92.503 CONSERVATION PLANNING LEASES.

The commissioner of natural resources may lease state-owned lands as defined in section 92.01 for a term not to exceed 21 years for the purpose of investigating, analyzing, and developing conservation easements that provide ecosystem services benefits. Leases granted under this section are not subject to section 92.50, subdivision 1, paragraph (b), with respect to Executive Council approval for commercial leases or section 92.50, subdivision 1, paragraph (d).
