#### **62D.01 CITATION AND PURPOSE.**

Subdivision 1. **Title.** Sections 62D.01 to 62D.24 may be cited as the "Health Maintenance Act of 1973."

Subd. 2. **Legislative findings and intent; policy.** (a) Faced with the continuation of mounting costs of health care coupled with its inaccessibility to large segments of the population, the legislature has determined that there is a need to explore alternative methods for the delivery of health care services, with a view toward achieving greater efficiency and economy in providing these services.

(b) It is, therefore, the policy of the state to eliminate the barriers to the organization, promotion, and expansion of health maintenance organizations; to provide for their regulation by the state commissioner of health; and to exempt them from the operation of the insurance and nonprofit health service plan corporation laws of the state except as hereinafter provided.

(c) It is further the intention of the legislature to closely monitor the development of health maintenance organizations in order to assess their impact on the costs of health care to consumers, the accessibility of health care to consumers, and the quality of health care provided to consumers.

#### **62D.04 ISSUANCE OF CERTIFICATE AUTHORITY.**

Subdivision 1. **Application review.** Upon receipt of an application for a certificate of authority, the commissioner of health shall determine whether the applicant for a certificate of authority has:

(b) arrangements for an ongoing evaluation of the quality of health care, including a peer review process;

(d) reasonable provisions for emergency and out of area health care services;

(e) demonstrated that it is financially responsible and may reasonably be expected to meet its obligations to enrollees and prospective enrollees. In making this determination, the commissioner of health shall require the amount of initial net worth required in section 62D.042, compliance with the risk-based capital standards under sections 60A.50 to 60A.592, the deposit required in section 62D.041, and in addition shall consider:

(1) the financial soundness of its arrangements for health care services and the proposed schedule of charges used in connection therewith;

(2) arrangements which will guarantee for a reasonable period of time the continued availability or payment of the cost of health care services in the event of discontinuance of the health maintenance organization; and

(3) agreements with providers for the provision of health care services;

(f) demonstrated that it will assume full financial risk on a prospective basis for the provision of comprehensive health maintenance services, including hospital care; provided, however, that the requirement in this paragraph shall not prohibit the following:

(2) a health maintenance organization from having a provision in a group health maintenance contract allowing an adjustment of premiums paid based upon the actual health services utilization of the enrollees covered under the contract, except that at no time during the life of the contract shall the contract holder fully self-insure the financial risk of health care services delivered under the contract. Risk sharing arrangements shall be subject to the requirements of sections 62D.01 to 62D.30;

Subd. 4. **Continued compliance.** Upon being granted a certificate of authority to operate as a health maintenance organization, the organization must continue to operate in compliance with the standards set forth in subdivision 1. Noncompliance may result in the imposition of a fine or the suspension or revocation of the certificate of authority, in accordance with sections 62D.15 to 62D.17.

Subd. 5. **Participation; government programs.** Health maintenance organizations shall, as a condition of receiving and retaining a certificate of authority, participate in the medical assistance and MinnesotaCare programs. A health maintenance organization is required to submit proposals in good faith that meet the requirements of the request for proposal provided that the requirements can be reasonably met by a health maintenance organization to serve individuals eligible for the above programs in a geographic region of the state if, at the time of publication of a request for proposal, the percentage of recipients in the public programs in the region who are enrolled in the health maintenance organization is less than the health maintenance organization's percentage of the total number of individuals enrolled in health maintenance organizations in the same region. Geographic regions shall be defined by the commissioner of human services in the request for proposals.

- (5) members of an existing group insurance policy.

Subd. 4. **Waivers.** A health plan may apply to the commissioner of health for a waiver of the requirements of this section or for authorization to impose such underwriting restrictions upon open enrollment as are necessary (1) to preserve its financial stability, (2) to prevent excessive adverse selection by prospective enrollees, or (3) to avoid unreasonably high or unmarketable charges for enrollee coverage for health care

services. The commissioner of health upon a showing of good cause, shall approve or upon failure to show good cause shall deny such application within 30 days of the receipt thereof from the health plan. The commissioner of health may, in accordance with chapter 14, promulgate rules to implement this section.

A contract providing reduced benefits at a reduced fee may be accepted by the former spouse and dependent children in lieu of the optional coverage otherwise required by this subdivision. The individual health maintenance contract shall be renewable at the option of the former spouse as long as the former spouse is not covered under another qualified plan as defined in section 62E.02, subdivision 4. Any revisions in the table of rate for the individual contract shall apply to the former spouse's original age at entry and shall apply equally to all similar contracts issued by the health maintenance organization.

- (2) the date coverage would otherwise terminate under the health maintenance contract.

If coverage is provided under a group policy, any required premium contributions for the coverage shall be paid by the enrollee on a monthly basis to the group contract holder to be paid to the health maintenance organization. The contract must require the group contract holder to, upon request, provide the enrollee with written verification from the insurer of the cost of this coverage promptly at the time of eligibility for this

coverage and at any time during the continuation period. In no event shall the fee charged exceed 102 percent of the cost to the plan for the period of coverage for other similarly situated spouses and dependent children when the marital relationship has not dissolved, regardless of whether the cost is paid by the employer or employee.

Subd. 18. **Special reinstatement privilege.** No health maintenance organization shall fail to comply with the special reinstatement privilege provided under section 62A.04, subdivision 2, clause (4), for the Medicare-related coverage referred to in that clause.

Subd. 19. **Coverage of service.** A health maintenance organization may not deny or limit coverage of a service which the enrollee has already received solely on the basis of lack of prior authorization or second opinion, to the extent that the service would otherwise have been covered under the member's contract by the health maintenance organization had prior authorization or second opinion been obtained.

**History:** 1973 c 670 s 12; 1974 c 284 s 8,9; 1975 c 323 s 4; 1976 c 296 art 1 s 18; 1977 c 305 s 45; 1980 c 614 s 74; 1983 c 289 s 114 subd 1; 1984 c 464 s 30-36; 1984 c 641 s 5; 1984 c 655 art 1 s 92; 1985 c 248 s 70; 1987 c 384 art 2 s 1; 1988 c 434 s 11,12; 1988 c 592 s 8,9; 1988 c 612 s 19,20; 1989 c 330 s 23; 1993 c 345 art 5 s 6; 1994 c 485 s 65; 1994 c 625 art 10 s 13; 1995 c 75 s 2; 1996 c 305 art 1 s 20; 1997 c 205 s 15; 1999 c 177 s 43; 1Sp2019 c 9 art 8 s 3

**62D.121 REQUIRED REPLACEMENT COVERAGE.**

Subdivision 1. **Replacement coverage.** When membership of an enrollee who has individual health coverage is terminated by the health maintenance organization for a reason other than (a) failure to pay the charge for health care coverage; (b) failure to make co-payments required by the health care plan; (c) enrollee moving out of the area served; or (d) a materially false statement or misrepresentation by the enrollee in the application for membership, the health maintenance organization must offer or arrange to offer replacement coverage, without evidence of insurability, without preexisting condition exclusions, and without interruption of coverage.

Subd. 2. **Health maintenance organization coverage required.** If the health maintenance organization has terminated individuals from coverage in a service area, the replacement coverage shall be health maintenance organization coverage issued by the health maintenance organization terminating coverage unless the health maintenance organization can demonstrate to the commissioner that offering health maintenance organization replacement coverage would not be feasible. In making the determination, the commissioner shall consider (1) loss ratios and forecasts, (2) lack of agreements between health care providers and the health maintenance organization to offer that product, (3) evidence of anticipated premium needs compared with established rates, (4) the financial impact of the replacement coverage on the overall financial solvency of the plan, and (5) the cost to the enrollee of health maintenance organization replacement coverage as compared to cost to the enrollee of the replacement coverage required under subdivision 3.

Subd. 2a. **Other coverage permitted.** The terminating health maintenance organization may also offer as replacement coverage health maintenance organization coverage issued by another health maintenance organization.

Subd. 3. **Required coverage.** If health maintenance organization replacement coverage is not offered by the health maintenance organization, as explained under subdivisions 2 and 2a, the replacement coverage shall provide, for enrollees covered by title XVIII of the Social Security Act, coverage at least equivalent to a basic Medicare supplement plan as defined in section 62A.316, except that the replacement coverage shall also cover the liability for any Medicare Part A and Part B deductible as defined under title XVIII of the Social Security Act. After satisfaction of the Medicare Part B deductible, the replacement coverage shall be at least 80 percent of usual and customary eligible medical expenses and supplies not covered by Medicare Part B eligible expenses. This does not include outpatient prescription drugs. The fee or premium of the replacement coverage shall not exceed the premium charged by the state comprehensive health plan as established under section 62E.08, for a qualified Medicare supplement plan. All enrollees not covered by Medicare shall be given the option of a number three qualified plan or a number two qualified plan as defined in section 62E.06, subdivisions 1 and 2, for replacement coverage. The fee or premium for a number three qualified plan shall not exceed 125 percent of the average of rates charged by the five insurers with the largest number of individuals in a number three qualified plan of insurance in force in Minnesota. The fee or premium for a number two qualified plan shall not exceed 125 percent of the average of rates charged by the five insurers with the largest number of individuals in a number two qualified plan of insurance in force in Minnesota.

Subd. 3a. **Fee.** If the replacement coverage is health maintenance organization coverage, as explained in subdivisions 2 and 2a, the fee shall not exceed 125 percent of the cost of the average fee charged by health maintenance organizations for a similar health plan. The commissioner of health will determine the average cost of the plan on the basis of information provided annually by the health maintenance organizations concerning the rates charged by the health maintenance organizations for the plans offered. Fees or premiums charged under this section must be actuarially justified.

Subd. 4. **Approval required.** The commissioner will approve or disapprove the replacement coverage within 30 days. A health maintenance organization shall not give enrollees a notice of cancellation of coverage until a replacement policy has been filed with the commissioner and approved or disapproved.

Subd. 5. **Notice of cancellation.** The health maintenance organization must provide the terminated enrollees with a notice of cancellation 90 days before the date the cancellation takes effect. If the replacement coverage is approved by the commissioner under subdivision 4, the notice shall clearly and completely describe the replacement coverage that the enrollees are eligible to receive and explain the procedure for enrolling. If the replacement coverage is not approved by the commissioner, the health maintenance organization shall provide a cancellation notice with information that the enrollee is entitled to enroll in the state comprehensive health insurance plan with a waiver of the waiting period for preexisting conditions under section 62E.14, subdivisions 1, paragraph (d), and 6.

Subd. 6. **Notice exception.** The commissioner may waive the notice required in this section if the commissioner determines that the health maintenance organization has not received information regarding Medicare reimbursement rates from the Centers for Medicare and Medicaid Services before September 1 for contracts renewing on January 1 of the next year. In no event shall enrollees covered by title XVIII of the Social Security Act receive less than 60 days' notice of contract termination.

Subd. 7. **Geographic accessibility.** If the commissioner determines that there are not enough providers to assure that enrollees have accessible health services available in a geographic service area, the commissioner shall institute a plan of corrective action that shall be followed by the health maintenance organization. Such a plan may include but not be limited to requiring the health maintenance organization to make payments to nonparticipating providers for health services for enrollees, requiring the health maintenance organization to discontinue accepting new enrollees in that service area, and requiring the health maintenance organization to reduce its geographic service area. If a nonparticipating provider has been a participating provider with the health maintenance organization within the last year, any payments made under this section must not exceed the payment level of the previous contract unless the commissioner determines that without adjusting payments the health maintenance organization will be unable to meet the health care needs of enrollees in the area.

**History:** 1988 c 434 s 13; 1989 c 258 s 10; 1990 c 538 s 25,26; 2002 c 277 s 32

### **62D.123 PROVIDER CONTRACTS.**

Subdivision 1. **Provider agreement.** Except for an employment agreement between a provider and health maintenance organization, an agreement to provide health care services between a provider and a health maintenance organization entered into or renewed after April 25, 1988, must contain the following provision:

PROVIDER AGREES NOT TO BILL, CHARGE, COLLECT A DEPOSIT FROM, SEEK REMUNERATION FROM, OR HAVE ANY RECOURSE AGAINST AN ENROLLEE OR PERSONS ACTING ON THEIR BEHALF FOR SERVICES PROVIDED UNDER THIS AGREEMENT. THIS PROVISION APPLIES TO BUT IS NOT LIMITED TO THE FOLLOWING EVENTS: (1) NONPAYMENT BY THE HEALTH MAINTENANCE ORGANIZATION OR (2) BREACH OF THIS AGREEMENT. THIS PROVISION DOES NOT PROHIBIT THE PROVIDER FROM COLLECTING CO-PAYMENTS OR FEES FOR UNCOVERED SERVICES.

THIS PROVISION SURVIVES THE TERMINATION OF THIS AGREEMENT FOR AUTHORIZED SERVICES PROVIDED BEFORE THIS AGREEMENT TERMINATES, REGARDLESS OF THE REASON FOR TERMINATION. THIS PROVISION IS FOR THE BENEFIT OF THE HEALTH MAINTENANCE ORGANIZATION ENROLLEES. THIS PROVISION DOES NOT APPLY TO SERVICES PROVIDED AFTER THIS AGREEMENT TERMINATES.

THIS PROVISION SUPERSEDES ANY CONTRARY ORAL OR WRITTEN AGREEMENT EXISTING NOW OR ENTERED INTO IN THE FUTURE BETWEEN THE PROVIDER AND THE ENROLLEE OR PERSONS ACTING ON THEIR BEHALF REGARDING LIABILITY FOR PAYMENT FOR SERVICES PROVIDED UNDER THIS AGREEMENT.

Subd. 2. **Cooperation required.** An agreement to provide health care services between a provider and a health maintenance organization must require the provider to cooperate with and participate in the health maintenance organization's quality assurance program, dispute resolution procedure, and utilization review program.

Subd. 3. **Notice of termination.** An agreement to provide health care services between a provider and a health maintenance organization must require that if the provider terminates the agreement, without cause, the provider shall give the organization 120 days' advance notice of termination.

Subd. 4. **Late payments.** If a health maintenance organization's payments to a provider are delayed beyond the payment date in the contract, the provider may notify the commissioner who shall consider that information in assessing the financial solvency of the health maintenance organization.

**History:** 1988 c 612 s 21

#### 62D.124 GEOGRAPHIC ACCESSIBILITY.

Subdivision 1. **Primary care; mental health services; general hospital services.** Within the health maintenance organization's service area, the maximum travel distance or time shall be the lesser of 30 miles or 30 minutes to the nearest provider of each of the following services: primary care services, mental health services, and general hospital services. The health maintenance organization must designate which method is used.

Subd. 2. **Other health services.** Within a health maintenance organization's service area, the maximum travel distance or time shall be the lesser of 60 miles or 60 minutes to the nearest provider of specialty physician services, ancillary services, specialized hospital services, and all other health services not listed in subdivision 1. The health maintenance organization must designate which method is used.

Subd. 3. **Waiver.** (a) A health maintenance organization may apply to the commissioner of health for a waiver of the requirements in subdivision 1 or 2 if it is unable to meet those requirements. A waiver application must be submitted on a form provided by the commissioner, must be accompanied by an application fee of \$500 per county per year, for each application to waive the requirements in subdivision 1 or 2 for one or more provider types in that county, and must:

(1) demonstrate with specific data that the requirements of subdivision 1 or 2 are not feasible in a particular service area or part of a service area; and

(2) include specific information as to the steps that were and will be taken to address network inadequacy, and, for steps that will be taken prospectively to address network inadequacy, the time frame within which those steps will be taken.

(b) Using the guidelines and standards established under section 62K.10, subdivision 5, paragraph (b), the commissioner shall review each waiver request and shall approve a waiver only if:

(1) the standards for approval established by the commissioner are satisfied; and

(2) the steps that were and will be taken to address the network inadequacy and the time frame for implementing these steps satisfy the standards established by the commissioner.

(c) If, in its waiver application, a health maintenance organization demonstrates to the commissioner that there are no providers of a specific type or specialty in a county, the commissioner may approve a waiver in which the health maintenance organization is allowed to address network inadequacy in that county by providing for patient access to providers of that type or specialty via telehealth, as defined in section 62A.673, subdivision 2.

(d) A waiver shall automatically expire after three years. Upon or prior to expiration of a waiver, a health maintenance organization unable to meet the requirements in subdivision 1 or 2 must submit a new waiver application under paragraph (a) and must also submit evidence of steps the organization took to address the network inadequacy. When the commissioner reviews a waiver application for a network adequacy requirement which has been waived for the organization for the most recent three-year period, the commissioner shall also examine the steps the organization took during that three-year period to address network inadequacy, and shall only approve a subsequent waiver application if it satisfies the requirements in paragraph (b), demonstrates that the organization took the steps it proposed to address network inadequacy, and explains why the organization continues to be unable to satisfy the requirements in subdivision 1 or 2.

(e) Application fees collected under this subdivision shall be deposited in the state government special revenue fund in the state treasury.

Subd. 4. **Application.** (a) Subdivisions 1 and 2 do not apply if an enrollee is referred to a referral center for health care services.

(b) Subdivision 1 does not apply:

(1) if an enrollee has chosen a health plan with full knowledge that the health plan has no participating providers within 30 miles or 30 minutes of the enrollee's place of residence; or

(2) to service areas approved before May 24, 1993.

(c) Beginning for coverage effective on or after January 1, 2015, subdivisions 1 to 4 shall only apply to individual or small group health plans that are grandfathered plans, as defined under section 62A.011, subdivision 1c.

Subd. 5. **Provider networks.** The commissioner of health, the commissioner of commerce, and the commissioner of human services shall merge reporting requirements for health maintenance organizations and county-based purchasing plans related to Minnesota Department of Health oversight of network adequacy under this section and the provider network list reported to the Department of Human Services under Minnesota Rules, part 4685.2100. The commissioners shall work with health maintenance organizations and county-based purchasing plans to ensure that the report merger is done in a manner that simplifies health maintenance organization and county-based purchasing plan reporting processes.

Subd. 6. **Provider network notifications.** A health maintenance organization must provide on the organization's website the provider network for each product offered by the organization, and must update the organization's website at least once a month with any changes to the organization's provider network,

including provider changes from in-network status to out-of-network status. A health maintenance organization must also provide on the organization's website, for each product offered by the organization, a list of the current waivers of the requirements in subdivision 1 or 2, in a format that is easily accessed and searchable by enrollees and prospective enrollees.

### 62D.13 POWERS OF INSURERS AND NONPROFIT HEALTH SERVICE PLANS.

Notwithstanding any law to the contrary, an insurer or a hospital or medical service plan corporation may contract with a health maintenance organization to provide insurance or similar protection against the cost of care provided through health maintenance organizations and to provide coverage in the event of the failure of the health maintenance organization to meet its obligations. The enrollees of a health maintenance organization constitute a permissible group for group coverage under the insurance laws and the Nonprofit Health Service Plan Corporations Act. Under such contracts, the insurer or nonprofit health service plan corporation may make benefit payments to health maintenance organizations for health care services rendered, or to be rendered, by providers pursuant to the health care plan. Any insurer, or nonprofit health service plan corporation, licensed to do business in this state, is authorized to provide the types of coverages described in section 62D.05, subdivision 3.

### 62D.14 EXAMINATIONS.

Subdivision 1. **Examination authority.** The commissioner of health may make an examination of the affairs of any health maintenance organization and its contracts, agreements, or other arrangements with any participating entity as often as the commissioner of health deems necessary for the protection of the interests of the people of this state, but not less frequently than once every three years. Examinations of participating entities pursuant to this subdivision shall be limited to their dealings with the health maintenance organization and its enrollees, except that examinations of major participating entities may include inspection of the entity's financial statements kept in the ordinary course of business. The commissioner may require major participating entities to submit the financial statements directly to the commissioner. Financial statements of major participating entities are subject to the provisions of section 13.37, subdivision 1, clause (b), upon request of the major participating entity or the health maintenance organization with which it contracts.

Subd. 2. **Notice of examination.** The commissioner will notify the organization and any involved participating entity in writing when an examination has been initiated. The commissioner will include in this notice a full statement of the pertinent facts and of the matters being examined, and may include a statement that the organization or participating entity must submit to the commissioner within 30 days from the date of the notice a complete written report concerning those matters.

Subd. 3. **Commissioner's authority.** In order to accomplish the duties under this section with respect to the dealings of the participating entities with the health maintenance organization, the commissioner of health shall have the right to:

- (1) inspect or otherwise evaluate the quality, appropriateness, and timeliness of services performed;
- (2) audit and inspect any books and records of a health maintenance organization and a participating entity which pertain to services performed and determinations of amounts payable under such contract;

(3) require persons or organizations under examination to be deposed and to answer interrogatories, regardless of whether an administrative hearing or other civil proceeding has been or will be initiated; and

(4) employ site visits, public hearings, or any other procedures considered appropriate to obtain the information necessary to determine the issues.

Subd. 4. [Repealed, 2000 c 468 s 33]

Subd. 4a. **Classification of data.** Any data or information obtained by the commissioner under this section or section 62D.145 shall be classified as private data on individuals as defined in chapter 13. Such data shall be protected and may be released consistent with the provisions of section 60A.03, subdivision 9.

Subd. 5. **Oaths; witnesses; subpoenas.** The commissioner of health shall have the power to administer oaths to and examine witnesses, and to issue subpoenas.

Subd. 6. **Examination expenses.** Reasonable expenses of examinations under this section shall be assessed by the commissioner of health against the organization being examined, and shall be remitted to the commissioner of health for deposit in the general fund of the state treasury.

Subd. 7. **Penalty.** Failure to provide relevant information necessary for conducting examinations pursuant to this section shall be subject to the levy of a fine up to \$200 for each day the information is not provided. A fine levied under this subdivision shall be subject to the contested case and judicial review provisions of chapter 14. In the event a timely request for review is made, accrual of a fine levied shall be stayed pending completion of the contested case and judicial review proceeding.

## **62D.145 DISCLOSURE OF INFORMATION HELD BY HEALTH MAINTENANCE ORGANIZATIONS.**

Subdivision 1. **Personal and privileged information.** The ability of a health maintenance organization to disclose personal information, as defined in section 72A.491, subdivision 17, and privileged information, as defined in section 72A.491, subdivision 19, is governed by sections 72A.497, 72A.499, and 72A.502.

Subd. 2. **Health data or information.** (a) A health maintenance organization is prohibited from disclosing to any person any individually identifiable data or information held by the health maintenance organization pertaining to the diagnosis, treatment, or health of any enrollee, or any application obtained from any person, except:

(1) to the extent necessary to carry out the purposes of this chapter, the commissioner and a designee shall have access to the above data or information but the data removed from the health maintenance organization or participating entity shall not identify any particular patient or client by name or contain any other unique personal identifier;

(2) upon the express consent of the enrollee or applicant;

(3) pursuant to statute or court order for the production of evidence or the discovery thereof;

(4) in the event of claim or litigation between the person and the provider or health maintenance organization wherein such data or information is pertinent;

(5) to meet the requirements of contracts for prepaid medical services with the commissioner of human services authorized under chapter 256B, 256D, or 256L;

(6) to meet the requirements of contracts for benefit plans with the commissioner of management and budget under chapter 43A; or

(7) as otherwise authorized pursuant to statute.

No provision in a contract for a benefit plan under chapter 43A shall authorize dissemination of individually identifiable health records, unless the dissemination of the health records is required to carry out the requirements of the contract and employees whose health records will be disseminated are fully informed of the dissemination by the Department of Management and Budget at the time the employees are enrolling for or changing insurance coverage.

(b) In any case involving a suspected violation of a law applicable to health maintenance organizations in which access to health data maintained by the health maintenance organization or participating entity is necessary, the commissioner and agents, while maintaining the privacy rights of individuals and families, shall be permitted to obtain data that identifies any particular patient or client by name. A health maintenance organization shall be entitled to claim any statutory privileges against such disclosure which the provider who furnished the information to the health maintenance organization is entitled to claim.

## **62D.15 SUSPENSION OR REVOCATION OF CERTIFICATE OF AUTHORITY.**

Subdivision 1. **Grounds for suspension or revocation.** The commissioner of health may suspend or revoke any certificate of authority issued to a health maintenance organization under sections 62D.01 to 62D.30 if the commissioner finds that:

(1) the health maintenance organization is operating significantly in contravention of its basic organizational document, its health maintenance contract, or in a manner contrary to that described in and reasonably inferred from any other information submitted under section 62D.03, unless amendments to such submissions have been filed with and approved by the commissioner of health;

(2) the health maintenance organization issues evidences of coverage which do not comply with the requirements of section 62D.07;

(3) the health maintenance organization is unable to fulfill its obligations to furnish comprehensive health maintenance services as required under its health maintenance contract;

(4) the health maintenance organization is no longer financially responsible and may reasonably be expected to be unable to meet its obligations to enrollees or prospective enrollees;

(5) the health maintenance organization has failed to implement a mechanism affording the enrollees an opportunity to participate in matters of policy and operation under section 62D.06;

(6) the health maintenance organization has failed to implement the complaint system required by section 62D.11 in a manner designed to reasonably resolve valid complaints;

(7) the health maintenance organization, or any person acting with its sanction, has advertised or merchandised its services in an untrue, misrepresentative, misleading, deceptive, or unfair manner;

(8) the continued operation of the health maintenance organization would be hazardous to its enrollees; or

(9) the health maintenance organization has otherwise failed to substantially comply with sections 62D.01 to 62D.30 or with any other statute or administrative rule applicable to health maintenance organizations, or has submitted false information in any report required hereunder.

**Subd. 2. Procedure.** A certificate of authority shall be suspended or revoked only after compliance with the requirements of section 62D.16.

**Subd. 3. Restrictions during suspension.** When the certificate of authority of a health maintenance organization is suspended, the health maintenance organization shall not, during the period of such suspension, enroll any additional enrollees except newborn children or other newly acquired dependents of existing enrollees, and shall not engage in any advertising or solicitation whatsoever.

**Subd. 4. Restrictions upon revocation.** When the certificate of authority of a health maintenance organization is revoked, the organization shall proceed, immediately following the effective date of the order of revocation, to wind up its affairs, and shall conduct no further business except as may be essential to the orderly conclusion of the affairs of the organization. It shall engage in no further advertising or solicitation whatsoever. The commissioner of health may, by written order, permit further operation of the organization as the commissioner may find to be in the best interest of enrollees, to the end that enrollees will be afforded the greatest practical opportunity to obtain continuing health care coverage.

**History:** 1973 c 670 s 15; 1977 c 305 s 45; 1984 c 464 s 38; 1986 c 444; 1987 c 384 art 2 s 1

## **62D.16 DENIAL, SUSPENSION, AND REVOCATION; ADMINISTRATIVE PROCEDURES.**

**Subdivision 1. Notice and hearing.** When the commissioner of health has cause to believe that grounds for the denial, suspension or revocation of a certificate of authority exists, the commissioner shall notify the health maintenance organization in writing specifically stating the grounds for denial, suspension or revocation and fixing a time of at least 20 days thereafter for a hearing on the matter, except in summary proceedings as provided in section 62D.18.

**Subd. 2. Written findings.** After such hearing, or upon the failure of the health maintenance organization to appear at the hearing, the commissioner of health shall take action as is deemed advisable and shall issue written findings which shall be mailed to the health maintenance organization. The action of the commissioner of health shall be subject to judicial review pursuant to chapter 14.

**History:** 1973 c 670 s 16; 1977 c 305 s 45; 1982 c 424 s 130; 1986 c 444

## **62D.17 PENALTIES AND ENFORCEMENT.**

**Subdivision 1. Administrative penalty.** The commissioner of health may, for any violation of statute or rule applicable to a health maintenance organization, or in lieu of suspension or revocation of a certificate of authority under section 62D.15, levy an administrative penalty in an amount up to \$25,000 for each violation. In the case of contracts or agreements made pursuant to section 62D.05, subdivisions 2 to 4, each contract or agreement entered into or implemented in a manner which violates sections 62D.01 to 62D.30 shall be considered a separate violation. In determining the level of an administrative penalty, the commissioner shall consider the following factors:

- (1) the number of enrollees affected by the violation;
- (2) the effect of the violation on enrollees' health and access to health services;

(3) if only one enrollee is affected, the effect of the violation on that enrollee's health;

(4) whether the violation is an isolated incident or part of a pattern of violations; and

(5) the economic benefits derived by the health maintenance organization or a participating provider by virtue of the violation.

Reasonable notice in writing to the health maintenance organization shall be given of the intent to levy the penalty and the reasons therefor, and the health maintenance organization may have 15 days within which to file a written request for an administrative hearing and review of the commissioner of health's determination. Such administrative hearing shall be subject to judicial review pursuant to chapter 14. If an administrative penalty is levied, the commissioner must divide 50 percent of the amount among any enrollees affected by the violation, unless the commissioner certifies in writing that the division and distribution to enrollees would be too administratively complex or that the number of enrollees affected by the penalty would result in a distribution of less than \$50 per enrollee.

Subd. 2. **Criminal penalty.** Any person who violates sections 62D.01 to 62D.30 or knowingly submits false information in any report required hereunder shall be guilty of a misdemeanor.

Subd. 3. **Alternative proceedings.** (a) If the commissioner of health shall, for any reason, have cause to believe that any violation of sections 62D.01 to 62D.30 has occurred or is threatened, the commissioner of health may, before commencing action under sections 62D.15 and 62D.16, and subdivision 1, give notice to the health maintenance organization and to the representatives, or other persons who appear to be involved in such suspected violation, to arrange a voluntary conference with the alleged violators or their authorized representatives for the purpose of attempting to ascertain the facts relating to such suspected violation and, in the event it appears that any violation has occurred or is threatened, to arrive at an adequate and effective means of correcting or preventing such violation.

(b) Proceedings under this subdivision shall not be governed by any formal procedural requirements, and may be conducted in such manner as the commissioner of health may deem appropriate under the circumstances.

Subd. 4. **Cease and desist order; hearing; stay.** (a) The commissioner of health may issue an order directing a health maintenance organization or a representative of a health maintenance organization to cease and desist from engaging in any act or practice in violation of the provisions of sections 62D.01 to 62D.30.

(1) The cease and desist order may direct a health maintenance organization to pay for or provide a service when that service is required by statute or rule to be provided.

(2) The commissioner may issue a cease and desist order directing a health maintenance organization to pay for a service that is required by statute or rule to be provided, only if there is a demonstrable and irreparable harm to the public or an enrollee.

(3) If the cease and desist order involves a dispute over the medical necessity of a procedure based on its experimental nature, the commissioner may issue a cease and desist order only if the following conditions are met:

(i) the commissioner has consulted with appropriate and identified experts;

(ii) the commissioner has reviewed relevant scientific and medical literature; and

(iii) the commissioner has considered all other relevant factors including whether final approval of the technology or procedure has been granted by the appropriate government agency; the availability of scientific

evidence concerning the effect of the technology or procedure on health outcomes; the availability of scientific evidence that the technology or procedure is as beneficial as established alternatives; and the availability of evidence of benefit or improvement without the technology or procedure.

(b) Within 20 days after service of the order to cease and desist, the respondent may request a hearing on the question of whether acts or practices in violation of sections 62D.01 to 62D.30 have occurred. Such hearings shall be subject to judicial review as provided by chapter 14.

If the acts or practices involve violation of the reporting requirements of section 62D.08, or if the commissioner has ordered the rehabilitation, liquidation, or conservation of the health maintenance organization in accordance with section 62D.18, the health maintenance organization may request an expedited hearing on the matter. The hearing shall be held within 15 days of the request. Within ten days thereafter, an administrative law judge shall issue a recommendation on the matter. The commissioner shall make a final determination on the matter within ten days of receipt of the administrative law judge's recommendation.

When a request for a stay accompanies the hearing request, the matter shall be referred to the Office of Administrative Hearings within three working days of receipt of the request. Within ten days thereafter, an administrative law judge shall issue a recommendation to grant or deny the stay. The commissioner shall grant or deny the stay within five days of receipt of the administrative law judge's recommendation.

To the extent the acts or practices alleged do not involve (1) violations of section 62D.08; (2) violations which may result in the financial insolvency of the health maintenance organization; (3) violations which threaten the life and health of enrollees; (4) violations which affect whole classes of enrollees; or (5) violations of benefits or service requirements mandated by law; if a timely request for a hearing is made, the cease and desist order shall be stayed for a period of 90 days from the date the hearing is requested or until a final determination is made on the order, whichever is earlier. During this stay, the respondent may show cause why the order should not become effective upon the expiration of the stay. Arguments on this issue shall be made through briefs filed with the administrative law judge no later than ten days prior to the expiration of the stay.

Subd. 5. **Injunctive relief.** In the event of noncompliance with a cease and desist order issued pursuant to subdivision 4, the commissioner of health may institute a proceeding to obtain injunctive relief or other appropriate relief in Ramsey County District Court.

Subdivision 1. **Commissioner of health; order.** The commissioner of health may apply by verified petition to the district court of Ramsey County or the county in which the principal office of the health maintenance organization is located for an order directing the commissioner of health to rehabilitate or liquidate a health maintenance organization. The rehabilitation or liquidation of a health maintenance organization shall be conducted under the supervision of the commissioner of health under the procedures, and with the powers granted to a rehabilitator or liquidator, in chapter 60B, except to the extent that the nature of health maintenance organizations renders the procedures or powers clearly inappropriate and as provided in this subdivision or in chapter 60B. A health maintenance organization shall be considered an insurance company for the purposes of rehabilitation or liquidation as provided in subdivisions 4, 6, and 7. For health maintenance organizations that will be liquidated on or after August 1, 2020, chapters 60B and 61B apply.

If the court approves a contract amendment that diminishes the compensation of a provider or of a participating entity providing administrative, financial, or management services to the health maintenance organization, the amendment may not be effective for more than 60 days and shall not be renewed or extended.

Subd. 5. [Repealed, 1990 c 538 s 32]

Subd. 6. **Special examiner.** The commissioner as rehabilitator shall make every reasonable effort to employ a senior executive from a successful health maintenance organization to serve as special examiner to rehabilitate the health maintenance organization, provided that the individual does not have a conflict of interest. The special examiner shall have all the powers of the rehabilitator granted under this section and section 60B.17.

Subd. 7. **Examination account.** The commissioner of health shall assess against a health maintenance organization not yet in rehabilitation or liquidation a fee sufficient to cover the costs of a special examination. The fee must be deposited in an examination account. Money in the account is appropriated to the commissioner of health to pay for the examinations. If the money in the account is insufficient to pay the initial costs of examinations, the commissioner may use other money appropriated to the commissioner, provided the other appropriation is reimbursed from the examination account when it contains sufficient money. Money from the examination account must be used to pay per diem salaries and expenses of special examiners, including meals, lodging, laundry, transportation, and mileage. The salary of regular employees of the Health Department must not be paid out of the account.

In an effort to achieve the stated purposes of sections 62D.01 to 62D.30 and to ensure that the payment of health maintenance organization money to major participating entities results in a corresponding benefit to the health maintenance organization and its enrollees, when determining whether an organization has incurred an unreasonable expense in relation to a major participating entity, due consideration shall be given to, in addition to any other appropriate factors, whether the officers and trustees of the health maintenance organization have acted with good faith and in the best interests of the health maintenance organization in entering into, and performing under, a contract under which the health maintenance organization has incurred an expense. ### **62D.30 DEMONSTRATION PROJECTS.**

Subdivision 1. **Projects allowed.** The commissioner of health may establish demonstration projects to allow health maintenance organizations to extend coverage to:

- (1) individuals enrolled in Part A or Part B, or both, of the Medicare program, Title XVIII of the Social Security Act, United States Code, title 42, section 1395 et seq.;
- (2) groups of fewer than 50 employees where each group is covered by a single group health policy;
- (3) individuals who are not eligible for enrollment in any group health maintenance contracts; and
- (4) low income population groups.

For purposes of this section, the commissioner of health may waive compliance with minimum benefits pursuant to sections 62A.151 and 62D.02, subdivision 7, full financial risk pursuant to section 62D.04, subdivision 1, clause (f), open enrollment pursuant to section 62D.10, and to applicable rules if there is reasonable evidence that the rules prohibit the operation of the demonstration project. The commissioner shall provide for public comment before any statute or rule is waived.

Subd. 2. **Minimum health benefits required.** A demonstration project must provide health benefits equal to or exceeding the level of benefits provided in Title XVIII of the Social Security Act and an out of hospital prescription drug benefit. The out of hospital prescription drug benefit may be waived by the commissioner if the health maintenance organization presents evidence satisfactory to the commissioner that the inclusion of the benefit would restrict the operation of the demonstration project.

Subd. 3. **Application.** A health maintenance organization electing to participate in a demonstration project shall apply to the commissioner for approval on a form developed by the commissioner. The application shall include at least the following:

- (1) a statement identifying the population that the project is designed to serve;
- (2) a description of the proposed project including a statement projecting a schedule of costs and benefits for the enrollee;
- (3) reference to the sections of Minnesota Statutes and Department of Health rules for which waiver is requested;
- (4) evidence that application of the requirements of applicable Minnesota Statutes and Department of Health rules would, unless waived, prohibit the operation of the demonstration project;
- (5) evidence that another arrangement is available for assumption of full financial risk if full financial risk is waived under subdivision 1;
- (6) an estimate of the number of years needed to adequately demonstrate the project's effects; and
- (7) other information the commissioner may reasonably require.

Subd. 4. **Consideration of application.** The commissioner shall approve, deny, or refer back to the health maintenance organization for modification, the application for a demonstration project within 60 days of receipt from the health maintenance organization.

Subd. 5. **Term of project.** The commissioner may approve an application for a demonstration project for a maximum of six years, with an option to renew.

Subd. 6. **Annual report.** Each health maintenance organization for which a demonstration project is approved shall annually file a report with the commissioner summarizing the project's experience at the same time it files its annual report required by section 62D.08. The report shall be on a form developed by the commissioner and shall be separate from the annual report required by section 62D.08.

Subd. 7. **Approval rescission.** The commissioner may rescind approval of a demonstration project if the commissioner makes any of the findings listed in section 62D.15, subdivision 1, with respect to the project for which it has not been granted a specific exemption, or if the commissioner finds that the project's operation is contrary to the information contained in the approved application.

Subd. 8. **Rural demonstration project.** (a) The commissioner may permit demonstration projects to allow health maintenance organizations to extend coverage to a health improvement and purchasing coalition located in rural Minnesota, comprised of the health maintenance organization and members from a geographic area. For purposes of this subdivision, rural is defined as greater Minnesota excluding the seven-county metropolitan area of Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, and Washington. The coalition must be designed in such a way that members will:

- (1) become better informed about health care trends and cost increases;

(2) be actively engaged in the design of health benefit options that will meet the needs of their community;

(3) pool their insurance risk;

(4) purchase these products from the health maintenance organization involved in the demonstration project; and

(5) actively participate in health improvement decisions for their community.

(b) The commissioner must consider the following when approving applications for rural demonstration projects:

(1) the extent of consumer involvement in development of the project;

(2) the degree to which the project is likely to reduce the number of uninsured or to maintain existing coverage; and

(3) a plan to evaluate and report to the commissioner and legislature as prescribed by paragraph (e).

(c) For purposes of this subdivision, the commissioner must waive compliance with the following statutes and rules: the cost-sharing restrictions under section 62D.095, subdivisions 2, 3, and 4, and Minnesota Rules, part 4685.0801, subparts 1 to 7; for a period of at least two years, participation in government programs under section 62D.04, subdivision 5, in the counties of the demonstration project if that compliance would have been required solely due to participation in the demonstration project and shall continue to waive this requirement beyond two years if the enrollment in the demonstration project is less than 10,000 enrollees; small employer marketing under section 62L.05, subdivisions 1 to 3; and small employer geographic premium variations under section 62L.08, subdivision 4. The commissioner shall approve enrollee cost-sharing features desired by the coalition that appropriately share costs between employers, individuals, and the health maintenance organization.

(d) The health maintenance organization may make the starting date of the project contingent upon a minimum number of enrollees as cited in the application, provide for an initial term of contract with the purchasers of a minimum of three years, and impose a reasonable penalty for employers who withdraw early from the project. For purposes of this subdivision, loss ratios are to be determined as if the policies issued under this section are considered individual or small employer policies pursuant to section 62A.021, subdivision 1, paragraph (f). The health maintenance organization may consider businesses of one to be a small employer under section 62L.02, subdivision 26. The health maintenance organization may limit enrollment and establish enrollment criteria for businesses of one. Health improvement and purchasing coalitions under this subdivision are not associations under section 62L.045, subdivision 1, paragraph (a).

(e) The health improvement and purchasing coalition must report to the commissioner and legislature annually on the progress of the demonstration project and, to the extent possible, any significant findings in the criteria listed in clauses (1), (2), and (3) for the final report. The coalition must submit a final report five years from the starting date of the project. The final report must detail significant findings from the project and must include, to the extent available, but should not be limited to, information on the following:

(1) the extent to which the project had an impact on the number of uninsured in the project area;

(2) the effect on health coverage premiums for groups in the project's geographic area, including those purchasing health coverage outside the health improvement and purchasing coalition; and

(3) the degree to which health care consumers were involved in the development and implementation of the demonstration project.

(f) The commissioner must limit the number of demonstration projects under this subdivision to five projects.

(g) Approval of the application for the demonstration project is deemed to be in compliance with section 62E.06, subdivisions 1, paragraph (a), 2, and 3.

(h) Subdivisions 2 to 7 apply to demonstration projects under this subdivision. Waivers permitted under subdivision 1 do not apply to demonstration projects under this subdivision.

(i) If a demonstration project under this subdivision works in conjunction with a purchasing alliance formed under chapter 62T, that chapter will apply to the purchasing alliance except to the extent that chapter 62T is inconsistent with this subdivision.
