

342.37 CANNABIS TESTING FACILITY LICENSING.

Subdivision 1. **Authorized actions.** A cannabis testing facility license entitles the license holder to obtain and test immature cannabis plants and seedlings, cannabis flower, cannabis products, hemp plant parts, hemp concentrate, artificially derived cannabinoids, lower-potency hemp edibles, and hemp-derived consumer products from cannabis microbusinesses, cannabis mezzobusinesses, cannabis cultivators, cannabis manufacturers, cannabis wholesalers, lower-potency hemp edible manufacturers, medical cannabis combination businesses, and industrial hemp growers.

Subd. 2. **Additional information required; exception.** (a) In addition to the information required to be submitted under section 342.14, subdivision 1, and rules adopted pursuant to that section, a person, cooperative, or business seeking a cannabis testing facility license must submit the following information in a form approved by the office:

(1) an operating plan demonstrating the proposed layout of the facility, including a diagram of ventilation and filtration systems and policies to avoid sales to unlicensed businesses;

(2) proof of accreditation by a laboratory accrediting organization approved by the office that, at a minimum, requires a laboratory to operate formal management systems under the International Organization for Standardization; and

(3) evidence that the business will comply with the applicable operation requirements for the license being sought.

(b) An independent laboratory approved to test medical cannabis produced by a medical cannabis manufacturer pursuant to section 152.25 and Minnesota Rules, part 4770.2000, before May 1, 2025, is not required to submit an attestation signed by a bona fide labor organization stating that the applicant has entered into a labor peace agreement at the time of an initial application for a cannabis testing facility license. A laboratory that receives a cannabis testing facility license under this exception must submit an attestation signed by a bona fide labor organization stating that the applicant has entered into a labor peace agreement at the time of the second renewal of the license.

Subd. 2a. **Cannabis testing facility licenses.** (a) Pending an applicant's accreditation by a laboratory accrediting organization approved by the office, the office may issue or renew a cannabis testing facility license for an applicant that is a person, cooperative, or business if the applicant:

(1) submits documentation to the office demonstrating that the applicant has a signed contract with a laboratory accreditation organization approved by the office, has scheduled an audit, and is making progress toward accreditation by a laboratory accrediting organization approved by the office according to the standards of the most recent edition of ISO/IEC 17025: General Requirements for the Competence of Testing and Calibration Laboratories;

(2) passes a final site inspection conducted by the office; and

(3) meets all other licensing requirements according to chapter 342 and Minnesota Rules.

(b) After receiving a license under this section, a license holder may operate a cannabis testing facility up to one year with pending accreditation status.

(c) If after one year a license holder continues to have pending accreditation status, the license holder may apply for a onetime extension to continue operations for up to six months. The office may grant an extension under this paragraph to a license holder if the license holder:

(1) passes a follow-up site inspection conducted by the office;

(2) submits an initial audit report from a laboratory accrediting organization approved by the office; and

(3) submits any additional information requested by the office.

(d) The office may revoke a cannabis testing facility license held by a license holder with pending accreditation status if the office determines or has reason to believe that the license holder:

(1) is not making progress toward accreditation; or

(2) has violated a cannabis testing requirement, an ownership requirement, or an operational requirement in chapter 342 or Minnesota Rules.

(e) The office must not issue or renew a cannabis testing facility license under this subdivision for a license holder if the license holder's accreditation has been suspended or revoked by a laboratory accrediting organization.

Subd. 2b. **Loss of accreditation.** (a) A license holder must report loss of accreditation to the office within 24 hours of receiving notice of the loss of accreditation.

(b) The office must immediately revoke a license holder's license upon receiving notice that the license holder has lost accreditation.

Subd. 3. **Multiple licenses; limits.** (a) A person, cooperative, or business holding a cannabis testing facility license may not own or operate, or be employed by, any other cannabis business or hemp business.

(b) The office by rule may limit the number of cannabis testing facility licenses a person or business may hold.

(c) For purposes of this subdivision, a restriction on the number of licenses a business may hold applies to every cooperative member or every director, manager, and general partner of a cannabis business.
