Subd. 7. **Judicial process relating to certificate or vehicle.** A certificate of title for a vehicle is not subject to garnishment, attachment, execution, or other judicial process, but this subdivision does not prevent a lawful levy upon the vehicle or the lawful enforcement of an administrative lien or judgment debt or lien filed pursuant to a court order or by a public authority responsible for child support enforcement.

Subd. 8. **Liens filed for enforcement of child support.** This subdivision applies if the court or a public authority responsible for child support enforcement orders or directs the commissioner to enter a lien, as provided in section 518A.67. If a certificate of title is applied for by the owner, the department shall enter a lien on the title in the name of the state of Minnesota or in the name of the obligee in accordance with the notice if the value of the motor vehicle determined in accordance with either the definitions of section 297B.01, subdivision 14, or the retail value described in the N.A.D.A. Official Used Car Guide, Midwest Edition, for the current year exceeds the exemption allowed in section 550.37. The department shall not issue a vehicle identification number to a homemade neighborhood electric or low-speed vehicle or retrofitted golf cart, and such vehicles do not qualify as neighborhood electric vehicles.

168A.07 CONDITIONAL REGISTRATION.

Subdivision 1. **Ownership at issue; certificate withheld or bond filed.** In the event application is made in this state for a certificate of title on a vehicle and the department is not satisfied as to the ownership of the vehicle or the existence of security interests therein, the vehicle may be registered but the department, subject to subdivision 1a, shall either:

(1) withhold issuance of a certificate of title until the applicant shall present documents reasonably sufficient to satisfy the department of the applicant's ownership of the vehicle and as to any security interest therein; or

(2) as a condition to issuing a certificate of title, require the applicant to file a bond in the form and amount provided in subdivision 1b.

Subd. 1a. **Ownership at issue; requirements for certificate issuance.** (a) In the event application is made in this state for a certificate of title on a vehicle with a model year designated by the manufacturer of more than five years prior to the year in which application is made, and the applicant is unable to establish sole ownership of the vehicle because one or more owners, prior owners, or lienholders cannot be found, the department shall issue a certificate of title to the applicant if the applicant submits:

(1) the application;

(2) a bond in the form and amount provided in subdivision 1b;

(3) an affidavit that identifies the make, model year, and vehicle identification number of the vehicle, and includes a statement that:

(i) the applicant is an owner of the vehicle;

(ii) the applicant has physical possession of the vehicle; and

(iii) in attempting to transfer interest in the vehicle or obtain a certificate of title or lien release, the applicant was unable after using due diligence to (A) determine the names or locations of one or more owners, prior owners, or lienholders; or (B) successfully contact one or more owners, prior owners, or lienholders known to the applicant; and

(4) payment for required taxes and fees.

(b) Unless the department has been notified of the pendency of an action to recover the bond under paragraph (a), clause (2), the department shall allow it to expire at the end of three years.

Subd. 1b. **Bond requirements.** A bond filed under this section must be in the form prescribed by the department and executed by the applicant, and either accompanied by the deposit of cash or executed by a surety company authorized to do business in this state, in an amount equal to 1-1/2 times the value of the

vehicle as determined by the department. The bond shall be conditioned to indemnify any prior owner and secured party and any subsequent purchaser of the vehicle or person acquiring any security interest therein, or the successor in interest of any said person, against any expense, loss, or damage, including reasonable attorneys' fees, by reason of the issuance of the certificate of title to the vehicle or on account of any defect in or undisclosed security interest upon the right, title and interest of the applicant in and to the vehicle. Any such interested person shall have a right of action to recover on such bond for any breach of its conditions, but the aggregate liability of the surety to all such persons shall in no event exceed the amount of the bond. Unless the department has been notified of the pendency of an action to recover on the bond and if all questions as to ownership and outstanding security interests have been resolved to the satisfaction of the department, such bond, and any deposit accompanying it, shall be returned at the end of three years or prior thereto in the event the vehicle is no longer registered in this state and the currently valid certificate of title is surrendered.

Subd. 2. **Nontransferable certificate.** In the event the issuance of a certificate of title is withheld in accordance with subdivision 1, or because the applicant is unable to surrender an existing certificate of title to the vehicle issued by another state, the department, upon payment of the same fee as for issuing a certificate of title, may issue to the applicant a nontransferable certificate in form designated by the department certifying that the applicant has applied for a certificate of title; provided that such certificate shall not be issued if the department has reasonable grounds to believe the applicant is not the owner or that the application contains a false or fraudulent statement.

Subd. 3. **Fees.** The filing fee to create a conditional registration shall conform with the fee provided in section 168.33, subdivision 7, paragraph (a), clause (2). A subsequent removal and clearing of a conditional registration is considered a separate transaction and requires payment of an additional filing fee of the same amount, provided the removal and clearing was initiated by a motor vehicle dealer licensed under section 168.27.

168A.08 GROUNDS FOR REFUSAL TO ISSUE CERTIFICATE.

The department shall refuse issuance of a certificate of title if any required fee is not paid or if:

- (1) the department has reasonable grounds to believe that the applicant is not the owner of the vehicle;
- (2) the department has reasonable grounds to believe that the application contains a false or fraudulent statement;
- (3) the applicant fails to furnish required information or documents or any additional information the department reasonably requires; or
- (4) the applicant has not paid at least one month's registration tax or registered the vehicle under section 168.187.

7642, and regulations adopted pursuant thereto, and safety standards as provided by the National Traffic and Motor Safety Act, United States Code, title 15, sections 1381 through 1431, and regulations adopted pursuant thereto, unless the applicant furnishes either proof satisfactory to the agent that the vehicle was not brought into the United States from outside the country or all of the following:

(1) a bond release letter, with all attachments, issued by the United States Department of Transportation acknowledging receipt of a statement of compliance submitted by the importer of the vehicle and that the statement meets the safety requirements as provided by Code of Federal Regulations, title 19, section 12.80(e);

Subd. 2. Accompanying documents. The application for certificate of title and the application for registration must be accompanied by a manufacturer's certificate of origin in the English language which was issued by the actual vehicle manufacturer and either:

(1) the original documents constituting valid proof of ownership in the country in which the vehicle was originally purchased, together with a translation of the documents into the English language verified as to accuracy of the translation by affidavit of the translator; or

(2) with regard to a vehicle imported from a country that cancels the vehicle registration and title for export, a bond as required by section 168A.07, subdivision 1, clause (2).

Subd. 3. Consular identification card. A valid and unexpired consular identification card issued to the applicant by the recognized consulate of a jurisdiction other than the United States is a primary document for purposes of Minnesota Rules, part 7410.0400, and successor rules, when the applicant is an individual who is applying as the owner for a vehicle title or registration.

168A.09 DUPLICATE CERTIFICATE.

Subdivision 1. Application, issuance, form, bond, and notice. (a) In the event a certificate of title is lost, stolen, mutilated, destroyed, or becomes illegible, the owner or legal representative of the owner named in the certificate may submit an application to the department or a deputy registrar for a duplicate in a format prescribed by the department. The department or deputy registrar must issue a duplicate certificate of title if satisfied that the applicant is entitled to the duplicate certificate of title. The duplicate certificate of title must be plainly marked as a duplicate and mailed or delivered to the owner. The department or deputy registrar must indicate in the driver and vehicle information system records that a duplicate certificate of title has been issued. As a condition to issuing a duplicate certificate of title, the department may require a bond from the applicant in the manner and format prescribed in section 168A.07, subdivision 1, clause (2). The duplicate certificate of title must contain the legend: "This duplicate certificate of title may be subject to the rights of a person under the original certificate."

(b) The commissioner must allow duplicate certificate of title issuance by a deputy registrar, subject to procedures established by the commissioner.

Subd. 3. **Recovery of original certificate.** A person recovering an original certificate of title for which a duplicate has been issued shall promptly surrender the original certificate to the department.

Subd. 4. **Restored pioneer vehicle; replacement title.** (a) The owner of a vehicle may apply to the commissioner for a replacement title if:

(1) a Minnesota title has been issued prior to August 1, 2012; and

(2) the vehicle meets the requirements for a restored pioneer vehicle under section 168A.01, subdivision 16d.

(b) The commissioner shall establish and make publicly available requirements for an application under this subdivision, and shall make reasonable efforts to minimize burden on the title applicant. Among the application requirements, a person applying for a replacement title shall surrender the original title.

(c) The commissioner shall impose a fee for a replacement title issued under this subdivision that is equal to the fee for issuing a duplicate certificate of title under section 168A.29. Fee proceeds must be allocated in the same manner as the fee for a duplicate certificate of title.

168A.10 TRANSFER OF INTEREST BY OWNER.

Subdivision 1. **Assignment and warranty of title; mileage; notice of sale.** If an owner transfers interest in a vehicle other than by the creation of a security interest, the owner shall at the time of the delivery of the vehicle execute an assignment and warranty of title to the transferee and shall state the actual selling price in the space provided on the certificate. Within ten days of the date of sale, other than a sale by or to a licensed motor vehicle dealer, the owner shall: (1) complete, detach, and return to the department the form on the certificate entitled "Notice of Sale," if one is provided, including the transferee's name, address, and driver's license number, if any, and the date of sale; or (2) transmit this information electronically in a form acceptable to the commissioner. With respect to motor vehicles subject to the provisions of section 325E.15, the transferor shall also, in the space provided therefor on the certificate, state the true cumulative mileage registered on the odometer or that the actual mileage is unknown if the odometer reading is known by the transferor to be different from the true mileage. The transferor shall cause the certificate and assignment to be delivered to the transferee immediately.

Subd. 2. **Application for new certificate.** Except as provided in section 168A.11, the transferee must, within 20 calendar days after assignment to the transferee of the vehicle title certificate, execute the application for a new certificate of title in the space provided on the certificate, and cause the certificate of title to be mailed or delivered to the department. Failure of the transferee to comply with this subdivision results in the suspension of the vehicle's registration under section 168.17.

Subd. 3. MS 1988 [Repealed by amendment, 1989 c 148 s 7]

Subd. 4. **Notification of security interest.** If a security interest is reserved or created at the time of the transfer, a notification of security interest shall be delivered or mailed to the person who becomes the secured party.

Subd. 5. **Compliance removes liability after delivery.** Except as provided in section 168A.11 and as between the parties, a transfer by an owner is not effective until the provisions of this section have been complied with; however, an owner who has delivered possession of the vehicle to the transferee and has complied, or within 48 hours after such delivery does comply, with the provisions of this section requiring action by the owner is not liable as owner for any damages resulting from operation of the vehicle after the delivery of the vehicle to the transferee. An owner is not liable who has complied with the provisions of this section except for completing and returning the Notice of Sale or transmitting the required information electronically under subdivision 1.

- (1) a written claim for refund;
- (2) an affidavit correcting ownership signed by the parties; and
- (3) the outstanding certificate of title, if available, with proper assignment.

Subd. 2. **Refunds.** A party may be eligible for a refund of taxes paid pursuant to chapter 297B only if the items indicated in subdivision 1 are submitted within the 90-day time frame unless otherwise provided by law. No other taxes or fees paid may be refunded due to the cancellation of a motor vehicle sale.

168A.11 PURCHASE OF VEHICLE BY DEALER.

Subdivision 1. **Requirements upon subsequent transfer; service fee.** (a) A dealer who buys a vehicle and holds it for resale need not apply for a certificate of title. Upon transferring the vehicle to another person, other than by the creation of a security interest, the dealer must promptly execute the assignment and warranty of title by a dealer, showing the names and addresses of the transferee and of any secured party holding a security interest created or reserved at the time of the resale, and the date of the security agreement in the spaces provided on the certificate of title or secure reassignment.

(b) If a dealer elects to apply for a certificate of title on a vehicle held for resale, the dealer need not register the vehicle but must pay one month's registration tax. If a dealer elects to apply for a certificate of title on a vehicle held for resale, the commissioner must not place any legend on the title that no motor vehicle sales tax was paid by the dealer but may indicate on the title whether the vehicle is a new or used vehicle.

(c) With respect to motor vehicles subject to the provisions of section 325E.15, the dealer must also, in the space provided on the certificate of title or secure reassignment, state the true cumulative mileage registered on the odometer or that the exact mileage is unknown if the odometer reading is known by the transferor to be different from the true mileage.

(d) The transferee must complete the application for title section on the certificate of title or separate title application form prescribed by the commissioner. The dealer must mail or deliver the certificate to the

commissioner or deputy registrar with the transferee's application for a new certificate and appropriate taxes and fees, within the period specified under section 168A.10, subdivision 2.

(e) With respect to vehicles sold to buyers who will remove the vehicle from this state, the dealer must remove any license plates from the vehicle, issue a 31-day temporary permit pursuant to section 168.091, and notify the commissioner within 48 hours of the sale that the vehicle has been removed from this state. The notification must be made in an electronic format prescribed by the commissioner. The dealer may contract with a deputy registrar for the notification of sale to an out-of-state buyer. The deputy registrar may charge a fee of \$7 per transaction to provide this service.

Subd. 2. Notification on vehicle held for resale; service fee. Within 48 hours of acquiring a vehicle titled and registered in Minnesota, a dealer must:

(1) notify the commissioner that the dealership is holding the vehicle for resale. The notification must be made electronically as prescribed by the commissioner. The dealer may contract this service to a deputy registrar and the registrar may charge a fee of \$7 per transaction to provide this service; and

(2) remove any plates from the vehicle and dispose of them as prescribed by the commissioner.

Subd. 3. Records. Every dealer must maintain for three years at an established place of business a record in the form the department prescribes of every vehicle bought, sold, or exchanged, or received for sale or exchange, which must be open to inspection by a representative of the department or peace officer during established inspection hours listed on the initial dealer license application or as noted on the dealer record. With respect to motor vehicles subject to the provisions of section 325E.15, the record must include either the true mileage as stated by the previous owner or the fact that the previous owner stated the actual cumulative mileage was unknown; the record also must include either the true mileage the dealer stated upon transferring the vehicle or the fact the dealer stated the mileage was unknown.

Subd. 4. Centralized record keeping. Two or more new motor vehicle dealers under common management or control may apply to the department in writing for permission to maintain the records required by this section and section 168.27, subdivision 10, paragraph (a), clause (1), item (i), at a single location. The department shall consent to the application unless it provides a reasonable basis for denial. The records must be open to inspection by a representative of the department or a peace officer during reasonable business hours. The location must be at the established place of business of one of the affiliated dealers or at a location within Minnesota not further than 25 miles from the established place of business of one of the affiliated dealers.

168A.12 INTEREST PASSING BY NONVOLUNTARY TRANSFER.

Subdivision 1. Last certificate; proof of transfer; application to department. If the interest of an owner in a vehicle passes to another other than by voluntary transfer, the transferee shall, except as provided in subdivision 2, promptly mail or deliver to the department the last certificate of title, if available, proof of the transfer, and an application for a new certificate in the format the department prescribes.

Subd. 2. Owner's interest terminated or vehicle sold by secured party. If the interest of the owner is terminated or the vehicle is sold under a security agreement by a secured party named in the certificate of title or an assignee of the secured party, the transferee shall promptly mail or deliver to the department the last certificate of title, if available, an application for a new certificate in the format the department

prescribes, and an affidavit made by or on behalf of the secured party or assignee that the interest of the owner was lawfully terminated or the vehicle sold pursuant to the terms of the security agreement. If the secured party or assignee succeeds to the interest of the owner and holds the vehicle for resale, the secured party or assignee need not secure a new certificate of title provided that a notice thereof in a format designated by the department is mailed or delivered by the secured party or assignee to the department in duplicate within 48 hours, but upon transfer to another person the secured party or assignee shall promptly execute assignment and warranty of title and mail or deliver to the transferee or the department the certificate, if available, the affidavit, and other documents required to be sent to the department by the transferee.

Subd. 3. Delivery and issuance; effect on parties. A person holding a certificate of title whose interest in the vehicle has been extinguished or transferred other than by voluntary transfer shall mail or deliver the certificate to the department upon its request. The delivery of the certificate pursuant to the request of the department does not affect the rights of the person surrendering the certificate, and the action of the department in issuing a new certificate of title as provided herein is not conclusive upon the rights of an owner or secured party named in the old certificate.

History: 1971 c 162 s 12; 1986 c 444; 1989 c 148 s 9; 2002 c 371 art 1 s 20,21; 1Sp2019 c 3 art 3 s 29

168A.125 TRANSFER-ON-DEATH TITLE TO MOTOR VEHICLE.

Subdivision 1. Titled as transfer-on-death. A natural person who is the owner of a motor vehicle may have the motor vehicle titled in transfer-on-death or TOD form by including in the application for the certificate of title a designation of a beneficiary or beneficiaries to whom the motor vehicle must be transferred on death of the owner or the last survivor of joint owners with rights of survivorship, subject to the rights of secured parties.

Subd. 2. Designation of beneficiary. A motor vehicle is registered in transfer-on-death form by designating on the certificate of title the name of the owner and the names of joint owners with identification of rights of survivorship, followed by the words "transfer-on-death to (name of beneficiary or beneficiaries)." The designation "TOD" may be used instead of "transfer-on-death." A title in transfer-on-death form is not required to be supported by consideration, and the certificate of title in which the designation is made is not required to be delivered to the beneficiary or beneficiaries in order for the designation to be effective. If the owner of the motor vehicle is married at the time of the designation, the designation of a beneficiary other than the owner's spouse requires the spouse's written consent.

Subd. 3. Interest of beneficiary. The transfer-on-death beneficiary or beneficiaries have no interest in the motor vehicle until the death of the owner or the last survivor of joint owners with rights of survivorship. A beneficiary designation may be changed at any time by the owner or by all joint owners with rights of survivorship, without the consent of the beneficiary or beneficiaries, by filing an application for a new certificate of title.

Subd. 4. Vesting of ownership in beneficiary. Ownership of a motor vehicle titled in transfer-on-death form vests in the designated beneficiary or beneficiaries on the death of the owner or the last of the joint owners with rights of survivorship, subject to the rights of secured parties. The transfer-on-death beneficiary or beneficiaries who survive the owner may apply for a new certificate of title to the motor vehicle upon submitting a certified death record of the owner of the motor vehicle. If no transfer-on-death beneficiary or beneficiaries survive the owner of a motor vehicle, the motor vehicle must be included in the probate estate of the deceased owner. A transfer of a motor vehicle to a transfer-on-death beneficiary or beneficiaries is not a testamentary transfer.

Subd. 5. **Rights of creditors.** (a) This section does not limit the rights of any secured party or creditor of the owner of a motor vehicle against a transfer-on-death beneficiary or beneficiaries.

(b) The state or a county agency with a claim or lien authorized by section 246.53, 256B.15, 261.04, or 270C.63 is a creditor for purposes of this subdivision. A claim authorized by section 256B.15 against the estate of an owner of a motor vehicle titled in transfer-on-death form voids any transfer-on-death conveyance of a motor vehicle as described in this section. A claim or lien under section 246.53, 261.04, or 270C.63 continues to apply against the designated beneficiary or beneficiaries after the transfer under this section if other assets of the deceased owner's estate are insufficient to pay the amount of the claim. The claim or lien continues to apply to the motor vehicle until the designated beneficiary sells or transfers it to a person against whom the claim or lien does not apply and who did not have actual notice or knowledge of the claim or lien.

168A.14 NEW CERTIFICATES ISSUED, OLD CERTIFICATES SURRENDERED.

Subdivision 1. **New certificate after assignment.** The department, upon receipt of a properly assigned certificate of title, with an application for a new certificate of title, the required fees and taxes, and any other documents required by law, shall issue a new certificate of title in the name of the transferee as owner and list any secured party named on it and deliver it to the owner. The secured party or parties must be issued a notification that the security interest has been filed.

Subd. 1a. **New certificate after security interest filed.** The department, upon receipt of an affidavit as provided in section 524.3-1201(a), an application for a new certificate of title, and any required fee, shall issue a new certificate of title in the name of the successor as owner, listing any secured party on it. The department shall deliver the certificate to the successor and shall issue any secured party a notification that the security interest has been filed.

Subd. 2. **New certificate after nonvoluntary transfer.** The department, upon receipt of an application for a new certificate of title by a transferee other than by voluntary transfer, with proof of the transfer, the required fees and taxes, and any other documents required by law, shall issue a new certificate of title in the name of the transferee as owner.

Subd. 3. **Surrendered certificate.** The department shall file and retain for seven years every surrendered certificate of title, the file to be maintained so as to permit the tracing of title of the vehicle.

168A.1411 MANUFACTURED HOME AFFIXED TO REAL PROPERTY OWNED BY COOPERATIVE.

Subdivision 1. **Certificates surrendered for cancellation; cooperatives.** (a) When a manufactured home is to be affixed or is affixed, as defined in section 273.125, subdivision 8, paragraph (b), to real property owned by a Minnesota nonprofit corporation or a Minnesota cooperative, the owner of the manufactured home may surrender the manufacturer's certificate of origin or certificate of title to the department for cancellation so that the manufactured home becomes an improvement to real property and is no longer titled as personal property. The department must not issue a certificate of title for a manufactured home under chapter 168A if the manufacturer's certificate of origin is or has been surrendered under this subdivision, except as provided in section 168A.142. Upon surrender of the manufacturer's certificate of origin or the certificate of title, the department must issue notice of surrender to the owner and upon recording an affidavit of affixation, which the county recorder or registrar of titles, as applicable, must accept, the manufactured home is deemed to be an improvement to real property. An affidavit of affixation by the owner of the manufactured home must include the following information:

- (1) the name, residence address, and mailing address of the owner or owners of the manufactured home;
 - (2) the legal description of the real property in which the manufactured home is, or will be, located;
 - (3) a copy of the surrendered manufacturer's certificate of origin or certificate of title and the notice of surrender;
 - (4) a written statement from the county auditor or county treasurer of the county where the manufactured home is located stating that all property taxes payable in the current year, as provided under section 273.125, subdivision 8, paragraph (b), have been paid or are not applicable; and
 - (5) the signature of the person who executes the affidavit, properly executed before a person authorized to authenticate an affidavit in this state.
- (b) A certified copy of the affidavit must be delivered to the county auditor of the county in which the real property to which the manufactured home was affixed is located.
- (c) The department is not liable for any errors, omissions, misstatements, or other deficiencies or inaccuracies in documents presented to the department under this section if the documents presented appear to satisfy the requirements of this section. Subd. 3. Perfected security interest prevents surrender. The department may not cancel a certificate of title if, under this chapter, a security interest has been perfected on the manufactured home. If a security interest has been perfected, the department must notify the owner that each secured party must release or satisfy the security interest prior to proceeding with surrender of the manufacturer's certificate of origin or certificate of title to the department for cancellation. Permanent attachment to real property or the recording of an affidavit of affixation does not extinguish an otherwise valid security interest in or tax lien on the manufactured home, unless the requirements of subdivisions 1 to 3, including the release of any security interest, have been satisfied.

Subd. 4. Notice of security interest. When a perfected security interest exists, or will exist, on the manufactured home at the time the manufactured home is affixed to real property, and the owner has not satisfied the requirements of subdivision 1, the owner of the manufactured home, or its secured party, may record a notice with the county recorder, or with the registrar of titles, if the land is registered, stating that the manufactured home located on the property is encumbered by a perfected security interest and is not an improvement to real property. The notice must state the name and address of the secured party as set forth on the certificate of title, the legal description of the real property, and the name and address of the record fee owner of the real property on which the manufactured home is affixed. When the security interest is released or satisfied, the secured party must attach a copy of the release or satisfaction to a notice executed by the secured party containing the county recorder or registrar of titles document number of the notice of

security interest. The notice of release or satisfaction must be recorded with the county recorder, or registrar of titles, if the land is registered. Neither the notice described in this subdivision nor the security interest on the certificate of title is deemed to be an encumbrance on the real property. The notices provided for in this subdivision need not be acknowledged.

Subd. 5. **Scaled drawing.** (a) If the portion of the land occupied by the homeowner has not been subdivided, the nonprofit or cooperative owner shall have prepared and recorded against the land a scaled drawing prepared by a licensed professional land surveyor who shall certify that:

- (1) the scaled drawing accurately depicts all information required by this subdivision; and
- (2) the work was undertaken by, or reviewed and approved by, the certifying land surveyor.

(b) The scaled drawing shall show:

- (1) the dimensions and location of all existing material structural improvements and roadways;
- (2) the extent of any encroachments by or upon any portion of the land;
- (3) the location and dimensions of all recorded easements within the land burdening any portion of the land;
- (4) the distance and direction between noncontiguous parcels of real estate;
- (5) the location and dimensions of the front, rear, and side boundaries of each lot that a member of the cooperative or nonprofit corporation has a right to occupy and that lot's unique lot number; and
- (6) the legal description of the land.

168A.1412 MANUFACTURED HOME AFFIXED TO REAL PROPERTY.

Subdivision 1. **Manufactured home as real property.** A manufactured home may be made an improvement to real property, and no longer titled as personal property, pursuant to this section. A manufactured home constitutes an improvement to real property when:

- (1) the manufactured home is to be affixed or is affixed, as defined in section 273.125, subdivision 8, paragraph (b), to the real property;
- (2) the certificate of title is surrendered and canceled pursuant to subdivision 2, or the manufacturer's certificate or statement of origin is canceled pursuant to subdivision 3; and
- (3) an affidavit of affixation pursuant to subdivision 5 is recorded with the county recorder or registrar of titles, as applicable.

Subd. 2. **Surrender of certificate of title.** (a) The owner of the manufactured home may surrender the manufacturer's certificate of title to the commissioner for cancellation. Upon receipt of the certificate of title, the commissioner must issue notice of cancellation to the owner of the manufactured home. In the event the certificate of title is lost, stolen, mutilated, destroyed, or becomes illegible, the owner may submit a written request for cancellation of the title which includes the serial number of the manufactured home and states that the certificate of title is lost, stolen, mutilated, destroyed, or has become illegible. Upon receipt of the request and verification of ownership in Driver and Vehicle Services Division records, the commissioner must issue notice of cancellation to the owner of the manufactured home and must not require the owner to

deliver the certificate of title or obtain a duplicate certificate of title. After canceling a certificate of title, the commissioner must not allow transfer of the title to the manufactured home as personal property. The commissioner must not require the owner of the manufactured home to deliver the affidavit of affixation described in subdivision 5 in order for the commissioner to issue notice of cancellation.

(b) The commissioner must not cancel a certificate of title if, under this chapter, a security interest has been perfected on the manufactured home. If a security interest has been perfected, the commissioner must notify the owner of the manufactured home that each secured party must release or satisfy the security interest prior to cancellation of the certificate of title by the commissioner. Affixing the manufactured home to real property or recording an affidavit of affixation without cancellation of the certificate of title does not extinguish an otherwise valid security interest in or tax lien on the manufactured home.

Subd. 3. Surrender of manufacturer's certificate of origin. The owner of the manufactured home may surrender the manufacturer's certificate of origin to the commissioner for cancellation. Upon delivery of the original certificate of origin, the commissioner must issue notice of cancellation to the owner of the manufactured home. The commissioner must not issue a certificate of title for a manufactured home if the manufacturer's certificate of origin is or has been canceled under this subdivision, except as provided in section 168A.142. The commissioner must not require the owner of the manufactured home to deliver the affidavit of affixation described in subdivision 5 in order for the commissioner to cancel the certificate of origin.

Subd. 4. Verification. The commissioner is not liable for any errors, omissions, misstatements, or other deficiencies or inaccuracies in documents presented to the commissioner under this section if the documents presented appear to satisfy the requirements of this section. The commissioner has no obligation to investigate the accuracy of statements contained in the documents to verify that the manufactured home has been affixed to the real property.

Subd. 5. Affidavit of affixation. An affidavit of affixation must be in substantially the following form and must contain the following information and attachments described in the form. The county recorder or registrar of titles, as applicable, must accept any such affidavit. The county recorder or registrar of titles, as applicable, must provide a copy of the recorded affidavit of affixation to the county auditor of the county for the real property described therein or otherwise inform the county auditor that the home is to be taxed as an improvement to the real property to which it is affixed:

When a perfected security interest exists, or will exist, on the manufactured home at the time the manufactured home is affixed to real property, and the owner has not satisfied the requirements of subdivision 1, the owner of the manufactured home, or its secured party, may record a notice with the county recorder, or with the registrar of titles, if the land is registered, stating that the manufactured home located on the property is encumbered by a perfected security interest and is not an improvement to real property. The notice must state the name and address of the secured party as set forth on the certificate of title, the legal description of the real property, and the name and address of the record fee owner of the real property on which the manufactured home is affixed. When the security interest is released or satisfied, the secured party must attach a copy of the release or satisfaction to a notice executed by the secured party containing the county recorder or registrar of titles document number of the notice of security interest. This investigative hold must be confirmed in writing by the originating agency within 72 hours and will remain in effect for 30 days from the date of initial notification, or until the investigative hold is canceled or renewed, or until a law enforcement notification to confiscate or directive to release is issued, whichever comes first.

A certificate of title that bears a "salvage" brand or stamp does not authorize the holder to register a vehicle.

(b) For a late-model or high-value vehicle with a certificate of title that bears a "salvage" brand or stamp, the commissioner must not issue a certificate of title that bears a "prior salvage" brand unless the application for title is accompanied by a certification of inspection in the form and content specified by the department.

168A.17 SECURITY INTEREST.

Subdivision 1. **Validity.** Unless excepted by section 168A.16, a security interest in a vehicle of a type for which a certificate of title is required is not valid against creditors of the owner or subsequent transferees or secured parties of the vehicle unless perfected as provided in sections 168A.01 to 168A.31.

Subd. 1a. **Leases that are not sales or security interests.** Notwithstanding any other provision of sections 168A.01 to 168A.31 or other law, in the case of a lease agreement with respect to a vehicle other than a vehicle used primarily for personal, family, or household purposes, the determination whether the lease agreement constitutes a lease and does not create a conditional sale or security interest shall be governed by the stated intent of the parties set forth in the lease agreement, unless it can be shown by a preponderance of the evidence that the terms of the lease agreement cannot be reconciled with the stated intent. In no event shall the lease agreement be deemed to create a conditional sale or security interest merely because it permits or requires the amount of rental payments to be adjusted upward or downward by reference to the amount realized by the lessor upon sale or disposition of the vehicle.

Subd. 2. **Perfection.** A security interest is perfected by the delivery to the department of the existing certificate of title, if any, an application for a certificate of title containing the name and address of the secured party, the date of the secured party's security agreement and the required fee.
