(3) conducting training for and set up and installation of assistive technology; and

(4) participating on a person's care team to develop a plan to ensure assistive technology goals are met.

Subd. 4. **Data collection and outcomes.** Grantees must provide data summaries to the commissioner for the purpose of evaluating the effectiveness of the grant program. The commissioner must identify outcome measures to evaluate program activities to assess whether the grant programs help people transition to or remain in the least restrictive setting.
