with sewers, then and in such event there shall be assessed upon the property benefited thereby, such portion only of the cost of the ejector or pumping chamber and adjoining manhole, if constructed for the ultimate use of the entire district, as said council may deem equitable and just, and the balance of such cost, not so assessed, shall in the first instance be paid out of the general fund of such city, and upon each and every subsequent extension of sewers in such district, such portion of the cost of such ejector or pumping chamber and adjoining manhole, as may be deemed just and equitable by said city council, shall be included in the assessment for the cost of such extension, until such district has been fully completed, and each assessment for such portion of such chamber and manhole shall be returned into said general fund as the same shall be collected from time to time. ('01, c. 379, §5.)

**1713-¼d. Contract for entire improvement or for work alone; contract for machinery.**—Any contract for the making of any improvement designated in this act may be for the entire improvement complete and include all labor, material, machinery and whatever may be necessary for the full completion thereof, or may be for the doing of the work alone, such city furnishing the necessary material therefor, as the city council of such city may deem to be the best interest of such city; and such council may also, at its discretion, cause the making of any such improvement by separate contracts for different portions thereof or by separate contracts for the labor, material and machinery required for the making of such improvement; in each such instance the notice, prescribed by section 4 of this act, shall contain a distinct statement of the nature and extent of such separate contracts, and shall definitely describe such separate portions of such improvement.

Whenever any machinery or mechanical appliances shall form a part of any improvement authorized by this act, the city council of such city may award a contract for the same after taking into consideration the efficiency, duty, cost of operation and maintenance and the construction, workmanship and operation generally of the several machines or appliances designated in the several bids, without regard to the amount of such bids. ('01, c. 379, §6.)

**1713-¼e. Sprinkling district; publication; contract for sprinkling with water or other substance; contract may include any number of districts.**—Before any proceedings are had by any such city council for the sprinkling of any of the streets, lanes, alleys or public grounds in any such city, such council shall each year, by resolution in writing, determine what territory in such city shall be sprinkled during such year, and may divide such territory into two or more sprinkling districts, describing the boundary lines of each such district; each district so determined shall be designated by number, and thereafter all reference to such district by number in any notice required by this act, or in any other proceeding having reference thereto, shall be deemed a sufficient designation; said resolutions shall designate what officer or officers of said city shall supervise and inspect said work in accordance with the plans and specifications therefor; such resolution shall be published once in the official paper of such city.

The contract price to be paid by said city for the doing of such work, when such sprinkling is done with water, shall be upon the basis of sprinkling one hundred (100) square feet per week, during the life of such contract; if in the opinion of said council it is

deemed impracticable, at the time of letting any such contract, to designate the exact length of time during which sprinkling is necessary in any or all of the districts designated during any particular season, said council may let such contract without so designating the beginning and the end of such sprinkling season; and upon the city so letting such contract, the city council of such city shall have power to order the beginning of said work upon three (3) days' notice to the contractors therefor, and shall likewise have power to order said work to cease for the season in any or all districts or in any portion of any one district, if in their opinion no necessity therefor exists, and such order and direction shall be final, conclusive and binding upon all parties concerned. When, for the prevention of dust, oil or any substance other than water is employed in such work, the specifications therefor shall designate the number of sprinklings, or applications of the substance, to be applied during the entire season to the surface of the streets in the district specified, and the contract price to be paid by said city shall be upon the basis of one lump sum for each separate sprinkling or application in the entire district; such sum to include both labor and material or to be for labor alone as the specifications therefor may prescribe.

Any number of districts may be included in one contract and any or all action by the city council with reference to sprinkling may be with reference to the entire territory to be sprinkled. ('01, c. 379, §7; '13, c. 7, §2.)

**1713-¼ f. Council to give interested parties hearing as to proposed work; lowest responsible bid; work under direction of city engineer; mayor to approve or veto resolution; passage over veto.**—At the time and place designated in the notice prescribed by section four (4) of this act, an opportunity shall be given by the city council of such city to any and all interested parties to be heard for or against the proposed work designated in such notice, and the clerk or recorder of such city shall, in the presence of the said council, open and read all sealed proposals which may have been received for the doing of such work or the furnishing of material, if any, therefor, or both, as the case may be, and the city council of such city may then, by an affirmative vote of majority of all its members, by resolution in writing, accept the most favorable proposal (such proposal to be that of the lowest responsible bidder) and by such resolution authorized the doing of the proposed work or any part thereof, by the person or persons whose proposal shall have been accepted, and direct that written contract be made with him or them therefor; or may reject any or all proposals offered and refuse to authorize to do such work or of any particular part thereof; or if it is deemed by said council to be to the best interest of the city, and the estimate of the city's engineer is less than the lowest bid for said work and material, may reject all proposals offered, and authorize the doing of such work under the direction of the city engineer without contract, or may in its discretion, from lack of quorum or any other reasons, postpone the consideration and decision of the whole matter, or any branch thereof to a future definite time, of which postponement all parties interested shall be required and deemed to take notice.

Such resolutions, after the same has been duly adopted by the said council, shall be signed by the president of such council and attested by the said recorder or clerk, and on the next day after the adoption thereof the same shall be transmitted by such clerk or recorder to the mayor of such city for his approval. If the mayor approves the same he shall append his signature, with the date of his approval thereto, and return the same to the clerk or recorder within five (5) days, Sunday excepted, from the date of its transmission to him; and if he declines to approve the same he shall, within said peri-

od of five (5) days (Sundays excepted), return the same to the clerk or recorder with a statement of his objections thereto, to be presented to the said council at its next meeting thereafter.

Upon the return of said resolution to the city council, without the mayor's approval, the question shall again be put upon the passage of the same, notwithstanding the objections of the mayor, and if upon such vote, which shall be taken by a call of the ayes and noes, two-thirds (213) of all the members of the said council shall vote in favor of the adoption of such resolution, the same shall be declared adopted and shall have the same force and effect as if approved by the mayor.

If such resolution, transmitted to the mayor, shall not be returned by him to the said recorder or clerk within said five days (Sundays excepted), after presentation thereof to him, the same shall be deemed to be approved by him, and he shall deliver the same to the clerk or recorder on demand. ('01, c. 379, §8.)

**1713-¼ g. Contracts; how executed.**—All contracts authorized by this act for any of the improvements therein designated, shall be executed on behalf of such city by the mayor and attested by the clerk or recorder thereof. ('01, c. 379, §9.)

**1713-¼ h. Contract for paving may include sewer, etc.; assessments.**—That each such city is hereby authorized, whenever a contract is let for the paving or macadamizing of any of its streets, to include in such contract, when deemed expedient or necessary, the construction and laying, as far as the property lines, of all lateral sewers and drain connections that may be deemed expedient or necessary, and that the cost of such work shall be assessed by said council upon the real estate benefited thereby, and enforced and collected in the manner and under the regulations provided by this act for other local improvements in such city. ('01, c. 379, §10.)

**1713-¼ i. Patented appliance and material.**—In making any improvements herein authorized, the said council may select patented appliances and material to enter into such construction, if the cost, maintenance and duty thereof is deemed relatively the lowest or most satisfactory, all things considered, and the decision of said council therein shall be final. ('01, c. 379, §11.)

**1713-¼ j. Municipal quarries and works; street commissioner to certify cost.**—Each such city is hereby authorized to provide, establish, equip and maintain and cause to be operated under the supervision of the street commissioner of such city, municipal quarries for the purpose of providing stone, rock and macadam for municipal improvements and uses; and suitable works, apparatus and other facilities for the manufacture, construction and laying of macadam, asphalt, or other kinds of street pavements and sidewalks, as the city council of such city may determine.

Whenever any material is furnished by or obtained from any such municipal quarries, works, apparatus or other facilities, and employed in the construction of making any public improvements provided for in this act, the cost of which is to be assessed upon property benefited thereby, the street commissioner of such city shall immediately upon the completion of said improvement certify the cost of such material so furnished and employed in the making of said improvement, and all work in connection therewith to the city council of such city, and such certificate shall be placed on the file with the city recorder for the inspection of all parties interested; the amount so certified shall be deemed a part of the cost of the improvement so to be assessed, and an assessment shall be made therefor, levied and collected in the same manner as though said work had been performed and said material delivered by contract, as hereinbefore provided. ('01, c. 379, §12.)

**1713-¼ k. Board of health to report nuisance; report plan for abatement.**—Whenever the board of health shall report to the city council of any such city that

stagnant or impure water stands upon any lot, lots or parcels of land within such city, thereby creating a nuisance injurious to public health, said council shall immediately proceed to investigate the same, and if they shall determine that a nuisance does exist by reason of any stagnant or impure water standing upon any lot, lots or parcel of land, and the same is injurious to public health, they shall instruct the city engineer to prepare and recommend a plan and specifications for the abatement of said nuisance, together with an estimate of the expense, which shall be submitted to said council and filed with the recorder, the same as for other public improvements designated in this act, and if said council deems that sufficient real estate can be found benefited to the extent of the damages, costs and expenses necessary to be incurred thereby, such council shall order the doing of said work in the manner hereinbefore provided, and the same proceedings shall be had in relation thereto by said council and other city officers as in case of other local improvements provided for in this act, and the cost thereof shall be assessed upon the property benefited as hereinafter provided. ('01, c. 379, §13.)

**1713-¼l. Unforeseen obstacles; Contract rescinded; Mayor's consent not required.**—If the city council of any such city, in carrying out any of the provisions of this act, should find unforeseen obstacles in grading, excavating, filling, paving or abating nuisances, or in constructing sewers or drains, not provided for, such city council may by resolution order such change or modification in such improvement to meet such unforeseen obstacles, as the said council may deem equitable and just, upon the recommendation of the city's engineer in charge of such work, at any time before or after the letting or making of any contract to do the same, or at any time while the work is in progress, by an affirmative vote of two-thirds (2-3) of all the members of such council; and any additional expense occasioned by such change, addition or modification of the improvement may be included in the assessment therefor upon property benefited by such improvement, but no additional expense shall be incurred other than may be necessary to overcome such unforeseen obstacles; provided, that if the expense required to overcome such unforeseen obstacle will materially increase the cost which would be incurred in the work, if such unforeseen obstacle had not occurred, then the city council of such city shall have the power, by resolution in writing, adopted by an affirmative vote of two-thirds (2-3) of all the members of such council to rescind the contract therefor so far as the uncompleted part of the work is concerned, and may, in their discretion, after such rescission, order the work to be relet as other work is let under this act, and the original contractor in such case shall be entitled to be paid for the portion of the work done by him, ratably, according to contract price, as nearly as the same can be ascertained, and no more. No resolution adopted by virtue of the provisions contained in this section shall require the consent or action of the mayor of such city, but shall be in full force and effect when adopted by the city council, as herein designated. ('01, c. 379, §14.)

**1713-¼m. City engineer may complete work, when.**—If, in the opinion of the city council and its engineer in charge, any work under any contract in such city, authorized by this act, does not proceed each month so as to insure its completion within the time named in the contract, the city's engineer in charge of such work shall have power, when authorized by resolution of such city council, to furnish and use men and materials to complete the work, and charge the expense thereof to the contractor, and the same shall be deducted from any moneys due him or to become due such contractor, or may be collected from him in a suit by said city. ('01, c. 379, §15.)

**1713-¼n. Violating contract; damages and increased cost.**—In all cases where the work for any improvement contemplated by the provisions of this act, shall be suspended before final completion, or the

contractor shall abandon his work under his said contract or shall fail to perform the same for any cause, or if at any time the work or any part thereof is unnecessarily delayed, or the contractor is violating any of the conditions of his contract or executing any of the same in bad faith, then at the option of such city, and by an affirmative vote of a majority of all the members of such council, the contractor may be excluded from further control and superintendence of the work required by his said contract, and such city may then assume such control and superintendence and proceed to complete the work or improvement, either by authorizing the city engineer in charge to procure and furnish all necessary labor and material and complete the same by day work, or, as the city council may determine, relet the unfinished portion of such work or improvement in the same manner, as nearly as may be, as provided in this act for the letting of contracts in the first instant for such improvements, and in every case of such new contract the work shall be carried to completion and shall be paid for in the same manner as contracts for other like improvements, and any and all damages and increased costs of the work to the city, including both labor and material, will be a charge against the original contractor and shall be deducted from any moneys remaining unpaid him or to become due such contractor, and the balance, if any, may be collected by said city from him and his sureties as provided by law. ('01, c. 379, §16.)

**1713-¼o. Contractor personally responsible.**—Any contractor or person who accepts a contract authorized by this act, under any such city, shall take the same with the condition that he shall be personally and directly responsible for any and all loss, damage or injury which may arise or in any way, directly or indirectly, be suffered by said city by reason of any occurrence while the work is going on, and before acceptance thereof by such city, caused by any negligence or misconduct on his part or on the part of his servants or employes in doing the same, and every such contractor shall guard all such work by suitable guards by day and with lights at night, so as to prevent any loss, damage or accident. ('01, c. 379, §17.)

**1713-¼p. Contractor to execute bond.**—Before any contract whatever for the doing of any work or furnishing any skill or material, contemplated in this act, to any such city for the making of any improvement herein authorized shall be valid for any purpose, the contractor therefor shall execute a bond to such city, with two or more sufficient sureties to be approved by the mayor of such city, in such amount as the council of such city may direct, not less than the contract price agreed to be paid for the performance of such contract, and in no event less than one thousand (\$1,000) dollars, conditioned as provided by the General Laws of this state requiring the giving of bonds by contractors for public works and improvements, and conditioned further, that such contractor will indemnify and hold harmless such city against any damage, loss or injury which may arise in any way, directly or indirectly, be suffered by said city by reason of any occurrence while the work is going on and before acceptance thereof by such city, caused by any negligence or misconduct on the part of such contractor, his servants or employes in doing the same.

Such bond shall in all respects be executed as required by such General Laws, and all provisions in such laws contained, shall be applicable, as near as may be, to contracts herein authorized.

Every such bond shall be filed with the contract in the office of the clerk or recorder of such city, the custodian thereof. ('01, c. 379, §18.)

**1713-¼q. Bids accompanied by bond, or certified check.**—The council of every such city shall have power to require all bids for the doing of all work or the furnishing of all skill or material, authorized by this act to be accompanied by a bond, on the part

of the bidder in such sum and with such sureties as said council may prescribe, or in lieu of such bond a certified check payable to such city upon a bank located in such city, or cash of the same amount; conditioned that he will enter into a contract with such city for the doing of the work or the furnishing of the skill or material for the price mentioned in his bid, and according to the plans and specifications therefor in case the contract shall be awarded to him; and in case of default on his part to sign and enter into such contract or fail to furnish the required bond therefor, within the time prescribed by such council in and by the specifications therefor, the same shall be deemed forfeited, and if a check or cash be so deposited the same shall be the property of the city absolutely, and in case of a bond the same may be sued and judgment recovered thereon by such city, for the full amount in any court having jurisdiction of the amount. ('01, c. 379, §19.)

**1713-¼ r. Assessments to be made.**—It is hereby made the duty of the city council of such city to make without unnecessary delay, at the proper time or times, all assessments for local improvements authorized by this act. ('01, c. 379, §20.)

**1713-¼ s. Same; objections; assessment statement.**—Upon the completion of any improvement authorized under the provisions of this act, the city council of such city shall proceed without delay to apportion and assess the cost of such improvement, when not herein otherwise provided, upon the real estate by them deemed benefited, to the extent of benefits received, and in proportion, as near as may be, to the benefits resulting thereto from the improvement; and it shall constitute no objection to such assessment that the amount thereof either exceeds or falls short of the original estimate of the cost of the improvement submitted to the city council, or that the said city has not fully adjusted all matters with the contractors for said work, or approved his final estimate therefor, or that the said council has refused at that time to relieve the said contractor from further duties in connection therewith.

In all proceedings and advertisements for the making and collection of any assessment under this act, letters, figures and the usual and customary abbreviations may be used to denote lots, parts of lots, lands and blocks, sections, townships, ranges and parts thereof, the year and the amounts; such assessment shall be in writing, in which shall be given a description of each lot or parcel so assessed, the name of the owner thereof, if known, and the exact amount assessed thereto. ('01, c. 379, §21.)

**1713-¼ t. Publication of notice of meeting; objections in writing.**—Upon the completion of any assessment authorized by this act, the said council shall direct that the same be placed on file with the clerk or recorder, and shall appoint a time, not less than ten (10) days distant, and a place when and where it will meet to consider and act upon such assessment, and the clerk or recorder shall thereupon cause notice of such meeting, and the time, place and purpose thereof, to be given by one publication of such notice in the official newspaper of such city, at least five (5) days prior to the time so appointed for said meeting; in such notice shall be given a brief description of the improvement for which the assessment has been made, and the territory embraced in such assessment, and shall be to the effect that such assessment is on file with the city recorder or clerk and open to the inspection of all interested parties, and that all objections to the same must be filed in writing with the clerk or recorder of such city at least one (1) day (Sunday and legal holidays excepted), prior to said meeting, and that unless sufficient cause is shown to the contrary the same will be confirmed; provided, that if such assessment be for sprinkling, such notice need not contain a description of the territory embraced in such assessment and a reference therein to the number of the district, for the sprin-

gling of which the assessment is made, shall be deemed sufficiently definite. ('01, c. 379, §22.)

**1713-¼ tt. Construction placed upon word "sprinkling."**—That the word "sprinkling" wherever used in this act shall be deemed to include sprinkling, saturating or treating the surface of a highway, street, public way or public ground with water, oil, mineral or any other substance, for the purpose of preventing dust in the atmosphere or on the surface of such public way or ground. ('01, c. 379, §22a, added '13, c. 7, §3.)

**1713-¼ u. Council to hear objections; filing; corrected assessment confirmed.**—At the time and place so appointed, as provided in the last preceding section [§1713-¼ t], the said council shall proceed to consider said assessment and hear all objections which parties interested may desire to make thereto, and may adjourn as often as deemed expedient to a future definite time and place, and if none of the members are present the recorder may adjourn to some other convenient time and place, of which postponement all parties interested shall be required and deemed to take notice. All objections to said assessment shall be in writing and filed with said recorder at least one (1) day (Sunday and legal holidays excepted), prior to the said meeting of said council; provided, however, that said council may, in its discretion, allow any party interested, who has accidentally or inadvertently omitted to file his objection aforesaid, to do so at the time of meeting of said council. Said council may give a new notice of such hearing if the previous notice shall be found imperfect or for any other reason.

Said council shall, after due consideration, make such correction or changes in said assessment, and may revise the same as they may deem necessary to perfect and equalize the same on the basis prescribed in this act, and shall confirm and establish the assessment when so corrected and equalized. Said assessment, when so confirmed and established, shall be final, conclusive and binding upon all parties interested therein, and the several amounts charged in such assessment, as so confirmed and established against the several lots and parcels of land therein mentioned, shall be enforced and collected as hereinafter provided. If any assessment be annulled or set aside, the said city council shall proceed de novo to make another new assessment in like manner, and like notice shall be given as herein required in relation to the first, and all parties interested shall have the like rights. ('01, c. 379, §23.)

**1713-¼ v. Portion of cost chargeable to railway company; distress.**—When in any case, any portion of the cost and expense of making any improvement mentioned in this act in any such city shall by virtue of any valid law or ordinance, or by virtue of any contract be chargeable upon any railway company in any such city, the amount or amounts so chargeable may be assessed upon such railway company, and the balance only upon the real estate benefited thereby, and such city may collect the amount so assessed upon said railway company, by distress and sale of personal property in the manner provided for in the General Laws of this state in the case of taxes levied upon personal property, or by suit brought for that purpose; provided, however, that any real estate belonging to such railway company subject to assessment under the General Laws of this state or any valid ordinance or contract, and deemed benefited by said improvement, shall be assessed as in other cases. ('01, c. 379, §24.)

**1713-¼ w. Assessment a lien.**—All assessments levied under the provisions of this act shall be a paramount lien on the real estate upon which the same may be imposed, from the date of the confirmation of such assessment. ('01, c. 379, §25.)

**1713-¼ x. Record of assessment.**—The clerk or recorder of each such city shall keep in his office, in books to be provided for that purpose, a correct record of all assessment confirmed by the city council

and authorized by this act; the said books to be properly ruled and headed so as to show at all times a substantial description and history of each assessment on each lot and parcel of ground, whether payable in installments as hereinafter provided, and whether paid to the city or county treasurer or whether remaining unpaid. ('01, c. 379, §26.)

('01, c. 379, §42.)

**1713-½ n. General plans and specifications applicable to all sidewalks that may be ordered built and laid during such year by said council shall be made, approved and filed before such publication of proposals, as in the case of other public improvements; such plans and specifications shall classify the different kinds of walks required by the conditions existing in the different portions of such city, accurately specifying the material, dimensions and method of construction for each such class, and require separate proposals for each such class, the proposals shall be received and the work shall be let and placed under contract in the same manner and under the same regulations as in the case of other improvements provided for in this act, so far as the

When for any reason no contract is awarded by the city council for the construction of sidewalks, as authorized by section forty-five (45) of this act, then such council may from time to time authorize the construction of sidewalks in such city in the same manner as the making of other improvements are authorized by such council under the provisions of this act, and any number of walks on one or more streets may be included in one contract. ('01, c. 379, §46.)

**1713-½r. When an owner constructs, lays or relays his or her own walk, the same shall be constructed, laid or relaid under the supervision and direction of the city engineer, and such engineer shall upon the full and satisfactory completion of such walk, deliver to the contractor certificate of his acceptance, if demanded.

No property owner shall have any authority whatsoever to construct or lay his or her own walk after the city council shall have ordered its construction by resolution, as hereinbefore provided, and the said city council shall not so order the building of any walk after a permit has been issued therefor by the city engineer, and before the expiration of the time designated therein within which the same is to be built. In each case such assessment, for all such repairs within the year, and since the making of the last assessment for such repairs, may be combined in one assessment roll; such assessment shall be collected and enforced in the same manner as other assessments provided for in this act, except that the same shall not first be transmitted to the city treasurer for collection, but shall be directly certified to the county auditor of such county by said recorder to be placed upon the

After the first Monday in January following the date on which any delinquent assessment shall have been certified to the county auditor, the same must be paid to the county treasurer the same as other state or county taxes.

Upon the presentation of one of said duplicate receipts by such owner or person interested, to the county auditor or county treasurer of such county, as the case may be, he shall cancel such assessment on his books, or if the same has not yet been transmitted to the county auditor by the city recorder of such city, said recorder shall thereupon cancel such assessment on the delinquent list containing the same, and after that time the lien on such land shall cease to the amount of such payment, and the said county auditor, if such receipt be filed with him, shall report the same in the next settlement thereafter with the said city treasurer, for taxes collected and payable to such city treasurer.

Such petition shall set forth the metes and bounds of the proposed city and of the several wards thereof, and the population thereof, and the number of voters voting in said territory at the last general election for state officers. The residence of each signer shall be stated opposite the signature, but the signatures to the petition need not be appended to one paper. The petition shall be verified by the oaths of at least three of the petitioners, declaring the statements made in the petition to be true. In addition thereto the peti-

The inspectors shall preserve all ballots, tally sheets, and tabulations pertaining to said election, and forward the same in sealed containers to the County Auditor as soon after said election as conveniently may be to be by him kept according to law.

**1933-55. Commission to make rules and prescribe standards.**—The commission shall ascertain the duties of each office, position and employment in the police protection service of such city or village, and designate by rule as well as may be practicable the grade of each office, employment or position. The commission shall prescribe standards of fitness and efficiency for each office, position, and employment and for each grade, and adapt its examination thereto. (Act Apr. 23, 1929, c. 299, §8.)

No question in any examination shall relate to the political or religious convictions or affiliations of the applicant. All applicants for positions of trust and responsibility shall be specially examined as to moral character, sobriety and integrity, and all applicants for position requiring special experience, skill or faithfulness shall be specially examined in respect to those qualities. The commission may make complaint to the district court of disobedience of its subpoenas or orders under this section, and the court shall prescribe notice to the person accused and require him to obey the commission's subpoena and order, if found within the lawful powers of the commission, and punish disobedience as a contempt of court. Witnesses shall be entitled to the same fees and mileage as for attendance upon the District Court, except that any officer, agent, or employee of said city or village who receives compensation for his services, shall not be entitled to fees or mileage.
