103F.181 CONDITIONS FOR GRANTS.

Subdivision 1. **Local expression of willingness.** The local unit of government shall apply for a grant by a resolution requesting state funding assistance for the construction of a floodwater retention or retarding structure within its jurisdiction. The resolution shall include provisions concerning local funding, if any. The local unit of government shall state its intent to obtain necessary land rights for proposed construction sites and to assume responsibility for maintenance of the structure on its completion.

Subd. 2. **General plan.** The local unit of government shall demonstrate that the construction project that it proposes is consistent with its general plan for floodplain management. The general plan of the local government unit shall be in conformity with the policy and objectives of this chapter and shall, where reasonable and practicable, include nonstructural means of floodplain management.

Subd. 3. **Federal aid availability.** The Board of Water and Soil Resources shall complete a detailed analysis of the availability of federal funds and programs to supplement or complement state and local efforts on each project and include the eligibility requirements and time frame for receiving the federal aid.

Subd. 4. **Environmental impact statement.** The local unit of government, assisted by the project staff engineer, shall make a comprehensive evaluation of the positive and negative environmental effects which would be reasonably likely to take place if the particular proposed project would be constructed.
