442A.04 SANITARY DISTRICT CREATION.

Subdivision 1. Sanitary district creation. (a) A sanitary district may be created under this chapter for any territory embracing an area or a group of two or more adjacent areas, whether contiguous or separate, but not situated entirely within the limits of a single municipality. The proposed sanitary district must promote the public health and welfare by providing an adequate and efficient system and means of collecting, conveying, pumping, treating, and disposing of domestic sewage and garbage and industrial wastes within the district. When the chief administrative law judge or the Minnesota Pollution Control Agency finds that there is need throughout the territory for the accomplishment of these purposes; that these purposes can be effectively accomplished on an equitable basis by a district if created; and that the creation and maintenance of a district will be administratively feasible and in furtherance of the public health, safety, and welfare, the chief administrative law judge shall make an order creating the sanitary district. A sanitary district is administratively feasible under this section if the district has the financial and managerial resources needed to deliver adequate and efficient sanitary sewer services within the proposed district.

(b) Notwithstanding paragraph (a), no district shall be created within 25 miles of the boundary of any city of the first class without the approval of the governing body thereof and the approval of the governing

body of each and every municipality in the proposed district by resolution filed with the chief administrative law judge.

(c) If the chief administrative law judge and the Minnesota Pollution Control Agency disagree on the need to create a sanitary district, they must determine whether not allowing the sanitary district formation will have a detrimental effect on the environment. If it is determined that the sanitary district formation will prevent environmental harm, the sanitary district creation or connection to an existing wastewater treatment system must occur.

Subd. 2. Proceeding to create sanitary district. (a) A proceeding for the creation of a district may be initiated by a petition to the chief administrative law judge containing the following:

- (1) a request for creation of the proposed district;
- (2) the name proposed for the district, to include the words "sanitary district";
- (3) a legal description of the territory of the proposed district;
- (4) addresses of every property owner within the proposed district boundaries as provided by the county auditor, with certification from the county auditor; two sets of address labels for said owners; and a list of email addresses for said owners, if available;
- (5) a statement showing the existence in the territory of the conditions requisite for creation of a district as prescribed in subdivision 1;
- (6) a statement of the territorial units represented by and the qualifications of the respective signers; and
- (7) the post office address of each signer, given under the signer's signature.

A petition may consist of separate writings of like effect, each signed by one or more qualified persons, and all such writings, when filed, shall be considered together as a single petition.

(b) Petitioners must conduct and pay for a public meeting to inform citizens of the proposed creation of the district. At the meeting, information must be provided, including a description of the district's proposed structure, bylaws, territory, ordinances, budget, and charges and a description of the territory of the proposed district. Notice of the meeting must be published for two successive weeks in a qualified newspaper, as defined under chapter 331A, must be published within the territory of the proposed district or, if there is no qualified newspaper published within the territory, in a qualified newspaper of general circulation in the territory, and must be posted for two weeks in each territorial unit of the proposed district and on the website of the proposed district, if one exists. Notice of the meeting must be mailed or emailed at least three weeks prior to the meeting to all property tax billing addresses for all parcels included in the proposed district. The following must be submitted to the chief administrative law judge with the petition:

- (1) a record of the meeting, including copies of all information provided at the meeting;
 - (2) a copy of the mailing list provided by the county auditor and used to notify property owners of the meeting;
 - (3) a copy of the email list used to notify property owners of the meeting;
 - (4) the printer's affidavit of publication of public meeting notice;
 - (5) an affidavit of posting the public meeting notice with information on dates and locations of posting;
- and

(6) the minutes or other record of the public meeting documenting the topics that were discussed; printer's affidavit of publication of each resolution, with a copy of the resolution from the newspaper attached; and the affidavit of resolution posting on the town or proposed district website.

(c) Every petition must be signed as follows:

(1) for each municipality wherein there is a territorial unit of the proposed district, by an authorized officer pursuant to a resolution of the municipal governing body;

(2) for each organized town wherein there is a territorial unit of the proposed district, by an authorized officer pursuant to a resolution of the town board; and

(3) for each county wherein there is a territorial unit of the proposed district consisting of an unorganized area, by an authorized officer pursuant to a resolution of the county board or by at least 20 percent of the voters residing and owning land within the unit.

(d) Each resolution must be published in the official newspaper of the governing body adopting it and becomes effective 40 days after publication, unless within said period there shall be filed with the governing body a petition signed by qualified electors of a territorial unit of the proposed district, equal in number to five percent of the number of electors voting at the last preceding election of the governing body, requesting a referendum on the resolution, in which case the resolution may not become effective until approved by a majority of the qualified electors voting at a regular election or special election that the governing body may call. The notice of an election and the ballot to be used must contain the text of the resolution followed by the question: "Shall the above resolution be approved?"

(e) If any signer is alleged to be a landowner in a territorial unit, a statement as to the signer's landowner status as shown by the county auditor's tax assessment records, certified by the auditor, shall be attached to or endorsed upon the petition.

(f) At any time before publication of the public notice required in subdivision 3, additional signatures may be added to the petition or amendments of the petition may be made to correct or remedy any error or defect in signature or otherwise except a material error or defect in the description of the territory of the proposed district. If the qualifications of any signer of a petition are challenged, the chief administrative law judge shall determine the challenge forthwith on the allegations of the petition, the county auditor's certificate of land ownership, and such other evidence as may be received.

Subd. 3. Notice of intent to create sanitary district. (a) Upon receipt of a petition and the record of the public meeting required under subdivision 2, the chief administrative law judge shall publish a notice of intent to create the proposed sanitary district in a newspaper of general circulation within the territory of the proposed district, and mail or email information of that publication to each property owner in the affected territory at the owner's address as given by the county auditor. The notice must:

(1) describe the petition for creation of the district;

(2) describe the territory affected by the petition;

(3) allow 30 days for submission of written comments on the petition;

(4) state that a person who objects to the petition may submit a written request for hearing to the chief administrative law judge within 30 days of the publication of the notice; and

(5) state that if a timely request for hearing is not received, the chief administrative law judge may make a decision on the petition.

(b) If 50 or more individual timely requests for hearing are received, the chief administrative law judge must hold a hearing on the petition according to the contested case provisions of chapter 14. The sanitary district proposers are responsible for paying all costs involved in publicizing and holding a hearing on the petition.

Subd. 4. **Hearing time, place.** If a hearing is required pursuant to subdivision 3, the chief administrative law judge shall designate a time and place for a hearing according to section 442A.13.

Subd. 5. **Relevant factors.** (a) In arriving at a decision, the chief administrative law judge shall consider the following factors:

- (1) administrative feasibility under subdivision 1, paragraph (a);
- (2) public health, safety, and welfare impacts;
- (3) alternatives for managing the public health impacts;
- (4) equities of the petition proposal;
- (5) contours of the petition proposal; and
- (6) public notification of and interaction on the petition proposal.

(b) Based on the factors in paragraph (a), the chief administrative law judge may order the sanitary district creation on finding that:

- (1) the proposed district is administratively feasible;
- (2) the proposed district provides a long-term, equitable solution to pollution problems affecting public health, safety, and welfare;
- (3) property owners within the proposed district were provided notice of the proposed district and opportunity to comment on the petition proposal; and
- (4) the petition complied with the requirements of all applicable statutes and rules pertaining to sanitary district creation.

(c) The chief administrative law judge may alter the boundaries of the proposed sanitary district by increasing or decreasing the area to be included or may exclude property that may be better served by another unit of government. The chief administrative law judge may also alter the boundaries of the proposed district so as to follow visible, clearly recognizable physical features for municipal boundaries.

(d) The chief administrative law judge may deny sanitary district creation if the area, or a part thereof, would be better served by an alternative method.

(e) In all cases, the chief administrative law judge shall set forth the factors that are the basis for the decision.

Subd. 6. **Findings; order.** After the public notice period or the public hearing, if required under subdivision 3, and based on the petition, any public comments received, and, if a hearing was held, the hearing record, the chief administrative law judge shall make findings of fact and conclusions determining whether the conditions requisite for the creation of a district exist in the territory described in the petition. If the chief administrative law judge finds that the conditions exist, the judge may make an order creating

a district for the territory described in that petition under the name proposed in the petition or such other name, including the words "sanitary district," as the judge deems appropriate.

Subd. 7. Denial of petition. If the chief administrative law judge, after conclusion of the public notice period or holding a hearing, if required, determines that the creation of a district in the territory described in the petition is not warranted, the judge shall make an order denying the petition. The chief administrative law judge shall give notice of the denial by mail or email to each signer of the petition. No petition for the creation of a district consisting of the same territory shall be entertained within one year after the date of an order under this subdivision. Nothing in this subdivision precludes action on a petition for the creation of a district embracing part of the territory with or without other territory.

Subd. 8. Notice of order creating sanitary district. The chief administrative law judge shall publish a notice of the final order creating a sanitary district in a newspaper of general circulation within the territory of the proposed district, and shall mail or email a notice of the final order creating a sanitary district to each property owner in the affected territory at the owner's address as given by the county auditor. The notice must:

- (1) describe the petition for creation of the district;
- (2) describe the territory affected by the petition; and
- (3) state that a certified copy of the order shall be delivered to the secretary of state for filing ten days after publication of the order.

Subd. 9. Filing. Ten days after publication of the order, the chief administrative law judge shall deliver a certified copy of the order to the secretary of state for filing. Thereupon, the creation of the district is deemed complete, and it shall be conclusively presumed that all requirements of law relating thereto have been complied with. The chief administrative law judge shall also transmit a certified copy of the order for filing to the county auditor of each county and the clerk or recorder of each municipality and organized town wherein any part of the territory of the district is situated and to the secretary of the district board when elected.

442A.05 SANITARY DISTRICT ANNEXATION.

Subdivision 1. Annexation. (a) A sanitary district annexation may occur under this chapter for any area adjacent to an existing district upon a petition to the chief administrative law judge stating the grounds therefor as provided in this section.

(b) The proposed annexation area must embrace an area or a group of two or more adjacent areas, whether contiguous or separate, but not situated entirely within the limits of a single municipality. The proposed annexation must promote public health and welfare by providing an adequate and efficient system and means of collecting, conveying, pumping, treating, and disposing of domestic sewage and garbage and industrial wastes within the district. When the chief administrative law judge or the Minnesota Pollution Control Agency finds that there is need throughout the territory for the accomplishment of these purposes, that these purposes can be effectively accomplished on an equitable basis by annexation to a district, and that the creation and maintenance of such annexation will be administratively feasible and in furtherance of the public health, safety, and welfare, the chief administrative law judge shall make an order for sanitary district annexation. An annexation is administratively feasible under this section if the district has the financial and managerial resources needed to deliver adequate and efficient sanitary sewer services within the proposed annexation.

(c) Notwithstanding paragraph (b), no annexation to a district shall be approved within 25 miles of the boundary of any city of the first class without the approval of the governing body thereof and the approval of the governing body of each and every municipality in the proposed annexation area by resolution filed with the chief administrative law judge.

(d) If the chief administrative law judge and the Minnesota Pollution Control Agency disagree on the need for a sanitary district annexation, they must determine whether not allowing the sanitary district annexation will have a detrimental effect on the environment. If it is determined that the sanitary district annexation will prevent environmental harm, the sanitary district annexation or connection to an existing wastewater treatment system must occur.

Subd. 2. **Proceeding for annexation.** (a) A proceeding for sanitary district annexation may be initiated by a petition to the chief administrative law judge containing the following:

- (1) a request for proposed annexation to a sanitary district;
- (2) a legal description of the territory of the proposed annexation;
- (3) addresses of every property owner within the existing sanitary district and proposed annexation area boundaries as provided by the county auditor, with certification from the county auditor; two sets of address labels for said owners; and a list of email addresses for said owners, if available;
- (4) a statement showing the existence in such territory of the conditions requisite for annexation to a district as prescribed in subdivision 1;
- (5) a statement of the territorial units represented by and qualifications of the respective signers; and
- (6) the post office address of each signer, given under the signer's signature.

A petition may consist of separate writings of like effect, each signed by one or more qualified persons, and all such writings, when filed, shall be considered together as a single petition.

(b) Petitioners must conduct and pay for a public meeting to inform citizens of the proposed annexation to a sanitary district. At the meeting, information must be provided, including a description of the existing sanitary district's structure, bylaws, territory, ordinances, budget, and charges; a description of the existing sanitary district's territory; and a description of the territory of the proposed annexation area. Notice of the meeting must be published for two successive weeks in a qualified newspaper, as defined under chapter 331A, must be published within the territories of the existing sanitary district and proposed annexation area or, if there is no qualified newspaper published within those territories, in a qualified newspaper of general circulation in the territories, and must be posted for two weeks in each territorial unit of the existing sanitary district and proposed annexation area and on the website of the existing sanitary district, if one exists. Notice of the meeting must be mailed or emailed at least three weeks prior to the meeting to all property tax billing addresses for all parcels included in the existing sanitary district and proposed annexation area. The following must be submitted to the chief administrative law judge with the petition:

- (1) a record of the meeting, including copies of all information provided at the meeting;
- (2) a copy of the mailing list provided by the county auditor and used to notify property owners of the meeting;
- (3) a copy of the email list used to notify property owners of the meeting;
- (4) the printer's affidavit of publication of the public meeting notice;

(5) an affidavit of posting the public meeting notice with information on dates and locations of posting; and

(6) the minutes or other record of the public meeting documenting the topics discussed; printer's affidavit of publication of each resolution, with a copy of the resolution from the newspaper attached; and the affidavit of resolution posting on the town or existing sanitary district website.

(c) Every petition must be signed as follows:

(1) by an authorized officer of the existing sanitary district pursuant to a resolution of the board;

(2) for each municipality wherein there is a territorial unit of the proposed annexation area, by an authorized officer pursuant to a resolution of the municipal governing body;

(3) for each organized town wherein there is a territorial unit of the proposed annexation area, by an authorized officer pursuant to a resolution of the town board; and

(4) for each county wherein there is a territorial unit of the proposed annexation area consisting of an unorganized area, by an authorized officer pursuant to a resolution of the county board or by at least 20 percent of the voters residing and owning land within the unit.

(d) Each resolution must be published in the official newspaper of the governing body adopting it and becomes effective 40 days after publication, unless within said period there shall be filed with the governing body a petition signed by qualified electors of a territorial unit of the proposed annexation area, equal in number to five percent of the number of electors voting at the last preceding election of the governing body, requesting a referendum on the resolution, in which case the resolution may not become effective until approved by a majority of the qualified electors voting at a regular election or special election that the governing body may call. The notice of an election and the ballot to be used must contain the text of the resolution followed by the question: "Shall the above resolution be approved?"

(e) If any signer is alleged to be a landowner in a territorial unit, a statement as to the signer's landowner status as shown by the county auditor's tax assessment records, certified by the auditor, shall be attached to or endorsed upon the petition.

(f) At any time before publication of the public notice required in subdivision 4, additional signatures may be added to the petition or amendments of the petition may be made to correct or remedy any error or defect in signature or otherwise except a material error or defect in the description of the territory of the proposed annexation area. If the qualifications of any signer of a petition are challenged, the chief administrative law judge shall determine the challenge forthwith on the allegations of the petition, the county auditor's certificate of land ownership, and such other evidence as may be received.

Subd. 3. **Joint petition.** Different areas may be annexed to a district in a single proceeding upon a joint petition therefor and upon compliance with the provisions of subdivisions 1 and 2 with respect to the area affected so far as applicable.

Subd. 4. **Notice of intent for sanitary district annexation.** (a) Upon receipt of a petition and the record of public meeting required under subdivision 2, the chief administrative law judge shall publish a notice of intent for sanitary district annexation in a newspaper of general circulation within the territories of the existing sanitary district and proposed annexation area, and mail or email information of the publication to each property owner in the affected territory at the owner's address as given by the county auditor. The notice must:

- (1) describe the petition for sanitary district annexation;
- (2) describe the territory affected by the petition;
- (3) allow 30 days for submission of written comments on the petition;

(4) state that a person who objects to the petition may submit a written request for hearing to the chief administrative law judge within 30 days of the publication of the notice; and

(5) state that if a timely request for hearing is not received, the chief administrative law judge may make a decision on the petition.

(b) If 50 or more individual timely requests for hearing are received, the chief administrative law judge must hold a hearing on the petition according to the contested case provisions of chapter 14. The sanitary district or annexation area proposers are responsible for paying all costs involved in publicizing and holding a hearing on the petition.

Subd. 5. Hearing time, place. If a hearing is required under subdivision 4, the chief administrative law judge shall designate a time and place for a hearing according to section 442A.13.

Subd. 6. Relevant factors. (a) In arriving at a decision, the chief administrative law judge shall consider the following factors:

- (1) administrative feasibility under subdivision 1, paragraph (b);
- (2) public health, safety, and welfare impacts;
- (3) alternatives for managing the public health impacts;
- (4) equities of the petition proposal;
- (5) contours of the petition proposal; and
- (6) public notification of and interaction on the petition proposal.

(b) Based upon these factors, the chief administrative law judge may order the annexation to the sanitary district on finding that:

(1) the sanitary district is knowledgeable and experienced in delivering sanitary sewer services to ratepayers and has provided quality service in a fair and cost-effective manner;

(2) the proposed annexation provides a long-term, equitable solution to pollution problems affecting public health, safety, and welfare;

(3) property owners within the existing sanitary district and proposed annexation area were provided notice of the proposed district and opportunity to comment on the petition proposal; and

(4) the petition complied with the requirements of all applicable statutes and rules pertaining to sanitary district annexation.

(c) The chief administrative law judge may alter the boundaries of the proposed annexation area by increasing or decreasing the area to be included or may exclude property that may be better served by another unit of government. The chief administrative law judge may also alter the boundaries of the proposed annexation area so as to follow visible, clearly recognizable physical features for municipal boundaries.

(d) The chief administrative law judge may deny sanitary district annexation if the area, or a part thereof, would be better served by an alternative method.

(e) In all cases, the chief administrative law judge shall set forth the factors that are the basis for the decision.

Subd. 7. Findings; order. (a) After the public notice period or the public hearing, if required under subdivision 4, and based on the petition, any public comments received, and, if a hearing was held, the hearing record, the chief administrative law judge shall make findings of fact and conclusions determining whether the conditions requisite for the sanitary district annexation exist in the territory described in the petition. If the chief administrative law judge finds that conditions exist, the judge may make an order for sanitary district annexation for the territory described in the petition.

(b) All taxable property within the annexed area shall be subject to taxation for any existing bonded indebtedness or other indebtedness of the district for the cost of acquisition, construction, or improvement of any disposal system or other works or facilities beneficial to the annexed area to such extent as the chief administrative law judge may determine to be just and equitable, to be specified in the order for annexation. The proper officers shall levy further taxes on such property accordingly.

Subd. 8. Denial of petition. If the chief administrative law judge, after conclusion of the public notice period or holding a hearing, if required, determines that the sanitary district annexation in the territory described in the petition is not warranted, the judge shall make an order denying the petition. The chief administrative law judge shall give notice of the denial by mail or email to each signer of the petition. No petition for a sanitary district annexation consisting of the same territory shall be entertained within a year after the date of an order under this subdivision. Nothing in this subdivision precludes action on a petition for a sanitary district annexation embracing part of the territory with or without other territory.

Subd. 9. Notice of order for sanitary district annexation. The chief administrative law judge shall publish in a newspaper of general circulation within the territory of the proposed district, a notice of the final order for sanitary district annexation, referring to the date of the order and describing the territory of the annexation area, and shall mail or email a notice of final order for sanitary district annexation to each property owner in the affected territory at the owner's address as given by the county auditor. The notice must:

(1) describe the petition for annexation to the district;

(2) describe the territory affected by the petition; and

(3) state that a certified copy of the order shall be delivered to the secretary of state for filing ten days after publication of the notice of the order.

Subd. 10. Filing. Ten days after mailing notice of the order, the chief administrative law judge shall deliver a certified copy of the order to the secretary of state for filing. Thereupon, the sanitary district annexation is deemed complete, and it shall be conclusively presumed that all requirements of law relating thereto have been complied with. The chief administrative law judge shall also transmit a certified copy of the order for filing to the county auditor of each county and the clerk or recorder of each municipality and organized town wherein any part of the territory of the district, including the newly annexed area, is situated and to the secretary of the district board.

442A.06 SANITARY DISTRICT DETACHMENT.

Subdivision 1. **Detachment.** (a) A sanitary district detachment may occur under this chapter for any area within an existing district upon a petition to the chief administrative law judge stating the grounds therefor as provided in this section.

(b) The proposed detachment must not have any negative environmental impact on the proposed detachment area.

(c) If the chief administrative law judge and the Minnesota Pollution Control Agency disagree on the need for a sanitary district detachment, they must determine whether not allowing the sanitary district detachment will have a detrimental effect on the environment. If it is determined that the sanitary district detachment will cause environmental harm, the sanitary district detachment is not allowed unless the detached area is immediately connected to an existing wastewater treatment system.

Subd. 2. **Proceeding for detachment.** (a) A proceeding for sanitary district detachment may be initiated by a petition to the chief administrative law judge containing the following:

- (1) a request for proposed detachment from a sanitary district;
- (2) a statement that the requisite conditions for inclusion in a district no longer exist in the proposed detachment area;
- (3) a legal description of the territory of the proposed detachment;
- (4) addresses of every property owner within the sanitary district and proposed detachment area boundaries as provided by the county auditor, with certification from the county auditor; two sets of address labels for said owners; and a list of email addresses for said owners, if available;
- (5) a statement of the territorial units represented by and qualifications of the respective signers; and
- (6) the post office address of each signer, given under the signer's signature.

A petition may consist of separate writings of like effect, each signed by one or more qualified persons, and all such writings, when filed, shall be considered together as a single petition.

(b) Petitioners must conduct and pay for a public meeting to inform citizens of the proposed detachment from a sanitary district. At the meeting, information must be provided, including a description of the existing district's territory and a description of the territory of the proposed detachment area. Notice of the meeting must be published for two successive weeks in a qualified newspaper, as defined under chapter 331A, must be published within the territories of the existing sanitary district and proposed detachment area or, if there is no qualified newspaper published within those territories, in a qualified newspaper of general circulation in the territories, and must be posted for two weeks in each territorial unit of the existing sanitary district and proposed detachment area and on the website of the existing sanitary district, if one exists. Notice of the meeting must be mailed or emailed at least three weeks prior to the meeting to all property tax billing addresses for all parcels included in the sanitary district. The following must be submitted to the chief administrative law judge with the petition:

- (1) a record of the meeting, including copies of all information provided at the meeting;
- (2) a copy of the mailing list provided by the county auditor and used to notify property owners of the meeting;

(3) a copy of the email list used to notify property owners of the meeting;

(4) the printer's affidavit of publication of public meeting notice;

(5) an affidavit of posting the public meeting notice with information on dates and locations of posting; and

(6) the minutes or other record of the public meeting documenting the topics discussed; printer's affidavit of publication of each resolution, with a copy of the resolution from the newspaper attached; and the affidavit of resolution posting on the town or existing sanitary district website.

(c) Every petition must be signed as follows:

(1) by an authorized officer of the existing sanitary district pursuant to a resolution of the board;

(2) for each municipality wherein there is a territorial unit of the proposed detachment area, by an authorized officer pursuant to a resolution of the municipal governing body;

(3) for each organized town wherein there is a territorial unit of the proposed detachment area, by an authorized officer pursuant to a resolution of the town board; and

(4) for each county wherein there is a territorial unit of the proposed detachment area consisting of an unorganized area, by an authorized officer pursuant to a resolution of the county board or by at least 20 percent of the voters residing and owning land within the unit.

(d) Each resolution must be published in the official newspaper of the governing body adopting it and becomes effective 40 days after publication, unless within said period there shall be filed with the governing body a petition signed by qualified electors of a territorial unit of the proposed detachment area, equal in number to five percent of the number of electors voting at the last preceding election of the governing body, requesting a referendum on the resolution, in which case the resolution may not become effective until approved by a majority of the qualified electors voting at a regular election or special election that the governing body may call. The notice of an election and the ballot to be used must contain the text of the resolution followed by the question: "Shall the above resolution be approved?"

(e) If any signer is alleged to be a landowner in a territorial unit, a statement as to the signer's landowner status as shown by the county auditor's tax assessment records, certified by the auditor, shall be attached to or endorsed upon the petition.

(f) At any time before publication of the public notice required in subdivision 4, additional signatures may be added to the petition or amendments of the petition may be made to correct or remedy any error or defect in signature or otherwise except a material error or defect in the description of the territory of the proposed detachment area. If the qualifications of any signer of a petition are challenged, the chief administrative law judge shall determine the challenge forthwith on the allegations of the petition, the county auditor's certificate of land ownership, and such other evidence as may be received.

Subd. 3. **Joint petition.** Different areas may be detached from a district in a single proceeding upon a joint petition therefor and upon compliance with the provisions of subdivisions 1 and 2 with respect to the area affected so far as applicable.

Subd. 4. **Notice of intent for sanitary district detachment.** (a) Upon receipt of a petition and record of public meeting required under subdivision 2, the chief administrative law judge shall publish a notice of intent for sanitary district detachment in a newspaper of general circulation within the territories of the existing sanitary district and proposed detachment area, and mail or email information of the publication to

each property owner in the affected territory at the owner's address as given by the county auditor. The notice must:

- (1) describe the petition for sanitary district detachment;
- (2) describe the territory affected by the petition;
- (3) allow 30 days for submission of written comments on the petition;

(4) state that a person who objects to the petition may submit a written request for hearing to the chief administrative law judge within 30 days of the publication of the notice; and

(5) state that if a timely request for hearing is not received, the chief administrative law judge may make a decision on the petition.

(b) If 50 or more individual timely requests for hearing are received, the chief administrative law judge must hold a hearing on the petition according to the contested case provisions of chapter 14. The sanitary district or detachment area proposers are responsible for paying all costs involved in publicizing and holding a hearing on the petition.

Subd. 5. Hearing time, place. If a hearing is required under subdivision 4, the chief administrative law judge shall designate a time and place for a hearing according to section 442A.13.

Subd. 6. Relevant factors. (a) In arriving at a decision, the chief administrative law judge shall consider the following factors:

- (1) public health, safety, and welfare impacts for the proposed detachment area;
- (2) alternatives for managing the public health impacts for the proposed detachment area;
- (3) equities of the petition proposal;
- (4) contours of the petition proposal; and
- (5) public notification of and interaction on the petition proposal.

(b) Based upon these factors, the chief administrative law judge may order the detachment from the sanitary district on finding that:

(1) the proposed detachment area has adequate alternatives for managing public health impacts due to the detachment;

(2) the proposed detachment area is not necessary for the district to provide a long-term, equitable solution to pollution problems affecting public health, safety, and welfare;

(3) property owners within the existing sanitary district and proposed detachment area were provided notice of the proposed detachment and opportunity to comment on the petition proposal; and

(4) the petition complied with the requirements of all applicable statutes and rules pertaining to sanitary district detachment.

(c) The chief administrative law judge may alter the boundaries of the proposed detachment area by increasing or decreasing the area to be included or may exclude property that may be better served by another unit of government. The chief administrative law judge may also alter the boundaries of the proposed detachment area so as to follow visible, clearly recognizable physical features for municipal boundaries.

(d) The chief administrative law judge may deny sanitary district detachment if the area, or a part thereof, would be better served by an alternative method.

(e) In all cases, the chief administrative law judge shall set forth the factors that are the basis for the decision.

Subd. 7. Findings; order. (a) After the public notice period or the public hearing, if required under subdivision 4, and based on the petition, any public comments received, and, if a hearing was held, the hearing record, the chief administrative law judge shall make findings of fact and conclusions determining whether the conditions requisite for the sanitary district detachment exist in the territory described in the petition. If the chief administrative law judge finds that conditions exist, the judge may make an order for sanitary district detachment for the territory described in the petition.

(b) All taxable property within the detached area shall remain subject to taxation for any existing bonded indebtedness of the district to such extent as it would have been subject thereto if not detached and shall also remain subject to taxation for any other existing indebtedness of the district incurred for any purpose beneficial to such area to such extent as the chief administrative law judge may determine to be just and equitable, to be specified in the order for detachment. The proper officers shall levy further taxes on such property accordingly.

Subd. 8. Denial of petition. If the chief administrative law judge, after conclusion of the public notice period or holding a hearing, if required, determines that the sanitary district detachment in the territory described in the petition is not warranted, the judge shall make an order denying the petition. The chief administrative law judge shall give notice of the denial by mail or email to each signer of the petition. No petition for a detachment from a district consisting of the same territory shall be entertained within a year after the date of an order under this subdivision. Nothing in this subdivision precludes action on a petition for a detachment from a district embracing part of the territory with or without other territory.

Subd. 9. Notice of order for sanitary district detachment. The chief administrative law judge shall publish in a newspaper of general circulation within the territory of the proposed district a notice of the final order for sanitary district detachment, referring to the date of the order and describing the territory of the detached area and shall mail or email a notice of the final order for sanitary district detachment to each property owner in the affected territory at the owner's address as given by the county auditor. The notice must:

(1) describe the petition for detachment from the district;

(2) describe the territory affected by the petition; and

(3) state that a certified copy of the order shall be delivered to the secretary of state for filing ten days after publication of notice of the order.

Subd. 10. Filing. Ten days after publication of notice of the order, the chief administrative law judge shall deliver a certified copy of the order to the secretary of state for filing. Thereupon, the sanitary district detachment is deemed complete, and it shall be conclusively presumed that all requirements of law relating thereto have been complied with. The chief administrative law judge shall also transmit a certified copy of the order for filing to the county auditor of each county and the clerk or recorder of each municipality and organized town wherein any part of the territory of the district, including the newly detached area, is situated and to the secretary of the district board.

442A.07 SANITARY DISTRICT DISSOLUTION.

Subdivision 1. **Dissolution.** (a) An existing sanitary district may be dissolved under this chapter upon a petition to the chief administrative law judge stating the grounds therefor as provided in this section.

(b) The proposed dissolution must not have any negative environmental impact on the existing sanitary district area.

(c) If the chief administrative law judge and the Minnesota Pollution Control Agency disagree on the need to dissolve a sanitary district, they must determine whether not dissolving the sanitary district will have a detrimental effect on the environment. If it is determined that the sanitary district dissolution will cause environmental harm, the sanitary district dissolution is not allowed unless the existing sanitary district area is immediately connected to an existing wastewater treatment system.

Subd. 2. **Proceeding for dissolution.** (a) A proceeding for sanitary district dissolution may be initiated by a petition to the chief administrative law judge containing the following:

- (1) a request for proposed sanitary district dissolution;

(b) Petitioners must conduct and pay for a public meeting to inform citizens of the proposed dissolution of a sanitary district. At the meeting, information must be provided, including a description of the existing district's territory. Notice of the meeting must be published for two successive weeks in a qualified newspaper, as defined under chapter 331A, must be published within the territory of the sanitary district or, if there is no qualified newspaper published within that territory, in a qualified newspaper of general circulation in the territory, and must be posted for two weeks in each territorial unit of the sanitary district and on the website of the existing sanitary district, if one exists. Notice of the meeting must be mailed or emailed at least three weeks prior to the meeting to all property tax billing addresses for all parcels included in the sanitary district. The following must be submitted to the chief administrative law judge with the petition:

- (1) a record of the meeting, including copies of all information provided at the meeting;
- (2) a copy of the mailing list provided by the county auditor and used to notify property owners of the meeting;

(c) Every petition must be signed as follows:

(2) for each municipality wherein there is a territorial unit of the existing sanitary district, by an authorized officer pursuant to a resolution of the municipal governing body;

(3) for each organized town wherein there is a territorial unit of the existing sanitary district, by an authorized officer pursuant to a resolution of the town board; and

(4) for each county wherein there is a territorial unit of the existing sanitary district consisting of an unorganized area, by an authorized officer pursuant to a resolution of the county board or by at least 20 percent of the voters residing and owning land within the unit.

(d) Each resolution must be published in the official newspaper of the governing body adopting it and becomes effective 40 days after publication, unless within said period there shall be filed with the governing body a petition signed by qualified electors of a territorial unit of the district, equal in number to five percent of the number of electors voting at the last preceding election of the governing body, requesting a referendum on the resolution, in which case the resolution may not become effective until approved by a majority of the qualified electors voting at a regular election or special election that the governing body may call. The notice of an election and the ballot to be used must contain the text of the resolution followed by the question: "Shall the above resolution be approved?"

(e) If any signer is alleged to be a landowner in a territorial unit, a statement as to the signer's landowner status as shown by the county auditor's tax assessment records, certified by the auditor, shall be attached to or endorsed upon the petition.

(f) At any time before publication of the public notice required in subdivision 3, additional signatures may be added to the petition or amendments of the petition may be made to correct or remedy any error or defect in signature or otherwise except a material error or defect in the description of the territory of the proposed dissolution area. If the qualifications of any signer of a petition are challenged, the chief administrative law judge shall determine the challenge forthwith on the allegations of the petition, the county auditor's certificate of land ownership, and such other evidence as may be received.

Subd. 3. Notice of intent for sanitary district dissolution. (a) Upon receipt of a petition and record of the public meeting required under subdivision 2, the chief administrative law judge shall publish a notice of intent of sanitary district dissolution in a newspaper of general circulation within the territory of the proposed dissolution area, and mail or email information of the publication to each property owner in the affected territory at the owner's address as given by the county auditor. The notice must:

(1) describe the petition for sanitary district dissolution;

(2) describe the territory affected by the petition;

(3) allow 30 days for submission of written comments on the petition;

(4) state that a person who objects to the petition may submit a written request for hearing to the chief administrative law judge within 30 days of the publication of the notice; and

(5) state that if a timely request for hearing is not received, the chief administrative law judge may make a decision on the petition.

(b) If 50 or more individual timely requests for hearing are received, the chief administrative law judge must hold a hearing on the petition according to the contested case provisions of chapter 14. The sanitary district dissolution proposers are responsible for paying all costs involved in publicizing and holding a hearing on the petition.

Subd. 4. **Hearing time, place.** If a hearing is required under subdivision 3, the chief administrative law judge shall designate a time and place for a hearing according to section 442A.13.

Subd. 5. **Relevant factors.** (a) In arriving at a decision, the chief administrative law judge shall consider the following factors:

- (1) public health, safety, and welfare impacts for the proposed dissolution;
- (2) alternatives for managing the public health impacts for the proposed dissolution;
- (3) equities of the petition proposal;
- (4) contours of the petition proposal; and
- (5) public notification of and interaction on the petition proposal.

(b) Based upon these factors, the chief administrative law judge may order the dissolution of the sanitary district on finding that:

(1) the proposed dissolution area has adequate alternatives for managing public health impacts due to the dissolution;

(2) the sanitary district is not necessary to provide a long-term, equitable solution to pollution problems affecting public health, safety, and welfare;

(3) property owners within the sanitary district were provided notice of the proposed dissolution and opportunity to comment on the petition proposal; and

(4) the petition complied with the requirements of all applicable statutes and rules pertaining to sanitary district dissolution.

(c) The chief administrative law judge may alter the boundaries of the proposed dissolution area by increasing or decreasing the area to be included or may exclude property that may be better served by another unit of government. The chief administrative law judge may also alter the boundaries of the proposed dissolution area so as to follow visible, clearly recognizable physical features for municipal boundaries.

(d) The chief administrative law judge may deny sanitary district dissolution if the area, or a part thereof, would be better served by an alternative method.

(e) In all cases, the chief administrative law judge shall set forth the factors that are the basis for the decision.

Subd. 6. **Findings; order.** (a) After the public notice period or the public hearing, if required under subdivision 3, and based on the petition, any public comments received, and, if a hearing was held, the hearing record, the chief administrative law judge shall make findings of fact and conclusions determining whether the conditions requisite for the sanitary district dissolution exist in the territory described in the petition. If the chief administrative law judge finds that conditions exist, the judge may make an order for sanitary district dissolution for the territory described in the petition.

(b) If the chief administrative law judge determines that the conditions requisite for the creation of the district no longer exist therein, that all indebtedness of the district has been paid, and that all property of the district except funds has been disposed of, the judge may make an order dissolving the district and directing the distribution of its remaining funds, if any, among the related governmental subdivisions on such basis as the chief administrative law judge determines to be just and equitable, to be specified in the order.

Subd. 7. **Denial of petition.** If the chief administrative law judge, after conclusion of the public notice period or holding a hearing, if required, determines that the sanitary district dissolution in the territory described in the petition is not warranted, the judge shall make an order denying the petition. The chief administrative law judge shall give notice of the denial by mail or email to each signer of the petition. No petition for the dissolution of a district consisting of the same territory shall be entertained within a year after the date of an order under this subdivision.

Subd. 8. **Notice of order for sanitary district dissolution.** The chief administrative law judge shall publish in a newspaper of general circulation within the territory of the proposed district a notice of the final order for sanitary district dissolution, referring to the date of the order and describing the territory of the dissolved district and shall mail or email a notice of the final order for sanitary district dissolution to each property owner in the affected territory at the owner's address as given by the county auditor. The notice must:

- (1) describe the petition for dissolution of the district;
- (2) describe the territory affected by the petition; and
- (3) state that a certified copy of the order shall be delivered to the secretary of state for filing ten days after publication of notice of the order.

Subd. 9. **Filing.** (a) Ten days after publication of notice of the order, the chief administrative law judge shall deliver a certified copy of the order to the secretary of state for filing. Thereupon, the sanitary district dissolution is deemed complete, and it shall be conclusively presumed that all requirements of law relating thereto have been complied with. The chief administrative law judge shall also transmit a certified copy of the order for filing to the county auditor of each county and the clerk or recorder of each municipality and organized town wherein any part of the territory of the dissolved district is situated and to the secretary of the district board.

(b) The chief administrative law judge shall also transmit a certified copy of the order to the treasurer of the district, who must thereupon distribute the remaining funds of the district as directed by the order and who is responsible for the funds until so distributed.

442A.08 JOINT PUBLIC INFORMATIONAL MEETING.

In all cases that proceed to a contested case hearing, there must be a joint public informational meeting of the local governments of any proposed sanitary district creation, annexation, detachment, or dissolution.

The joint public informational meeting must be held after the final mediation meeting or the final meeting held according to section 442A.02, subdivision 8, if any, and before the hearing on the matter is held. If no mediation meetings are held, the joint public informational meeting must be held after the initiating documents have been filed and before the hearing on the matter. The time, date, and place of the public informational meeting must be determined jointly by the local governments in the proposed creation, annexation, detachment, or dissolution areas and by the sanitary district, if one exists. The chair of the sanitary district, if one exists, and the responsible official for one of the local governments represented at the meeting must serve as the co-chairs for the informational meeting. Notice of the time, date, place, and purpose of the informational meeting must be posted by the sanitary district, if one exists, and local governments in designated places for posting notices. The sanitary district, if one exists, and represented local governments must also publish, at their own expense, notice in their respective official newspapers. If the same official newspaper is used by multiple local government representatives or the sanitary district, a joint notice may be published and the costs evenly divided. All notice required by this section must be provided at least ten days before the date for the public informational meeting. At the public informational meeting, all persons appearing must have an opportunity to be heard, but the co-chairs may, by mutual agreement, establish the amount of time allowed for each speaker. The sanitary district board, the local government representatives, and any resident or affected property owner may be represented by counsel and may place into the record of the informational meeting documents, expert opinions, or other materials supporting their positions on issues raised by the proposed proceeding. The secretary of the sanitary district, if one exists, or a person appointed by the chair must record minutes of the proceedings of the informational meeting and must make an audio recording of the informational meeting. The sanitary district, if one exists, or a person appointed by the chair must provide the chief administrative law judge and the represented local governments with a copy of the printed minutes and must provide the chief administrative law judge and the represented local governments with a copy of the audio recording. The record of the informational meeting for a proceeding under section 442A.04, 442A.05, 442A.06, or 442A.07 is admissible in any proceeding under this chapter and shall be taken into consideration by the chief administrative law judge or the chief administrative law judge's designee.

442A.09 ANNEXATION BY ORDER OF POLLUTION CONTROL AGENCY.

Subdivision 1. **Annexation by ordinance alternative.** If a determination or order by the Minnesota Pollution Control Agency under section 115.49 or other similar statute is made that cooperation by contract is necessary and feasible between a sanitary district and an unincorporated area located outside the existing corporate limits of the sanitary district, the sanitary district required to provide or extend through a contract a governmental service to an unincorporated area, during the statutory 90-day period provided in section 115.49 to formulate a contract, may, in the alternative to formulating a service contract to provide or extend the service, declare the unincorporated area described in the Minnesota Pollution Control Agency's determination letter or order annexed to the sanitary district by adopting an ordinance and submitting it to the chief administrative law judge.

Subdivision 1. **Orders; time limit.** All orders in proceedings under this chapter shall be issued within one year from the date of the first hearing thereon, provided that the time may be extended for a fixed additional period upon consent of all parties of record. Failure to so order shall be deemed to be an order denying the matter. An appeal may be taken from such failure to so order in the same manner as an appeal from an order as provided in subdivision 2.

Subd. 2. **Grounds for appeal.** (a) Any person aggrieved by an order issued under this chapter may appeal to the district court upon the following grounds:

- (1) the order was issued without jurisdiction to act;
- (2) the order exceeded the jurisdiction of the presiding administrative law judge;
- (3) the order was arbitrary, fraudulent, capricious, or oppressive or in unreasonable disregard of the best interests of the territory affected; or
- (4) the order was based upon an erroneous theory of law.

(b) The appeal must be taken in the district court in the county in which the majority of the area affected is located. The appeal does not stay the effect of the order. All notices and other documents must be served on both the chief administrative law judge and the attorney general's assistant assigned to the chief administrative law judge for purposes of this chapter.

(c) If the court determines that the action involved is unlawful or unreasonable or is not warranted by the evidence in case an issue of fact is involved, the court may vacate or suspend the action involved, in whole or in part, as the case requires. The matter shall then be remanded for further action in conformity with the decision of the court.

(d) To render a review of an order effectual, the aggrieved person shall file with the court administrator of the district court of the county in which the majority of the area is located, within 30 days of the order, an application for review together with the grounds upon which the review is sought.

442A.14 DISTRICT BOARD OF MANAGERS.

Subdivision 1. **Composition.** The governing body of each district shall be a board of managers of five members, who shall be voters residing in the district and who may but need not be officers, members of governing bodies, or employees of the related governmental subdivisions, except that when there are more than five territorial units in a district, there must be one board member for each unit.

Subd. 2. **Terms.** The terms of the first board members elected after creation of a district shall be so arranged and determined by the electing body as to expire on the first business day in January as follows:

(1) the terms of two members in the second calendar year after the year in which they were elected;

(2) the terms of two other members in the third calendar year after the year in which they were elected;
and

(3) the term of the remaining member in the fourth calendar year after the year in which the member was elected. In case a board has more than five members, the additional members shall be assigned to the

groups under clauses (1) to (3) to equalize the groups as far as practicable. Thereafter, board members shall be elected successively for regular terms beginning upon expiration of the preceding terms and expiring on the first business day in January of the third calendar year thereafter. Each board member serves until a successor is elected and has qualified.

Subd. 3. Election of board. In a district having only one territorial unit, all the members of the board shall be elected by the related governing body. In a district having more than one territorial unit, the members of the board shall be elected by the members of the related governing bodies in joint session except as otherwise provided. The electing bodies concerned shall meet and elect the first board members of a new district as soon as practicable after creation of the district and shall meet and elect board members for succeeding regular terms as soon as practicable after November 1 next preceding the beginning of the terms to be filled, respectively.

Subd. 4. Central related governing body. Upon the creation of a district having more than one territorial unit, the chief administrative law judge, on the basis of convenience for joint meeting purposes, shall designate one of the related governing bodies as the central related governing body in the order creating the district or in a subsequent special order, of which the chief administrative law judge shall notify the clerks or recorders of all the related governing bodies. Upon receipt of the notification, the clerk or recorder of the central related governing body shall immediately transmit the notification to the presiding officer of the body. The officer shall thereupon call a joint meeting of the members of all the related governing bodies to elect board members, to be held at such time as the officer shall fix at the regular meeting place of the officer's governing body or at such other place in the district as the officer shall determine. The clerk or recorder of the body must give at least ten days' notice of the meeting by mail to the clerks or recorders of all the other related governing bodies, who shall immediately transmit the notice to all the members of the related governing bodies, respectively. Subsequent joint meetings to elect board members for regular terms must be called and held in like manner. The presiding officer and the clerk or recorder of the central related governing body shall act respectively as chair and secretary of the joint electing body at any meeting thereof, but in case of the absence or disability of either of them, the body may elect a temporary substitute. A majority of the members of each related governing body is required for a quorum at any meeting of the joint electing body.

Subd. 5. Nominations.
