### 325E.06 REPURCHASE OF FARM MACHINERY, IMPLEMENTS, ATTACHMENTS AND PARTS UPON TERMINATION OF CONTRACT.

Subdivision 1. **Obligation to repurchase.** Whenever any person, firm, or corporation engaged in the business of selling and retailing farm implements and repair parts for farm implements enters into a written or oral contract, sales agreement, or security agreement whereby the retailer agrees with any wholesaler, manufacturer, or distributor of farm implements, machinery, attachments or repair parts or outdoor power equipment, attachments, or repair parts to maintain a stock of parts or complete or whole machines, or attachments, and thereafter the written or oral contract, sales agreement, or security agreement is terminated, canceled, or discontinued, then the wholesaler, manufacturer, or distributor shall pay to the retailer or credit to the retailer's account, if the retailer has outstanding any sums owing the wholesaler, manufacturer, or

distributor, unless the retailer should desire and has a contractual right to keep such merchandise, a sum equal to 100 percent of the net cost of all unused complete farm implements, machinery, and attachments or outdoor power equipment and attachments in new condition which have been purchased by the retailer from the wholesaler, manufacturer, or distributor within the 24 months immediately preceding notification by either party of intent to terminate, cancel, or discontinue the contract, including transportation charges and reasonable assembly charges which have been paid by the retailer, or invoiced to retailer's account by the wholesaler, manufacturer, or distributor and the following:

(a) 95 percent of the current net prices on repair parts, including superseded parts listed in current price lists or catalogs in use by the wholesaler, manufacturer, or distributor or its predecessor on the date of the termination, cancellation, or discontinuance of the contract;

(b) as to any parts not listed in current price lists or catalogs, 100 percent of the invoiced price of the repair part for which the retailer has an invoice which parts had previously been purchased by the retailer from the wholesaler, manufacturer, or distributor and are held by the retailer on the date of the termination, cancellation, or discontinuance of the contract or thereafter received by the retailer from the wholesaler, manufacturer, or distributor;

(c) 50 percent of the most recently published price of all other parts provided the price list or catalog is not more than ten years old as of the date of the cancellation or discontinuance of the contract;

(d) net cost less 20 percent per year depreciation for five years following purchase of all data processing and communications hardware and software the retailer purchased from the wholesaler, manufacturer, or distributor, or an approved vendor of the wholesaler, manufacturer, or distributor, to meet the minimum requirements for the hardware and software as set forth by the wholesaler, manufacturer, or distributor; and

(e) an amount equal to 75 percent of the net cost to the retailer of specialized repair tools, including computerized diagnostic hardware and software, and signage purchased by the retailer pursuant to the requirements of the wholesaler, manufacturer, or distributor, except that specialized repair tools and signage that has never been used must be repurchased at 100 percent of the retailer's cost. Specialized repair tools must be unique to the wholesaler's, manufacturer's, or distributor's product line, specifically required by the wholesaler, manufacturer, or distributor, and must be in complete and usable condition. The wholesaler, manufacturer, or distributor may require by contract or agreement that the retailer resell to the wholesaler, manufacturer, or distributor the specialized repair tools and signage for the amounts established in this section or the amount specified in the dealer agreement or contract or fair market value, whichever is greater.

The wholesaler, manufacturer, or distributor shall also pay the retailer or credit to the retailer's account a sum equal to five percent of the prices required to be paid or credited by this subdivision for all parts, data processing and communications hardware and software, and specialized repair tools and signage returned for the handling, packing, and loading of the parts back to the wholesaler, manufacturer, or distributor unless the wholesaler, manufacturer, or distributor elects to perform inventorying, packing, and loading of the parts, data processing and communications hardware and software, and specialized repair tools and signage itself. Upon the payment or allowance of credit to the retailer's account of the sum required by this subdivision, the title to the farm implements, farm machinery, attachments or repair parts, or outdoor power equipment and repair parts for outdoor power equipment, data processing and communications hardware and software, and specialized repair tools and signage shall pass to the manufacturer, wholesaler, or distributor making the payment or allowing the credit and the manufacturer, wholesaler, or distributor shall be entitled to the possession of the farm implements, machinery, attachments or repair parts, or outdoor power equipment and repair parts for outdoor power equipment, data processing and communications hardware and software,

and specialized repair tools and signage. However, this section shall not in any way affect any security interest which the wholesaler, manufacturer, or distributor may have in the inventory of the retailer.

Payment required to be made under this subdivision must be made not later than 60 days from the date the farm implements, machinery, attachments, repair parts, outdoor power equipment and attachments and repair parts, data processing and communications hardware and software, and specialized repair tools and signage are received by the manufacturer, and if not by then paid, the amount payable by the wholesaler, manufacturer, or distributor bears interest at the maximum rate allowed by law from the date the contract was terminated, canceled, or discontinued until the date payment is received by the retailer.

In lieu of the return of the farm implements, machinery, attachments, and repair parts, or outdoor power equipment and attachments and repair parts, data processing and communications hardware and software, and specialized repair tools and signage to the wholesaler, manufacturer, or distributor, the retailer may advise the wholesaler, manufacturer, or distributor that the retailer has implements, machinery, attachments, or repair parts, or outdoor power equipment and attachments and repair parts, data processing and communications hardware and software, and specialized repair tools and signage that the retailer intends to return. The notice of the dealer's intention to return must be in writing, sworn to before a notary public as to the accuracy of the listing of implements, machinery, attachments, or repair parts, or outdoor power equipment and attachments and repair parts, data processing and communications hardware and software, and specialized repair tools and signage and that all of the items are in usable condition. The notice must include the name and business address of the person or business who has possession and custody of the machinery and parts and where the machinery and parts may be inspected and the list of farm implements, machinery, attachments, or repair parts, or outdoor power equipment and attachments and repair parts, data processing and communications hardware and software, and specialized repair tools and signage may be verified. The notice must also state the name and business address of the person or business who has the authority to serve as the escrow agent of the retailer, to accept payment or a credit to the retailer's account on behalf of the retailer, and to release the machinery and parts to the wholesaler, manufacturer, or distributor. The notice constitutes the appointment of the escrow agent to act on the retailer's behalf. The wholesaler, manufacturer, or distributor has 30 days from the date of the mailing of the notice, which shall be by certified mail, in which to inspect the machinery and parts and verify the accuracy of the retailer's list. The wholesaler, manufacturer, or distributor shall, within ten days after inspection:

- (1) pay the escrow agent;
- (2) give evidence that a credit to the account of the retailer has been made if the retailer has outstanding sums due the wholesaler, manufacturer, or distributor; or
- (3) send to the escrow agent a "dummy credit list" and shipping labels for the return of the machinery or parts to the wholesaler, manufacturer, or distributor that are acceptable as returns.

If the wholesaler, manufacturer, or distributor sends a credit list to the escrow agent, payment or a credit against the dealer's indebtedness in accordance with this subdivision for the acceptable returns shall accompany the credit list. On the receipt of the payment, evidence of a credit to the account of the retailer or the credit list with payment, the title to the farm implements, farm machinery, attachments, or repair parts, outdoor power equipment and attachments and repair parts, data processing and communications hardware and software, and specialized repair tools and signage acceptable as returns passes to the manufacturer, wholesaler, or distributor making the payment or allowing the credit and the manufacturer, wholesaler, or distributor is entitled to keep the farm implements, machinery, attachments, or repair parts, or outdoor power equipment and attachments and repair parts, data processing and communications hardware and software, and specialized repair tools and signage. The escrow agent shall ship or cause to be shipped the machinery and parts acceptable

as returns to the wholesaler, manufacturer, or distributor unless the wholesaler, manufacturer, or distributor elects to personally perform the inventorying, packing and loading of the machinery and parts. When the machinery or parts have been received by the wholesaler, manufacturer, or distributor, notice of the receipt of the machinery or parts shall be sent by certified mail to the escrow agent who shall then disburse 90 percent of the payment it has received, less its actual expenses and a reasonable fee for its services, to the retailer. The escrow agent shall keep the balance of the funds in the retailer's escrow account until it is notified that an agreement has been reached as to the nonreturnables after which the escrow agent shall disburse the remaining funds and dispose of any remaining parts or machinery as provided in the settlement. If no settlement is reached in a reasonable time, the escrow agent may refer the matter to an arbitrator who has authority to resolve all unsettled issues in the dispute.

**Subd. 2. Provisions of contract supplemented.** The provisions of this section shall be supplemental to any agreement between the retailer and the manufacturer, wholesaler or distributor covering the return of farm implements, machinery, attachments and repair parts. The retailer can elect to pursue either the retailer's contract remedy or the remedy provided herein, and an election by the retailer to pursue the contract remedy shall not bar the retailer's right to the remedy provided herein as to those farm implements, machinery, attachments and repair parts not affected by the contract remedy. Notwithstanding anything contained herein, the rights of a manufacturer, wholesaler or distributor to charge back to the retailer's account amounts previously paid or credited as a discount incident to the retailer's purchase of goods shall not be affected. Further, any repurchase hereunder shall not be subject to the provisions of the bulk sales law.

**Subd. 3. Death of dealer; repurchase from heirs.** In the event of the death of the retail dealer or majority stockholder in a corporation operating a retail dealership in the business of selling and retailing farm implements, machinery, attachments or repair parts therefor, the manufacturer, wholesaler or distributor shall, unless the heir or heirs of the deceased agree to continue to operate the dealership, repurchase the merchandise from the heir or heirs upon the same terms and conditions as are otherwise provided in this section. In the event the heir or heirs do not agree to continue to operate the retail dealership, it shall be deemed a cancellation or discontinuance of the contract by the retailer under the provisions of subdivision 1.

**Subd. 4. Failure to pay sums specified on cancellation of contracts; liability.** In the event that any manufacturer, wholesaler, or distributor of farm implements, machinery, attachments and repair parts, or outdoor power equipment and attachments and repair parts, data processing and communications hardware and software, and specialized repair tools and signage, upon the cancellation of a contract by either a retailer or such manufacturer, wholesaler, or distributor, fails or refuses to make payment to the dealer or the dealer's heir or heirs as required by this section, the manufacturer, wholesaler, or distributor shall be liable in a civil action to be brought by the retailer or the retailer's heir or heirs for (a) 100 percent of the net cost of the farm implements, machinery, and attachments, (b) transportation charges and reasonable assembly which have been paid by the retailer, (c) 95 percent of the current net price of repair parts, 100 percent of invoiced prices and 50 percent of the price of all other parts as provided in subdivision 1, and (d) five percent for handling, packing and loading, if applicable.

**Subd. 5. Exceptions.** Unless a retailer has delivered parts to an escrow agent pursuant to subdivision 1, this section shall not require the repurchase from a retailer of a repair part where the retailer previously has failed to return the repair part to the wholesaler, manufacturer, or distributor after being offered a reasonable opportunity to return the repair part at a price not less than (a) 95 percent of the net price of the repair part as listed in the then current price list or catalog, (b) 100 percent of the invoiced price, and (c) 50 percent of the most recent published price as provided in subdivision 1. This section shall not require the repurchase from a retailer of repair parts which have a limited storage life or are otherwise subject to deterioration, such

as rubber items, gaskets and batteries, unless those items have been purchased from the wholesaler, manufacturer, or distributor within the past two years; repair parts which because of their condition are not resalable as new parts without reconditioning; repair parts which have lost required traceability for quality assurance requirements; and repair parts that were marked nonreturnable or future nonreturnable when the retailer ordered them.

Subd. 6. **Definition.** (a) For the purposes of this section "farm implements" mean every vehicle designed or adapted and used exclusively for agricultural operations and only incidentally operated or used upon the highways.

(b) For the purposes of this section, "outdoor power equipment" does not include motorcycles, boats, personal watercraft, snowmobiles, or all-terrain vehicles designed for recreation.

Subd. 7. **Successor in interest.** The obligations under this section of a wholesaler, manufacturer, or distributor apply to its successor in interest or assignee. A successor in interest includes a purchaser of assets or stock, a surviving corporation resulting from a merger or liquidation, a receiver, and a trustee of the original wholesaler, manufacturer, or distributor.

(7) the dealer has engaged in conduct which is injurious or detrimental to the dealer's customers or to the public welfare; or

(8) the farm equipment dealer, after receiving notice from the manufacturer of its requirements for reasonable market penetration based on the manufacturer's experience in other comparable marketing areas, consistently fails to meet the manufacturer's market penetration requirements.

Subd. 2. **Notice.** Except as otherwise provided in this subdivision, a farm equipment manufacturer shall provide a farm equipment dealer at least 90 days' prior written notice of termination, cancellation, or nonrenewal of the dealership agreement. The notice shall state all reasons constituting good cause for the action and shall provide that the dealer has 60 days in which to cure any claimed deficiency. If the deficiency is rectified within 60 days, the notice is void. The notice and right to cure provisions under this section do not apply if the reason for termination, cancellation, or nonrenewal is for any reason set forth in subdivision 1, clauses (1) to (7).

**History:** 1988 c 511 s 2

**325E.063 VIOLATIONS.**

(a) It is a violation of sections 325E.061 to 325E.065 for a farm equipment manufacturer to coerce a farm equipment dealer to accept delivery of farm equipment which the farm equipment dealer has not voluntarily ordered.

(b) It is a violation of sections 325E.061 to 325E.065 for a farm equipment manufacturer to:

(1) condition or attempt to condition the sale of farm equipment on a requirement that the farm equipment dealer also purchase other goods or services; except that a farm equipment manufacturer may require the dealer to purchase all parts reasonably necessary to maintain the quality of operation in the field of any farm equipment used in the trade area and telecommunication necessary to communicate with the farm equipment manufacturer;

(2) coerce a farm equipment dealer into a refusal to purchase the farm equipment manufactured by another farm equipment manufacturer;

(3) discriminate in the prices charged for farm equipment of like grade and quality sold by the farm equipment manufacturer to similarly situated farm equipment dealers. The clause does not prevent the use of differentials which make only due allowance for difference in the cost of manufacture, sale, or delivery or for the differing methods or quantities in which the farm equipment is sold or delivered, by the farm equipment manufacturer; or

(4) attempt or threaten to terminate, cancel, fail to renew, or substantially change the competitive circumstances of the dealership agreement if the attempt or threat is based on the results of a natural disaster, including a sustained drought in the dealership market area, a labor dispute, or other circumstance beyond the dealer's control.

**History:** 1988 c 511 s 3; 1991 c 70 s 4

**325E.0631 WARRANTIES.**

Subdivision 1. **Application.** The requirements of this section apply to all warranty claims submitted by a dealer to a farm equipment manufacturer in which the farm equipment dealer has complied with the reasonable policies and procedures contained in the farm equipment manufacturer's warranty.

Subd. 2. **Prompt payment.** Claims filed for payment under warranty agreements must be approved or disapproved within 30 days of receipt by the farm equipment manufacturer. Unless the farm equipment dealer agrees to a later date, approved claims for payment must be paid within 30 days of their approval. When a claim is disapproved, the farm equipment manufacturer shall notify the dealer within the 30-day period stating the specific grounds on which the disapproval is based. Any claim not specifically disapproved within 30 days of receipt is deemed approved and must be paid within 30 days.

Subd. 3. **Posttermination claims.** If, after termination of a contract, a dealer submits a warranty claim for warranty work performed before the effective date of the termination, the farm equipment manufacturer shall approve or disapprove the claim within 30 days of receipt.

Subd. 4. **Compensation for warranty work.** Warranty work performed by the dealer must be compensated in accordance with the reasonable and customary amount of time required to complete the work, expressed in hours and fractions of hours multiplied by the dealer's established customer hourly retail labor rate, which the dealer shall communicate to the farm equipment manufacturer before performing the warranty work.

Subd. 5. **Expenses.** Expenses expressly excluded under the farm equipment manufacturer's warranty to the customer must not be included in claims and are not required to be paid on requests for compensation from the dealer for warranty work performed.

Subd. 6. **Compensation for parts.** All parts used by the dealer in performing warranty work must be paid to the dealer in the amount equal to the dealer's net price for the parts, plus a minimum of 15 percent to reimburse the dealer for reasonable costs of doing business in performing warranty service on the farm equipment manufacturer's behalf, including but not limited to freight and handling costs.

Subd. 7. **Adjustment for errors.** The farm equipment manufacturer may adjust for errors discovered during audit, and if necessary, to adjust claims paid in error.

Subd. 8. **Alternate terms and conditions.** A dealer may choose to accept alternate reimbursement terms and conditions in lieu of the requirements of subdivisions 2 to 7, provided there is a written dealer agreement between the farm equipment manufacturer and the dealer providing for compensation to the dealer for warranty labor costs either as: (1) a discount in the pricing of the equipment to the dealer; or (2) a lump-sum payment to the dealer. The discount or lump sum must be no less than five percent of the suggested retail price of the equipment. If the requirements of this subdivision are met and alternate terms and conditions are in place, subdivisions 2 to 7 do not apply and the alternate terms and conditions are enforceable.

Subd. 5. **Dealership agreement.** "Dealership agreement" means an oral or written agreement of definite or indefinite duration between an equipment manufacturer and an equipment dealer that enables the dealer to purchase heavy and utility equipment from the manufacturer and provides for the rights and obligations of the parties with respect to the purchase or sale of heavy and utility equipment.

### 325E.0681 TERMINATIONS OR CANCELLATIONS.

Subdivision 1. **Good cause required.** No equipment manufacturer, directly or through an officer, agent, or employee may terminate, cancel, fail to renew, or substantially change the competitive circumstances of a dealership agreement without good cause. "Good cause" means failure by an equipment dealer to substantially comply with essential and reasonable requirements imposed upon the dealer by the dealership agreement, if the requirements are not different from those requirements imposed on other similarly situated dealers by their terms. In addition, good cause exists whenever:

(a) Without the consent of the equipment manufacturer who shall not withhold consent unreasonably, (1) the equipment dealer has transferred an interest in the equipment dealership, (2) there has been a withdrawal from the dealership of an individual proprietor, partner, major shareholder, or the manager of the dealership, or (3) there has been a substantial reduction in interest of a partner or major stockholder.

(b) The equipment dealer has filed a voluntary petition in bankruptcy or has had an involuntary petition in bankruptcy filed against it that has not been discharged within 30 days after the filing, or there has been a closeout or sale of a substantial part of the dealer's assets related to the equipment business, or there has been a commencement of dissolution or liquidation of the dealer.

(c) There has been a change, without the prior written approval of the manufacturer, in the location of the dealer's principal place of business under the dealership agreement.

(d) The equipment dealer has defaulted under a security agreement between the dealer and the equipment manufacturer, or there has been a revocation or discontinuance of a guarantee of the dealer's present or future obligations to the equipment manufacturer.

(e) The equipment dealer has failed to operate in the normal course of business for seven consecutive days or has otherwise abandoned the business.

(f) The equipment dealer has pleaded guilty to or has been convicted of a felony affecting the relationship between the dealer and manufacturer.

(g) The dealer has engaged in conduct that is injurious or detrimental to the dealer's customers or to the public welfare.

(h) The equipment dealer, after receiving notice from the manufacturer of its requirements for reasonable market penetration based on the manufacturer's experience in other comparable marketing areas, consistently fails to meet the manufacturer's market penetration requirements.

Subd. 2. **Notice.** Except as otherwise provided in this subdivision, an equipment manufacturer shall provide an equipment dealer at least 90 days' prior written notice of termination, cancellation, or nonrenewal of the dealership agreement. The notice must state all reasons constituting good cause for the action and must provide that the dealer has until expiration of the notice period in which to cure a claimed deficiency. If the deficiency is rectified within the notice period, the notice is void. The notice and right to cure provisions under this section do not apply if the reason for termination, cancellation, or nonrenewal is for any reason set forth in subdivision 1, clauses (a) to (g).

Subd. 3. **Obligation to repurchase.** If a dealership agreement is terminated, canceled, or discontinued, the equipment manufacturer shall pay to the dealer, or credit to the dealer's account if the dealer has an

outstanding amount owed to the manufacturer, an amount equal to 100 percent of the net cost of all unused heavy and utility equipment in new condition that has been purchased by the dealer from the manufacturer within the 24 months immediately preceding notification by either party of intent to terminate, cancel, or discontinue the agreement. This amount must include transportation and reasonable assembly charges that have been paid by the dealer, or invoiced to the dealer's account by the manufacturer. The dealer may elect to keep the merchandise instead of receiving payment, if the contract gives the dealer this right.

**Subd. 4. Repair parts.** (a) The manufacturer shall pay the dealer, or credit to the dealer's account if the dealer has an outstanding amount owed to the manufacturer, the following:

(1) 95 percent of the current net prices on repair parts, including superseded parts listed in current price lists or catalogs in use by the manufacturer on the date of the termination, cancellation, or discontinuance of the agreement;

(2) as to any parts not listed in current price lists or catalogs, 100 percent of the invoiced price of the repair part for which the dealer has an invoice if the parts had previously been purchased by the dealer from the manufacturer and are held by the dealer on the date of the termination, cancellation, or discontinuance of the agreement or received by the dealer from the manufacturer after that date;

(3) 50 percent of the most recently published price of all other parts if the price list or catalog is not more than ten years old as of the date of the termination, cancellation, or discontinuance of the agreement;

(4) net cost less 20 percent per year depreciation for five years following purchase of all data processing and communications hardware and software the retailer purchased from the wholesaler, manufacturer, or distributor, or an approved vendor of the wholesaler, manufacturer, or distributor, to meet the minimum requirements for the hardware and software as set forth by the wholesaler, manufacturer, or distributor; and

(5) an amount equal to 75 percent of the net cost to the retailer of specialized repair tools, including computerized diagnostic hardware and software, and signage purchased by the retailer pursuant to the requirements of the wholesaler, manufacturer, or distributor. Specialized repair tools or signage that have never been used must be repurchased at 100 percent of the retailer's cost. Specialized repair tools must be unique to the wholesaler's, manufacturer's, or distributor's product line, specifically required by the wholesaler, manufacturer, or distributor, and must be in complete and usable condition. The wholesaler, manufacturer, or distributor may require by contract or agreement that the retailer resell to the wholesaler, manufacturer, or distributor such specialized repair tools and signage for the amounts established in this section or the amount specified in the dealer agreement or contract or fair market value, whichever is greater.

(b) The manufacturer shall pay the dealer, or credit to the dealer's account, if the dealer has an outstanding amount owed to the manufacturer, an amount equal to five percent of the prices required to be paid or credited by this subdivision for all parts, data processing and communications hardware and software, and specialized repair tools and signage returned for the handling, packing, and loading of the parts, data processing and communications hardware and software, and specialized repair tools and signage back to the manufacturer unless the manufacturer elects to perform inventorying, packing, and loading of the parts itself. Upon the payment or allowance of credit to the dealer's account of the sum required by this subdivision, the title to and right to possess the heavy and utility equipment passes to the manufacturer. However, this section does not affect any security interest that the manufacturer may have in the inventory of the dealer.

**Subd. 5. Payment; interest.** Payment required to be made under this section must be made not later than 60 days from the date the heavy and utility equipment is received by the manufacturer, and if not by then paid, the amount payable by the manufacturer bears interest at the maximum rate allowed by law from

the date the agreement was terminated, canceled, or discontinued until the date payment is received by the dealer.

**Subd. 6. Notice of intent to return.** In lieu of returning the heavy and utility equipment to the manufacturer, the dealer may advise the manufacturer that the dealer has heavy and utility equipment that the dealer intends to return. The notice of the dealer's intention to return must be in writing, sworn to before a notary public as to the accuracy of the listing of heavy and utility equipment and that all of the items are in usable condition. The notice must include the name and business address of the person or business who has possession and custody of them and where they may be inspected. The list may be verified by the manufacturer. The notice must also state the name and business address of the person or business who has the authority to serve as the escrow agent of the dealer, to accept payment or a credit to the dealer's account on behalf of the dealer, and to release the heavy and utility equipment to the manufacturer. The notice constitutes the appointment of the escrow agent to act on the dealer's behalf.

**Subd. 7. Manufacturer inspection.** (a) The manufacturer has 30 days from the date of the mailing of the notice under subdivision 6, which must be by certified mail, in which to inspect the heavy and utility equipment and verify the accuracy of the dealer's list.

(b) The manufacturer shall, within ten days after inspection:

(1) pay the escrow agent;

(2) give evidence that a credit to the account of the dealer has been made if the dealer has an outstanding amount due the manufacturer; or

(3) send to the escrow agent a "dummy credit list" and shipping labels for the return of the heavy and utility equipment to the manufacturer that are acceptable as returns.

**Subd. 8. Payment or credit requirements.** If the manufacturer sends a credit list as provided under subdivision 7 to the escrow agent, payment or a credit against the dealer's indebtedness in accordance with this subdivision for the acceptable returns must accompany the credit list. On the receipt of the payment, evidence of a credit to the account of the dealer, or the credit list with payment, the title to and the right to possess the heavy and utility equipment acceptable as returns passes to the manufacturer. The escrow agent shall ship or cause to be shipped the heavy and utility equipment acceptable as returns to the manufacturer unless the manufacturer elects to personally perform the inventorying, packing, and loading of the heavy and utility equipment. When they have been received by the manufacturer, notice of their receipt shall be sent by certified mail to the escrow agent who shall then disburse 90 percent of the payment it has received, less its actual expenses and a reasonable fee for its services, to the dealer. The escrow agent shall keep the balance of the funds in the dealer's escrow account until it is notified that an agreement has been reached as to the nonreturnables. After being notified of the agreement, the escrow agent shall disburse the remaining funds and dispose of any remaining heavy and utility equipment as provided in the agreement. If no agreement is reached in a reasonable time, the escrow agent may refer the matter to an arbitrator who has authority to resolve all unsettled issues in the dispute.

**Subd. 9. Provisions of contract supplemented.** This section is supplemental to an agreement between the dealer and the manufacturer covering the return of heavy and utility equipment. The dealer may elect to pursue either the dealer's contract remedy or the remedy provided in this section. An election by the dealer to pursue the contract remedy does not bar the dealer's right to the remedy provided in this section as to the heavy and utility equipment not affected by the contract remedy. Notwithstanding anything contained in this section, the rights of a manufacturer to charge back to the dealer's account amounts previously paid or credited as a discount incident to the dealer's purchase of goods is not affected.

Subd. 10. **Death of dealer; repurchase from heirs.** In the event of the death of the dealer or majority stockholder in a corporation operating a dealership, the manufacturer shall, unless the heir or heirs of the deceased agree to continue to operate the dealership, repurchase the merchandise from the heir or heirs upon the same terms and conditions as are otherwise provided in this section. In the event the heir or heirs do not agree to continue to operate the dealership, it shall be deemed a cancellation or discontinuance of the contract by the dealer under subdivision 1.

Subd. 11. **Failure to pay sums specified on cancellation of contracts; liability.** In the event that a manufacturer, upon the cancellation of a dealership agreement, fails or refuses to make payment to the dealer or the dealer's heir or heirs as required by this section, the manufacturer is liable in a civil action to be brought by the dealer or the dealer's heir or heirs for: (1) 100 percent of the net cost of the heavy or utility equipment; (2) transportation and reasonable assembly charges which have been paid by the dealer; (3) 95 percent of the current net price of repair parts, 100 percent of invoiced prices, and 50 percent of the price of all other parts as provided in subdivision 1; (4) payment for data processing and communication hardware and software, or specialized repair tools or signage as outlined in subdivision 1, paragraph (d); and (5) five percent for handling, packing, and loading, if applicable.

Subd. 12. **Exceptions.** Unless a dealer has delivered parts to an escrow agent pursuant to subdivision 1, this section does not require the repurchase from a dealer of a repair part where the dealer previously has failed to return the repair part to the manufacturer after being offered a reasonable opportunity to return the repair part at a price not less than: (1) 100 percent of the net price of the repair part as listed in the then current price list or catalog; (2) 100 percent of the invoiced price; and (3) 50 percent of the most recent published price as provided in subdivision 1.

This section does not require the repurchase from a dealer of repair parts that have a limited storage life or are otherwise subject to deterioration, such as rubber items, gaskets, and batteries, unless those items have been purchased from the wholesaler, manufacturer, or distributor within the past two years; repair parts which because of their condition are not resalable as new parts without reconditioning; repair parts which have lost required traceability for quality assurance requirements; and repair parts that were marked nonreturnable or future nonreturnable when the retailer ordered them.

(b) It is a violation of sections 325E.068 to 325E.0684 for an equipment manufacturer to:

(1) condition or attempt to condition the sale of equipment on a requirement that the equipment dealer also purchase other goods or services; except that an equipment manufacturer may require the dealer to purchase all parts reasonably necessary to maintain the quality of operation in the field of any equipment used in the trade area and telecommunications necessary to communicate with the equipment manufacturer;

(2) coerce an equipment dealer into a refusal to purchase the equipment manufactured by another equipment manufacturer;

(3) discriminate in the prices charged for equipment of like grade and quality sold by the equipment manufacturer to similarly situated equipment dealers. This clause does not prevent the use of differentials

that make only due allowance for difference in the cost of manufacture, sale, or delivery or for the differing methods or quantities in which the equipment is sold or delivered, by the equipment manufacturer; or

(4) attempt or threaten to terminate, cancel, fail to renew, or substantially change the competitive circumstances of the dealership agreement if the attempt or threat is based on the results of a natural disaster, a labor dispute, or other circumstance beyond the dealer's control.

The dealer also may be granted injunctive relief against unlawful termination, cancellation, nonrenewal, or substantial change of competitive circumstances. The remedies in this section are in addition to any other remedies permitted by law.

### **325E.112 USED MOTOR OIL AND USED MOTOR OIL FILTER COLLECTION.**

Subdivision 1. **Collection.** (a) Motor oil and motor oil filter manufacturers and retailers shall seek to provide by May 31, 2001:

(1) access to at least one nongovernmental site for collection of used motor oil and used motor oil filters from the public within a five-mile radius of any resident in the seven-county metropolitan area; and

(2) access to at least one nongovernmental site for collection of used motor oil and used motor oil filters from the public within a city or town with a population of greater than 1,500 outside the seven-county metropolitan area. The commissioner of the Pollution Control Agency shall determine by June 30, 2001, whether these goals have been met.

(b) If the commissioner of the Pollution Control Agency determines that motor oil and motor oil filter manufacturers and retailers have not met the goals in paragraph (a) by May 31, 2001, then beginning July 1, 2001, all retailers that sell at an individual location more than 1,000 motor oil filters per calendar year at retail for off-site installation must provide for collection of used motor oil and used motor oil filters from the public. Retailers who do not collect the used motor oil and used motor oil filters at their individual locations may meet the requirement by entering into a written agreement with another party whose location is:

(1) within two miles of the retailer's location if the retailer is located:

(i) within the Interstate Highway 494/694 beltway;

(ii) in a home rule charter or statutory city or a town contiguous to the Interstate Highway 494/694 beltway; or

(2) within five miles of the retailer's location if the retailer is not in an area described in clause (1).

(c) The written agreement under paragraph (b) must specify that the other party will accept from the public up to ten gallons of used motor oil and ten used motor oil filters per person per month during normal hours of operation unless:

(1) the used motor oil is known to be contaminated with antifreeze, other hazardous waste, or other materials which may increase the cost of used motor oil management and disposal;

(2) the storage equipment for that particular waste is temporarily filled to capacity; or

(3) the used motor oil or used motor oil filters are from a business.

(d) Persons accepting used motor oil from the public in accordance with this subdivision shall presume that the used motor oil is not contaminated with hazardous waste, provided the person offering the used motor oil is acting in good faith and the person accepting the used motor oil does not have evidence to the contrary. Persons collecting used motor oil from the public must take precautions to prevent contamination

of used motor oil storage equipment. Precautions may include, but are not limited to, keeping a log of persons dropping off used motor oil, securing access to used motor oil storage equipment, or posting signage at the site indicating the proper use of the equipment.

(e) Persons accepting used motor oil and used motor oil filters under paragraph (b), including persons accepting the oil and filters on behalf of the retailer, may not charge a fee when accepting ten gallons or less of used motor oil or ten or fewer used motor oil filters per person per month.

(f) Persons that receive contaminated used motor oil may manage the used motor oil as household hazardous waste through publicly administered household hazardous waste collection programs, with approval from the household hazardous waste program. Used motor oil contaminated with hazardous waste from the public that cannot be managed through a household hazardous waste collection program must be managed as a hazardous waste in accordance with rules adopted by the Pollution Control Agency.

**Subd. 2. Reimbursement program.** A contaminated used motor oil reimbursement program is established to provide reimbursement of the costs of disposing of contaminated used motor oil. In order to receive reimbursement, persons who accept used motor oil from the public or parties that they have contracted with to accept used motor oil must provide to the commissioner of the Pollution Control Agency proof of contamination, information on methods the person used to prevent the contamination of used motor oil at the site, a copy of the billing for disposal costs incurred because of the contamination and proof of payment, and a copy of the hazardous waste manifest or shipping paper used to transport the waste. The commissioner shall reimburse a recipient of contaminated used motor oil 100 percent of the costs of properly disposing of the contaminated used motor oil. The commissioner may not reimburse persons who intentionally place contaminants or do not take precautions to prevent contaminants from being placed in used motor oil, or operate a private collection site that:

(1) is not publicly promotable or listed with the agency;

(2) does not accept up to five gallons of used motor oil and five used motor oil filters per person per day without charging a fee; or

(3) does not control access to the site during times when the site is closed.

A person operating a collection site may refuse to accept any used motor oil or used motor oil filter:

(1) that is from a business;

(2) that appears to be contaminated with antifreeze, hazardous waste, or other materials that may increase the cost of used motor oil management and disposal; or

(3) when the storage equipment for that particular waste is temporarily filled.

Persons operating government collection sites are eligible for reimbursement of the costs of disposing of contaminated used motor oil. Reimbursements made under this subdivision are limited to the money available in the contaminated used motor oil reimbursement account.

motor oil filters accepted at facilities that accept used motor oil or used motor oil filters from the public free of charge, after the used motor oil, contaminated used motor oil, and used motor oil filters are sent off-site in compliance with rules adopted by the Pollution Control Agency.

This investigative hold must be confirmed in writing by the originating agency within 72 hours and will remain in effect for 30 days from the date of initial notification, or until the investigative hold is canceled or renewed, or until a law enforcement notification to confiscate or directive to release is issued, whichever comes first.

(b) If an item is identified as stolen or evidence in a criminal case, a law enforcement official may:

(e) A scrap metal dealer may process or otherwise dispose of the scrap metal if:

(1) a notification to confiscate is not issued during the investigative hold; or

(2) a law enforcement official does not physically remove the motor vehicle from the premises within 15 calendar days from issuance of a notification to confiscate.

(f) If a scrap metal dealer is required to hold the metal at the direction of law enforcement for purposes of investigation or prosecution or it is seized by law enforcement, the scrap metal dealer, and any other victim, shall be entitled to seek restitution against the person who delivered the metal to the scrap metal dealer in any criminal case that may arise from the investigation, including any out-of-pocket expenses for storage and lost profit.

**Subd. 9. Video security cameras required.** (a) Each scrap metal dealer shall install and maintain at each location video surveillance cameras, still digital cameras, or similar devices positioned to record or photograph a frontal view showing a readily identifiable image of the face of each seller of scrap metal who enters the location. The scrap metal dealer shall also photograph the seller's vehicle, including license plate, either by video camera or still digital camera, so that an accurate and complete description of it may be obtained from the recordings made by the cameras. Photographs and recordings must be clearly and accurately associated with their respective records.

(b) The video camera or still digital camera must be kept in operating condition and must be shown upon request to a properly identified law enforcement officer for inspection. The camera must record and display the accurate date and time. The video camera must be turned on at all times when the location is open for business and at any other time when scrap metal is purchased.

(c) Recordings and images required by paragraph (a) shall be retained by the scrap metal dealer for a minimum period of 60 days and shall at all reasonable times be open to the inspection of any properly identified law enforcement officer.

(d) If the scrap metal dealer does not purchase some or any scrap metal at a specific business location, the dealer need not comply with this subdivision with respect to those purchases.

**Subd. 10. Preemption of local ordinances.** This section preempts and supersedes any local ordinance or rule concerning the same subject matter.

**Subd. 11. Prohibition on possessing catalytic converters; exception.** (a) It is unlawful for a person to possess a used catalytic converter that is not attached to a motor vehicle except when:

(1) the converter is marked with the date the converter was removed from the vehicle and the identification number of the vehicle from which the converter was removed or, as an alternative to the vehicle identification number, any numbers, bar codes, stickers, or other unique markings, whether resulting from the pilot project created under subdivision 2b or some other source; or

(2) the converter has been EPA certified for reuse as a replacement part.

(b) If an alternative number to the vehicle identification number is used, it must be under a numbering system that can be immediately linked to the vehicle identification number by law enforcement. The marking of the vehicle identification or alternative number may be made in any permanent manner, including but not limited to an engraving or use of permanent ink. The marking must clearly and legibly indicate the date removed and the vehicle identification number or the alternative number and the method by which law enforcement can link the converter to the vehicle identification number.

Subd. 12. **Prohibition.** It is unlawful for a person who is not a registered scrap metal dealer to purchase or acquire a used catalytic converter that is not EPA certified for reuse as a replacement part except when the catalytic converter is attached to a motor vehicle. A used catalytic converter that is EPA certified for reuse as a replacement part may be sold to a person or business for reuse as a replacement part for a motor vehicle when the requirements of subdivision 11 are met.

Subd. 13. **Purchase or acquisition of catalytic converters.** (a) It is unlawful for a scrap metal dealer to purchase or acquire a used catalytic converter not attached to a motor vehicle unless the converter is marked as required under subdivision 11 and the seller provides a copy of the vehicle's title or registration in order to demonstrate the seller's ownership interest in the property. A bona fide business engaged in vehicle dismantling, vehicle demolishing, scrap metal recycling, or automotive repair services may remove a converter as part of auto repair work or auto recycling without a copy of the vehicle's title or registration, if the business provides:

(1) the identity of the seller's business and a written or electronic signature of the seller;

(2) an itemized list of each detached catalytic converter being sold that includes the donor vehicle identification number or a unique alternative number that can be readily linked to the vehicle identification number by law enforcement; and

The registered scrap metal dealer purchasing or acquiring the catalytic converters must keep the transaction record, along with the identity and signature of the employee completing the transaction.

(b) Notwithstanding paragraph (a), a scrap metal dealer may purchase or acquire a catalytic converter from a person possessing an old vehicle that is no longer registered and titled without a copy of the registration or title, if the person has an official law enforcement report stating that the agency has verified the person's ownership prior to the removal of the converter from the vehicle.

(c) A scrap metal dealer who purchases or acquires a used catalytic converter not attached to a motor vehicle must record the information received under this subdivision and subdivision 11, including the vehicle identification number or alternative number and the method by which law enforcement can link the converter to the vehicle identification number; make the information available upon request to law enforcement; and, effective beginning August 1, 2024, enter the information into an electronic database available to a law enforcement agency as approved by the commissioner of public safety.

(d) A scrap metal dealer is prohibited from processing, selling, or removing a catalytic converter from the dealer's premises for at least seven days after the catalytic converter purchase or acquisition by the scrap metal dealer.

(e) Paragraphs (c) and (d) do not apply to a scrap metal dealer that purchases or acquires a catalytic converter directly from a different scrap metal dealer that has certified in writing that it has fully complied with paragraphs (c) and (d) with respect to the catalytic converter.

(f) A payment for a catalytic converter must not be made until at least five days after sale to the scrap metal dealer. Payment must be sent by check to the seller's address or a bank account in the seller's name.

(g) Notwithstanding paragraph (f), a scrap metal dealer may pay a bona fide business engaged in vehicle dismantling, vehicle demolishing, scrap metal recycling, or automotive repair services at any time for a direct sale of a catalytic converter by the bona fide business to the scrap metal dealer. Payment must be made by check payable to the seller or deposited electronically in a bank account in the seller's name.

Subd. 14. **Exception; recovered catalytic converters.** It is not a violation of subdivisions 11, 12, and 13 for a scrap metal dealer to purchase or acquire catalytic converters from a law enforcement agency and marked as recovered contraband as provided in section 609.5316, subdivision 1, paragraph (b).

Subd. 15. **Vehicle electronic database requirement.** (a) Scrap metal dealers must completely and accurately enter all the record information required by subdivision 1b for the purchase or acquisition of a motor vehicle into the electronic database approved by the commissioner of public safety described in subdivision 13, paragraph (c), by the close of business each day.
