103F.431 SOIL AND WATER CONSERVATION ASSISTANCE.

A landowner who has filed a mediated settlement under section 103F.421 or who has received a court order under section 103F.425 may request the soil and water conservation district to assist in the planning, design, and application of practices necessary to reduce soil loss to the applicable soil loss limit amounts or to the greatest practical extent. The soil and water conservation district must give the landowner a high priority for technical and cost-sharing assistance.

History: *1990 c 391 art 6 s 63*
